1865—Forty-one Years in Business—1906

Young's Garden Book for 1906

We now enter upon the forty-first year of our business, and for all these years we have enjoyed the good will of our many customers, and with our long experience and increased facilities we are better fitted today to supply their needs than ever before. We have always made their interests our first consideration, searching the world over for the best new things to offer them, taking care to mention only the best varieties in cultivation, and rejecting all, however much they may be praised by others, that we know to be worthless or disappointing. Our catalogue has gained the confidence of the flower buying public throughout the country because of this rule, and the very fact that any particular variety of seeds or plants finds a place in its pages, at once stamps it as something honest, genuine and of real value. In this book will be found all that is really desirable in the floral world. Everything can be depended on, accurate illustrations, truthful descriptions, valuable cultural directions, all fully and freely given, in the hope that your garden will be better, brighter and a source of greater pleasure than it has ever been before.

Our stock is both varied and abundant and is grown under the personal supervision of the members of the firm. Years of experience in packing plants has resulted in methods which insure the safe arrival in shipping by mail or express. We promise you the

finest stock that can be grown, the largest assortment and the best service. We guarantee that you will be entirely satisfied with every single article that we send you. You have only to select what you want and send us the order; we will fill the order carefully, pack the goods securely and guarantee them not only to reach you promptly and safely, but also that you will be pleased with every purchase. It makes no difference whether you live in Maine or Oregon, Montana or Florida, we can send you our superior plants and seeds by mail, and warrant them to reach you just as safely and in just as good condition as though you lived in our own county. Trusting to be favored with your orders, which shall have careful personal attention, we remain

JAS. YOUNG, Pres.
WM. C. YOUNG, Vice Pres.
HENRY YOUNG, Secy.

Very truly yours,

C. YOUNG & SONS' CO.
1406 OLIVE STREET, ST. LOUIS, MO.

DISCOUNTS, PREMIUMS AND TERMS TO CLUBS.

There are those who do not wish to spare the money, or do not feel able to purchase flowers, although they dearly love them. Then there are those who take pleasure in interesting their friends and neighbors in the cultivation of plants, for indeed all communities are better off for a liberal display of flowers. We wish to call the attention of all such persons to the fact that, while they are working for us they at the same time provide themselves with plants at no outlay of money to themselves, but are practically getting them free.

On application we will send extra copies of this Catalogue for distribution among your friends to assist you in forming a club.

LIBERAL CASH PREMIUMS.—Those who prefer to be paid in cash for their services in securing club orders for us, may deduct the amount due them from the remittance instead of ordering plants to the full amount.

Positively no Discount Allowed on Orders not Accompanied by Cash.

HOW TO SEND CLUB ORDERS.—Keep each person's order separate, giving his or her full name, with the amount of the order; then make your selection of the amount due you, naming plants desired as your discount, signing your name as getter up of the club.

REMEMBER that the getter up of the club is entitled to all discounts. We cannot allow each member of the club to select discounts, and then allow the getter up of the club to select another discount. We will, however, add one plant for each dollar's worth that any one member of your club may send.

HOW WE PACK CLUB ORDERS.—Each person's plants will be packed separately with his or her name attached, and the whole order sent to your address, so you will have nothing to do but to deliver the bundle. If the plants are to go by mail, and you desire them to be sent direct to the person, we will do so when the order amounts to \$1.00 or more.

DISCOUNT ON PLANTS.

For \$ 3.00 select to the value of \$ 3.50	a profit of \$.50
" 5.00 " " " 6.00	" 1.00
" 8.00 " " " 10.00	" 2.00
" 20.00 " " " 25.00	" 5.00
" 50.00 " " " 65.00	" 15.00

Although we send some extras of our selections with every order, we offer no premiums on orders amounting to less than \$3.00.

These reductions do not apply to the special low-priced offers.

Discounts on Flowers and Vegetable Seeds in Packages Only.

On all orders for seeds in packets the purchaser may select 25 cents' worth extra for each \$1.00 sent us. Thus anyone sending \$1.00 can select seeds in packets amounting to \$1.25; for \$2.00, seeds in packets to the value of \$2.50, and so on.

The above reductions apply to seeds in packages only. Seeds in bulk are Net Cash Prices.

The following Catalogues are printed by us and will be **Mailed free** to applicants:
Ornamental Trees, Shrubs etc. Beautifully Illustrated Cut Flower Price List with Designs, Also Funeral List Illustrated.

IMPORTANT ITEMS.

We Guarantee every package of Plants, Seeds or Bulbs to reach the purchaser promptly, safely and in good condition.

If a package is lost or its contents damaged on the way, we will send again.

We are also responsible for the receipt of all money sent us if forwarded as directed below. This places our large collection of Plants and Seeds within the reach of all and makes it safe and convenient for purchasers, even in the most distant States, to order their supplies direct from the growers.

Free by Mail.—We send all Seeds, Bulbs and Plants free by mail at prices named in this Catalogue, except special large sizes of plants which are too large to be packed in mailing boxes. When Vegetable Seeds in quantities of half a pound or over are ordered to go by mail, postage must be added at the rate of 8 cents per pound.

Plants by Mail.—We send thousands of packages by mail every year to all parts of the United States, and the manner in which we pack them gives great satisfaction.

Although we can send nearly all kinds of plants by mail, except special large sizes, we recommend having them sent by express if convenient and the distance is not too great. We pack all orders for mailing very carefully in strong wooden boxes, with live moss filling, and use every precaution to have them arrive in perfect condition. No extra charge for packing or postage.

Plants by Express.—While we can send all kinds of Roses and other Plants by mail, we advise our customers to have them sent by express if convenient. In filling orders to go by express we select plants of the largest size and pack them very securely in our new covered plant crates, made especially for this purpose.

When only a few plants are wanted we send them in light covered baskets. We have adopted this method of shipping in covered baskets and crates to secure a special low rate from the express companies.

As the plants are packed with all the soil in which they are grown adhering to their roots, they are as fresh and healthy when they arrive at their destination as when first taken from the greenhouse, and can be set out in the garden without shading or nursing. We always add a few extra plants with each order to help pay the express charges and we guarantee the safe arrival of every package.

Packing.—No charge is made for boxes, baskets or packing. Goods are delivered to express offices in this city free of charge. We also ship by any of the river boats when desired. Our system of packing is so complete that we now ship every day, no matter how cold or hot the weather may be, and rarely have a complaint.

How to Order.—Always use the order-sheet and fill out the blank spaces carefully, with each article on a separate line, with the price carried out. When the order is complete, add it up correctly and inclose a draft, money order or postal note for the exact amount. It is unnecessary to give the Catalogue descriptions of articles wanted; the name alone will suffice.

Please be very careful to give your full name, post-office, county and State in each and every letter sent us.

How to Send Money.—Remit by draft, money order or registered letter. Currency in ordinary letters is at the risk of sender. We decline sending goods C.O.D. unless one-half the amount accompanies the order to guarantee the express charges.

Box of Plants Ready for Mailing.

Case of Plants Ready for Shipment by Express.

Please Send the Remittance with the Order.—We do a strictly cash business; the proper remittance must in all cases accompany the order. The vast number of orders to be filled and forwarded during the busy season renders it impossible to keep open accounts. The price of each article is plainly given, so that everyone can tell the exact cost. Please send the remittance with the order, and, besides being promptly and liberally served, you will find that we do better than we promise.

A Handsome Reward.—Many persons get a splendid collection of plants and seeds free by getting up clubs among their friends and neighbors. (See Premiums and Club Terms.)

Additional Plants.—It is always a good plan to mention one or two articles in addition to those ordered, in case anything may be sold out. It is impossible to judge of the probable demand for each variety, and our stock of some sorts, particularly new things, is frequently exhausted long before the season is over.

Our Methods of business are prompt, generous and reliable; our stock of both Plants and Seeds the best that can be grown, and our prices the lowest consistent with excellent quality.

It is our effort constantly to keep our plants unmixed and true to name, but in spite of our watchfulness a label now and then becomes misplaced. In such cases we are always willing to rectify our blunders. Write us about it. Rest assured we feel as badly as you do when things go wrong. Apart from all else it is not policy for us to do such things intentionally. We mean to please you if it is within our power and we would be glad to hear from every package we send out.

Orders Promptly Answered.—All orders received by us are filed immediately on their receipt. There is no deviation from this rule, unless for a short time in the height of the season, when it may be impossible to fill the orders as fast as they come to hand. In this case every order is acknowledged by mail as soon as received and filled promptly in rotation as quickly as possible.

Our Selections.—When purchasers prefer leaving the selection of varieties to us, they should mention in a general way what is wanted, and we will select the very best varieties for their purpose. In filling these orders the utmost liberality is shown.

Plants in Pots.—Do not order plants shipped in pots, except for short distances. The pots usually get broken in transit and the express charges are nearly double.

Agents.—We employ no agents in any capacity and are only responsible for orders sent direct to us. Our constant desire and aim is to give every customer that intrusts an order to our care perfect satisfaction.

A Large Business.—Our Plant-growing Department consists of over twenty-five large greenhouses, covering two acres, giving us facilities for growing and storing plants by the hundred thousand.

Our Store and City Office, at 1406 Olive Street, is the largest and most complete Flower and Seed Store in the West. Here we have a complete stock of Flower and Vegetable Seeds and a select assortment of blooming and decorative plants; but we do not carry a full line of all the plants offered in this Catalogue, all orders for plants being filled at our greenhouses on Union Avenue, distant about five miles from our City Store.

Customers visiting the city and intending to purchase Plants from us to take home with them should send us their orders by mail a day or two before, and we will have the plants packed ready for them at the Store when they call.

In Conclusion we wish to say that all orders by mail will be as carefully and promptly filled as though ordered in person. We cannot afford, and do not mean, to have a single customer dissatisfied, if prompt and careful attention to his wants will prevent it. Our business success depends upon pleasing our customers and giving honest value for their money.

SEEDS BY MAIL.

We prepay mail or express charges on all vegetable and flower seeds purchased from this catalogue in packages, ounces, quarter pounds and pounds and on Peas, Beans and Corn in pints and quarts.

If purchasers wish to pay their own transit charges they may deduct 10 cents per pound on bulk seed, and 10 cents per pint and 15 cents per quart on Peas, Beans and Corn, from prices quoted.

Beet—Early Blood Turnip.

BEETS.

One ounce to 50 feet of drill; 5 to 6 pounds to the acre in drills.

Ellipse—Remarkable for its rapid growth, extreme smallness of top, is perfectly smooth and round; skin and flesh intense red. Per pkt. 5c; oz. 10c; ¼ lb. 20c; 1 lb. 65c.

Early Blood Turnip—Excellent either for forcing or early planting. Tops small, leaves green, roots round, crisp, tender and sweet (see cut). Per pkt. 5c; oz. 10c; ¼ lb. 20c; 1 lb. 55c.

Crosby's Egyptian Turnip—The earliest beet in cultivation. Color, deep crimson; of excellent quality. Per pkt. 5c; oz. 10c; ¼ lb. 20c; 1 lb. 70c.

Mitchell's Improved Turnip—This is entirely distinct from any other sort. The roots are of round shape, perfectly smooth, with intense blood-red skin and flesh. Per pkt. 5c; oz. 10c; ¼ lb. 20c; 1 lb. 55c.

Improved, Long, Smooth Blood-Red—The most popular variety for winter use. Roots large, tapering to both ends, growing even with the surface; flesh dark red (see cut). Per pkt. 5c; oz. 10c; ¼ lb. 20c; 1 lb. 50c.

Edmand's Early Turnip—This is a very choice selected strain, with small foliage and fine turnip shape of a uniform size; skin, a deep-blood red; flesh richly colored. Per pkt. 5c; oz. 10c; ¼ lb. 20c; 1 lb. 55c.

Bastin's Half Long Blood—An excellent main crop or late variety; roots grow to a large size and have a dark red flesh which retains its tenderness until late in the season. Per pkt. 5c; oz. 10c; ¼ lb. 15c; 1 lb. 55c.

Electric—This is a very early variety, almost round in shape. Pkt. 5c; oz. 10c; ¼ lb. 20c; 1 lb. 65c.

Beet Improved—Smooth Blood Red.

ASPARAGUS.

Sow the seeds in drills about 1 inch deep, and the rows about one foot apart. Keep the soil mellow and free from weeds during the summer and in the fall or succeeding spring the plants should be set about 1 foot apart, and the crown 4 inches below the surface. The beds should be narrow, so as to permit of cutting to the center. Before winter cover the transplanted beds with about 4 inches of manure. Salt is an excellent manure for Asparagus. Sow a little on the surface in the spring and it will keep down the weeds. The young tops may be cut for the table the second summer, but not very freely until the third.

Conover's Colossal—A large and rapid grower. Per pkt. 5c; oz. 10c; ¼ lb. 20c; 1 lb. 40c.

Barr's Mammoth—A very early variety, stalks frequent y 1 inch in diameter. Per pkt. 5c; oz. 10c; ¼ lb. 30c; 1 lb. 90c.

Palmetto—An improvement on Conover's, it being a much heavier cropper. Per pkt. 5c; oz. 10c; ¼ lb. 25c; 1 lb. 80c.

Asparagus—Conover's.

ASPARAGUS ROOTS.

Good 2-year old roots of the following varieties which may be planted in the spring or fall.

	Per 100	Per 1000
Conover's Colossal.....	\$0 90	\$5 00
Palmetto	1 00	7 00
Barr's Mammoth.....	1 25	7 00

50 at 100 Rate, 500 at 1000 Rate.

Asparagus Roots.

Beet—Electric.

BEANS.**DWARF, BUSH OR SNAP.**

(1 quart to 100 feet of drill, 2 bushels to an acre.)

All the varieties of Dwarf, Bush or Snap-Beans are tender and will not bear the cold. Plant about the middle of April, if the ground is warm and the season favorable for a succession, and at intervals throughout the season, finishing about the 15th of August. The best mode of culture is in rows, 2 feet apart, and the beans 3 inches apart, and two inches deep in the rows. Keep well hoed, and draw the earth up to their stems, but only when dry, working them when wet with rain or dew will cause them to rust and injure the crop.

Extra Early Red Valentine—This is the leading variety, both for market gardeners and private use, very productive and of excellent flavor. The pods are round and tender, and remain longer in the green state than any other variety. (See cut.)

Early Mohawk—The hardiest of the earliest varieties; will stand more cold than any other. The pods are from 5 to 6 inches long. A good variety for market gardeners and private use.

Early Long Yellow Six Weeks—It is extra early, a vigorous grower and very productive; very prolific; the pods are long and entirely stringless.

Golden Wax—One of the earliest varieties. Pods long brittle, entirely stringless, of rich golden color. As a bean for winter use it has few equals.

Davis White Wax—Immensely productive, bearing large, handsome, straight pods 5 to 6 inches in length—the dry seeds being white, and of medium size. It is desirable for winter market as a shell bean.

Bean—Early Red Valentine.

Prices of Bush or Snap Beans.

	Pkt.	Pt.	Qt.	½ Pk.	Peck.	Bu.
GOLDEN-EYED WAX; very productive	10	25	40	80	1 50	5 50
EARLY RED VALENTINE; round pod.	10	25	40	75	1 25	4 50
GOLDEN WAX; well known standard	10	25	40	90	1 75	6 75
EARLY MOHAWK; earliest of all	10	25	40	65	1 10	4 00
BEST OF ALL; fine quality straight pod	10	25	40	75	1 35	5 25
LONG YELLOW SIX WEEKS; very prolific	10	25	40	65	1 10	4 00

YOUNG'S GOLDEN RUST PROOF WAX; early variety	10	25	40	1 00	1 85	7 00
BURPEE'S STRINGLESS GREEN POD; best for family use	10	25	40	90	1 50	5 50
DAVIS WAX; very productive	10	25	40	90	1 75	6 00

DWARF, OR BUSH LIMA'S.

(These varieties do not require any poles.)

Henderson's Bush Lima—This variety grows without the aid of stakes in a compact bush form, from 15 to 18 inches high, and produces enormous crops of delicious Lima Beans.

Beans, Burpee's Dwarf Bush Lima.

BEANS. Pole, Lima and Running.

One Quart to 150 Hills.

Pole Beans, being tender, ought not to be planted until the ground is dry and warm. A well-manured sandy loam suits them best. Plant in hill four feet apart six or eight beans to the hill, eyes downward, afterwards thin to three plants in a hill. Set poles eight or ten feet long before planting seed.

PRICE OF POLE, LIMA AND RUNNING BEANS.

	Pkt.	Pt.	Qt.	½ Pk.	Peck.	Bu.
LARGE WHITE LIMA OR BUTTER—The best of all and universally grown for market and private use	10	25	40	90	1 75	7 00
KING OF THE GARDEN LIMA—Similar to the common Lima. The vines are more productive and mature much earlier	10	30	50	1 10	2 00	7 50
RED SPCKLE, CUT SHORT—This is a green podded variety, used for planting with corn; productive and of an excellent quality	10	25	45	1 00	1 75	6 50
SCARLET RUNNER—Clusters of showy bright flowers, grows to the height of nine or ten feet	10	25	45	1 10	2 00	8 00
LAZY WIVES' POLE—Tender green pod of rich flavor, grows from four to six inches long, stringless	10	25	45	90	1 75	7 00
WHITE CORNFIELD—Beans white, pods round, very productive	10	25	45	90	1 75	7 00
WHITE DUTCH CASE KNIFE—Early variety, good used as a shell bean, either green or dry	10	25	40	90	1 60	6 00
GOLDEN CLUSTER WAX—Very popular, strong grower and productive	10	25	45	90	1 75	7 00
OLD HOMESTEAD—A most popular variety, the pods are large and if kept gathered the vines will continue to bear until killed by frost	10	25	45	90	1 75	7 00
HORTICULTURAL CRANBERRY—A popular old variety for either snap-short or dry shell beans	10	25	40	90	1 50	5 50
HENDERSON'S BUSH LIMA—This variety grows without the aid of stakes	10	30	50	1 10	2 00	7 00
BURPEE'S BUSH LIMA—A dwarf variety with large beans	10	30	50	1 10	2 00	7 00

These prices on all Beans include prepay charges on packages, pints and quarts. If the purchasers pay the transit charges they may deduct 10 cts. per pint and 15 cts. per quart from prices quoted.

CARROTS.

Deeply tilled soil, of a light, sandy nature, is the most suitable for Carrots; avoid sowing on newly manured ground, which has a tendency to produce forked roots. Sow early in spring, in rows, 15 inches apart and half an inch deep. Thin out the young plants to 5 inches (see cut). These prices include free delivery in the U. S. If party wishes to pay transit charges, deduct 10c per pound from prices quoted.

PRICES OF CARROTS.	Pkt	Oz.	1/4lb.	1b.
EARLY CHANTENAY, OR MODEL One of the finest in quality for table use (see cut).....	5	10	30	\$1 00
FRENCH FORCING—A very early variety, and one largely grown for forcing.....	5	10	30	90
IMPROVED LONG ORANGE—The best deep, late orange-colored variety for general culture.....	5	10	30	90
EARLY SHORT HORN SCARLET—A very early standard variety.....	5	10	30	1 00
DANVER'S HALF LONG ORANGE—This is a favorite variety and largely grown.....	5	10	30	1 00
OXHEART OR GUERANDE—An extra fine quality, very productive, of a rich orange color.....	5	10	30	1 00

Carrot—Chantenay.

CELERY.

One Ounce for 2,000 Plants.

Sow the seed the first of March or April. By rilling or pressing the seed firmly into the ground it has been found more satisfactory than only slightly covering it. The seedling plants should be clipped down partially 2 or 3 times to make them short and stocky before transplanting. Ground where Celery is to be planted should be highly fertilized and cultivated, laid off in spaces 4 to 5 feet apart, and each space being wide enough to plant the Celery in rows 6 in. apart and from 3 to 5 rows in space. Celery does not require to be planted in trenches, as in former years. About the first week in September the work of earthing up may be commenced and continued every two weeks until entirely covered up to the leaves. This is done to bleach the stalks and render them crisp. Improved Dwarf Golden Heart—A variety of great value. In size it is the same as the Half Dwarf White. Golden Self Blanching—This is the best celery ever raised for general purposes. Without banking up or any covering whatever, even the outer ribs become a handsome glossy yellowish-white color (see cut). White Plume—The peculiarity of this variety is the stalk portions of inner leaves and heads; they are white naturally, so that by simply tying the plants together, or by drawing the soil against it, the work of blanching is complete. These prices include free delivery in the U. S. If party wishes to pay transit charges, deduct 10c per pound from prices quoted.

PRICES OF STANDARD CELERY.	Pkt	Oz.	1/4lb.	1b.
Perfection Heartwell—One of the best for general cultivation; very compact and crisp.	5	20	50	\$1 75
Improved Dwarf Golden Heart—Crop variety for fall and winter use (see cut)	5	15	40	1 50
Golden Self Blanching—Leading variety, in all markets, as an early celery	5	30	80	3 00
White Plume—This is the earliest, most easily blanched Celery in cultivation	5	20	60	2 00
Giant White Solid—Large, will stand heat and drought, strong grower	5	15	40	1 50
Giant Pascal—Valuable for winter, best keeper, very strong, vigorous grower	5	20	50	1 75
Pink Plume—Handsome stalks streaked pink and white in growth, similar to White Plume	10	20	60
Old Celery for Flavoring	10	25

Celery Golden Heart.

Cauliflower—Snowball.

CAULIFLOWER

One Ounce for 1,000 Plants.

Seed may be sown in September or October and wintered the same as early Cabbage plants, or they may be sown in January or February, in a cool hot bed. Its culture is similar to that of the Cabbage. The soil cannot be too rich and deep for the purpose. After they begin to head they should be watered every other day and the leaves gathered together and pinned over their heads to protect them from the sun and keep them white. The seed we offer is the finest procurable, and is obtained from the most careful growers in Europe. These prices include free delivery in the U. S. If party wishes to pay transit charges, deduct 10c per pound from prices quoted. Early Snowball—The earliest and best of all for forcing open ground culture. It is dwarf, with short outer leaves always sure to make large, fine heads (see cut). Per pkt. 20c; 1/2 oz. \$1 00; 1 oz. \$2 50. Extra Early Dwarf Erfurt—A favorite early market variety; large, compact heads of fine quality. Per pkt 20c; 1/4 oz. \$1. 0; 1 oz. \$2.50. Extra Early Paris—This is the dwarfest and earliest heading of all the Cauliflowers. Per pkt. 10c; 1/2 oz. 40c; 1 oz. 75c.

EGG PLANT.

One Ounce for 1,000 Plants.

The seed germinates slowly and should be started in strong heat to secure a rapid and continuous growth from the first, which is very important; when the plants are formed to rough leaves transplant to three or four inches apart, keep the bed very warm, shading from the direct rays of the sun; when the ground has become warm and all danger, not only from frost, but from cold nights, is passed, carefully transplant into very warm, rich soil, setting the plants 2½ feet apart.

New York Improved Large Purple—This is the leading market variety everywhere. Plant is robust, the leaves and stems being thickly set with spines, which are not found to any extent on the other varieties (see cut). Per Pkt. 10c; oz. 30c; ¼ lb. 85c.

Black Pekin—The fruit of this handsome variety is jet black, round in form and very solid. It is quite early and a very superior variety. Per Pkt. 10c; oz. 30c; ¼ lb. 85c.

Egg Plant—Black Pekin.

Kohl-Rabi—White Vienna.

ENDIVE.

Endive is one of the best salads for fall and winter use. Sow for an early supply about the middle of April. The main sowings are made in June and July, from which plantations are formed at one foot apart each way in August and September. When the plant has attained its full size, then the process of branching begins. This is effected by gathering up the leaves and tying them by their tips in a conical form.

Green Curled. Leaves cut and curled; endures extreme heat; a favorite market sort. Pkt 5c; oz., 15c; ¼ lb., 40c; 1 lb., \$1.25.

White Curled. While the leaves are not so tender as the green curled, it is the most beautiful variety; the mid-rib is yellow and the leaves almost white. Per pkt. 5c; oz., 15c; ¼ lb., 40c; 1 lb., \$1.50.

CORN.

Sweet or Sugar; quart for 200 hills, 8 to 10 quarts in hills for an acre.

All varieties of Sweet and Sugar Corn may be either sown in rows 4½ feet apart, and the seeds placed about 8 inches apart in the rows, or planted in hills at a distance of 3 or 4 feet each way. The taller the variety, or the richer the soil the greater should be the distance apart. We make our first plantings in this vicinity about the first of May, and continue successive plantings every two or three weeks until the last week in July (see cut).

Mammoth Cory or Large White Cob—This new strain is as early as the original Cory. While the ears are of a larger size, the grains are placed more compactly.

Country Gentleman—This variety of Corn retains its delicate tenderness and flavor even when a little old, as the ears are enclosed in a heavy husk, which tends to keep the ears in the milk for several days longer than any other corn (see cut).

Stowell's Evergreen—This is the best late Sweet Corn in every way, being large kernel, hardy and productive, sweet and tender, and remaining a long time in condition suitable for cooking.

First of All—This variety is ready for the table from three days to a week earlier than the Cory; of medium size, ears filled with grain to the very tip. It may be planted quite closely on account of the comparative small size of the stalk (see cut).

PRICES OF CORN.

EXTRA EARLY ADAMS	10	20	35	45	75	2 50

POP CORN.

White Pearl—Per Pkt. 10c; per lb. 20c; 10 lbs. \$1.50.

KOHL-RABI.

An intermediate between Cabbage and Turnip, and combines flavor of both; edible part is turnip-shaped bulb. Sow in light, rich soil, early as possible, in drills 16 in. apart; when well established, thin to 6 in. apart.

Early White Vienna—The earliest and best variety for table use; white bulb. Per pkt. 5c; oz. 15c; ¼ lb. 50c; 1 lb. \$1.75.

Early Purple Vienna—Differs from the above variety only in color, which is a bluish purple. Per pkt. 5c; oz. 20c; ¼ lb. 60c; 1 lb. \$2.00.

KALE, OR BORECOLE.

The Kales are excellent greens for winter and spring use, and are improved by frost. Sow from May to June, covering it thinly and evenly. For early spring use sow in September and protect over winter with a covering of straw or litter.

Dwarf Curled German—Leaves yellowish green, finely fringed. Sow in September for winter and early spring use. Per pkt. 5c; oz. 15c; ¼ lb. 25c; 1 lb. 65c.

Curled Mosbach—The stalks attain a height of two feet, and will produce continually throughout the season, the lower leaves being gathered before they become old. Per pkt. 5c; oz. 15c; ¼ lb. 40c; 1 lb. \$1.25.

Prices include prepay charges on packages, pints and quarts. If purchasers wish to pay their own transit charges, they may deduct 10c per pint and 15c per quart from the prices quoted.

CABBAGE.

1 oz. will produce 1500 plants, half pound of seeds in beds to transplant for an acre.

In latitudes where the thermometer never indicates 20 deg. below the freezing point, the early variety of Cabbage may be sown in the open border, but in colder climates they must be sown in a hot-bed, about the middle of January or the first of February, and planted out in March or April, in a rich, deep, loaming soil, in rows 2 feet apart and 18 inches in the row. The late varieties are usually sown in the early part of May, and plants set out in July, in rows 3 feet apart and 2 feet in the rows. In transplanting they must be set in other ground up to the first leaf, no matter how long the stems may be.

Early Jersey Wakefield—Unquestionably the best early Cabbage in cultivation

Early Charleston Wakefield—An improvement over the old Jersey Wakefield, being quite as early and much larger in size of head.

Fottler's Early Drumhead or **Early Brunswick**—This is certainly one of the second earliest sorts in cultivation.

Mammoth Drumhead—Probably the largest variety of Cabbage in cultivation. Should be planted 4 feet apart, each way.

Henderson's Early Summer—The earliest large heading Cabbage; growth compact so that it may be set as close as the smaller sorts

Premium Flat Dutch—(Selected stock). A very popular and highly esteemed variety; in its keeping qualities unsurpassed. Both for market and family use this variety is more extensively cultivated than any other.

Cabbage—Improved Dwarf Green Curled Savoy.

Cabbage Dutch Erfurt

The plants are tender and planting should be delayed until settled warm weather. Form low, flat hills, 6 feet apart each way, of rich soil, mixing in a quantity of thoroughly decomposed manure. Scatter on each hill 15 or 20 seed, or one every inch along the rows, and cover one inch deep, pressing the soil firmly over them.

Improved Early White Spine—One of the most popular varieties for both market and table use. Vine vigorous, fruiting early and abundantly.

Nichols' Medium Green—We consider this a most valuable variety; as a pickle sort it will be found unequalled, and for early forcing there is none better.

Westfield's Chicago Pickling—This is undoubtedly the best Cucumber for pickling. It begins to fruit when the vines are quite young.

Livingston's Evergreen—It is very hardy and probably the most prolific of all varieties; very early.

White Wonder—A handsome ivory white Cucumber of fine quality. The fruit is about eight inches in length, very brittle, and remains solid and edible for long time; unusually hardy.

CUCUMBERS.

One ounce for fifty hills.

Cabbage—Burpee's Surehead.

PRICES OF CUCUMBERS.

CRESS—(Or Pepper Grass.)

Extra Curled—Or Pepper Grass is extensively known and used as a small salad. Sow early in the spring, thickly in shallow drills, and at intervals throughout the season (for succession). Per pkt, 5c; oz. 10c; 1/4 lb 20c; 1 lb. 55c.

Water Cress—This is quite distinct from the Pepper Grass, and only thrives when its roots and stems are submerged in water. Per pkt. 10c; oz. 35c; 1/4 lb \$1.

Cucumber—Early White Spine.

Cucumber—Nichols Medium Green.

Lettuce. Wonderful.

Early Curled Simpson.

LETTUCE. STANDARD VARIETY.

This is of easy cultivation, but likes a good, rich soil. For early use sow under glass in February and March and transplant as soon as the ground can be worked. Later sowing may be made in the open ground at intervals of two weeks, for succession, as long as the weather permits. Thin out well and set in rows one foot apart and one foot between the plants. Lettuce requires good ground and abundant moisture.

St. Louis Market. A very popular variety with the St. Louis market gardeners, of quick growth, remarkably tender and sure to head; does equally well either for early forcing or outdoor planting.

All Year Round.

Mushroom Spawn.

Leek. Scotch.

Muskmelon—Hackensack.

Muskmelon—Champion Market.

Muskmelon—Jersey Belle.

MUSKMELON.

One ounce for 60 hills; two to three pounds in hills to an acre,

The best soil for fine melons is a rich warm, sandy loam. Make broad shallow hills, 6 feet apart each way. Plant ten or fifteen seeds in each hill, after the ground has become warm. When well started, thin to three or four stocky plants in each hill. For large melons pinch off the ends of the long runners.

Hackensack Extra Early—This variety is fully ten days earlier than the old Hackensack, which it resembles. It is one of the hardiest and most productive of all the varieties of muskmelons.

Jersey Bell—One of the earliest best and most prolific small melons; grows very uniform in size and shape. Flesh, light green and of a very fine flavor.

Montreal Market—Fruit is nearly round, fastened at end; deep and regularly ribbed; skin, green; melting and of a delicious flavor.

Rocky Ford—This has become one of the most popular of small melons; the seed we offer has been grown from a carefully selected strain of netted melon; nearly a perfect globe in shape, of a very uniform size, averaging about 1 1/2 lbs. each; they are thick meated, with a thin rind; skin, green regular ribbed and heavily netted.

Watermelon—Cole's Early.

Potato, Rural New Yorker.

PARSNIP.

1 oz. for 200 feet of drill; 5 to 6 pounds in drills for an acre.

Sow as early in the spring as the weather will permit, in drills 15 inches apart, covering half an inch deep. When well up thin out to 5 or 6 inches apart in rows.

Long Smooth or Hollow Crown—(Abbott's Improved). Best for general use (see cut). Per pkt. 5c; oz. 10c; ¼-lb. 20c; 1b. 50c.

PARSLEY.

1 oz. for 150 feet of drill.

Parsley succeeds best in rich, mellow soil. As the seed germinates very slowly, three or four weeks elapsing sometimes before it makes its appearance, it should be sown early in spring. Sow thickly in rows a foot apart and half an inch deep. For winter use protect in a frame or light cellar.

RHUBARB.

Sow in April in drills 18 inches apart, and cover the seeds with fine soil, pressing it down firmly. When the plants are strong enough, thin out to 6 inches. In the fall or following spring, transplant the roots into deep, rich soil, 3 feet apart each way.

Linnaeus—A well-known market variety very early and tender. Per pkt. 5c; oz. 15c; ¼-lb. 40c; 1b. \$1.50.

Victoria—Very large; later than Linnaeus. Per pkt. 5c; oz. 15c; ¼-lb. 50c; 1b. \$1.50.

For Rhubarb Roots, see page 17.

Rhubarb, Linnaeus.

Parsley, Champion Moss-Curled.

POTATOES.

In Drills 3 Feet Apart, 12 to 14 Bushels to the Acre. Our Potatoes are Specially Raised for Seed Purposes, and are Northern Grown.

Red River Triumph—This is a very early potato. The tubers are medium in size, of a bright red color; popular in the south. Per pk. 50c; bu. \$1.60.

Maule's Commercial—The tubers are of a beautiful shape and appearance, being oblong and rather broad and thick, a most prolific main crop sort. Per pk. 50c; bu. \$1.40.

Pingree—The tubers grow in bunches very close together, of a good size, and of a light russet color; very few eyes, which are nearly flush with the surface; in quality no other surpass it for a main crop. Per pk. 50c; bu. \$1.50.

Early Rose—The leading variety for earliness, quality and productiveness. Per pk. 40c; bu. \$1.50.

Early Michigan—The Early Michigan is popular and deservedly so. It is fine looking, flesh and skin both pure white, well netted, of excellent quality, a strong grower. Per pk. 50c; bu. \$1.50.

Rural New Yorker No. 2—This is a very vigorous grower with an exceedingly solid tuber, which enables it to resist all diseases to a remarkable degree. Its extreme whiteness of skin and flesh make it a good table variety (see cut). Per pk. 40c; bu. \$1.40.

Red River Early Ohio—Very productive, fine quality, an excellent keeper, one of the best potatoes for home or market use. Per pk. 40c; bu. \$1.50.

PEANUTS.

The Peanut thrives and produces best on light, sandy tolerable fertile soil. April is a suitable time for planting.

They produce from twenty-five to seventy-five bushels per acre according to the soil and culture. Per lb. 20c. postpaid.

If ordered by express deduct 10c per pound.

Peanuts

McLean's Little Gem.

PEAS.

(One quart for 75 feet of drill; 2 to 3 bushels per acre in drills.)

For the early crop plant as early in the spring as the ground can be conveniently worked, and cover about 2 inches deep. The smaller varieties should be planted in rows, about two feet between the rows; the larger growing sorts somewhat further. Ground, to give best results, should be rich, without the application of fresh manure at the time of planting, as it tends to run them more to vines than pods.

Extra Early Gradus—This is the earliest large podded wrinkled pea in cultivation: it grows about 2½ feet in height; the pods are produced in great abundance and are well filled with from 6 to 10 peas of enormous size.

Champion of England—Acknowledged to be the best of the late fall varieties. The pods are of the large size, and of a very delicious flavor. Height, 5 feet, (see cut).

Nott's Excelsior—The most Valuable of all dwarf early wrinkled peas, usually ready for table in 40 to 45 days from planting. Height about 14 inches; of a vigorous constitution. This variety cannot be recommended too highly.

Large Bell Pepper.

ONIONS.

One ounce for 100 feet of drill five or six pounds in drills for an acre.

The onion must have a clean and very rich soil. Use well-rotted manure freely, and be sure and get the seed in as early as possible in the spring. Sow in shallow drills not less than one foot apart, and thin out when young onions are about the size of quills. As onions grow on top of the ground they may be allowed to remain pretty thick.

White Portugal or Silver Skin—This is the standard white variety for general culture: it is equally desirable for the family garden as the market. The flesh is mild and sweet. It is a good keeper the best kind to sow for pickling.

Prizetaker This onion grows to an immense size measuring from 12 to 18 inches in circumference, and under special cultivation they have been raised to weigh 4 to 5 pounds each. The outside skin is quite thin and of pale yellow color while the interior is clear white. It is easily grown, medium early in maturing and quite mild in flavor.

These prices include free delivery in U. S. If party wishes to pay their own transit charges deduct 10c per pound from prices quoted.

Improved Long Green—Long ribbed pods. Per pkt. 5c; oz. 10c; ¼ lb. 20c; lb. 55c.

White Velvet Okra.

SWEET MEDICINAL HERBS.

No garden is complete without a few herbs for culinary or medicinal purposes, and care should be taken to harvest them properly. This should be done on a dry day, just before they come into full bloom; then dried quickly and packed closely, entirely excluded from the air. Sow in the spring in shallow drills, 1 foot apart, and when well up, thin out or transplant to a proper distance apart.

Radish Chartier.

Radish, Early Scarlet Globe.

Scarlet Turnip.

White Box.

RADISH.

Radishes thrive best in light, sandy loam. Heavy or clayey soils not only delay their maturity, but produce crops much inferior, both in appearance and flavor. For a successive supply sow from the middle of March until September, at intervals of 2 or 3 weeks. For an early supply they may be sown in a hot-bed in February. Sowing should be made in drills 10 inches apart and the plants should be thinned to 2 inches in the row.

Extra Early Scarlet Globe—This beautiful radish is the earliest of all, and the best for family use. It is rich, bright red in color, round, smooth and firm. (see cut).

Long Brightest Scarlet—A very early variety, the roots being fit for use about 25 days after sowing; color, a bright scarlet.

White Box—It is a beautiful, clear ivory white, a perfect form, with few and short leaves, and hence can be grown very thickly in the row.

Improved Chartier—A long and unusually large variety. The upper portion of the radish is bright crimson, shaded down to pink, to the tip it is pure white (see cut).

Early Scarlet Turnip—The earliest sort, turnip shaped, color, fine scarlet. It is remarkably mild, crisp and tender.

Long Scarlet, Short Top—A standard long variety. Root is long, straight, smooth and of a rich scarlet color. Very quick growth.

Long White Vienna—(Lady Fingers). This is the finest long white radish in cultivation for summer.

These prices include free delivery in the U. S. If party wishes to pay their own transit charges deduct 10c per pound from prices quoted.

Squash Summer Crookneck.

Squash Pine Apple.

Squash White Bush.

SQUASH.

Deduct 10c. per lb. if ordered to be sent per express.

Squashes will grow readily on almost any soil. It is useless to sow until the weather becomes settled and warm. The bush varieties from 3 to 4 feet each way, and for the running sorts, from 6 to 8 feet 8 or 10 seeds should be sown in each hill, thinning out after they have attained their rough leaves, leaving three or four of the strongest plants.

MAMMOTH WHITE BUSH SCALLOP, or White Patty Pan, an extra large size of the early white bush scallop; mature quite early and will continue to do so if the fruits are picked off as soon as they are large enough. Pkt. 5c; oz. 10c; ¼-lb. 25c; 1b. 75c.

MAMMOTH YELLOW BUSH SCALLOP, or golden custard. This is similar to the Mammoth White Bush, except in color, which is a golden orange. Per pkt. 5c; oz. 10c; ¼-lb. 25c; 1b. 75c.

GOLDEN HUBBARD—Very productive and fine quality. Per pkt. 5c; oz. 10c; ¼-lb. 25c; 1b. 75c.

BURPEE'S FORDHOOK—Fruit oblong in form, 8 to 10 inches in length. Per pkt. 5c; oz. 10c; ¼-lb. 25c; 1b. 85c.

PRICES OF SQUASH.

TOBACCO.

Seed should be sown as early as possible after the danger of frost is over, and covered very lightly. When the plants are about 6 inches high, transplant into rows 4 or 5 feet apart each way, and cultivate thoroughly with plow and hoe.

BIG HAVANA—A hybrid Havana or Cuban seed leaf. A heavy cropper of fine texture. Per pkt. 5c; oz. 25c; ¼-lb. 65c.

CONNECTICUT SEED LEAF—Is hardy and endures the cold better than the tender varieties. Per pkt. 5c; oz. 20c; ¼-lb. 60c.

Salsify Sandwich Island.

SALSIFY OR OYSTER PLANT.

Deduct 10c per lb. if ordered to be sent per express.

Especially esteemed for its peculiar oyster flavor. Sow the seed early in the spring, in drills 12 inches apart and 1 inch deep, thinning out the young plants to 6 inches. The roots will be ready for use in October, when a supply should be taken up and stored like carrots. Those remaining will suffer no injury by being left in the ground till spring.

MAMMOTH SANDWICH ISLAND—This variety grows to an extra large size, resembling a good sized parsnip (see cut). Per pkt. 5c; oz. 15c; ¼-lb. 40c; 1b. \$1.25.

LONG WHITE—The favorite market variety, and best flavored. Per pkt. 5c; oz. 10c; ¼-lb. 30c; 1b. \$1.00.

Round Thick Leaf Spinach.

Tobacco.

Salsify Long White.

SPINACH.

Deduct 10c per lb. if ordered to be sent per Express.

One ounce for 100 feet drill. For the winter crop sow in September. It may be covered up in exposed places with straw or hay during the winter. For summer use sow in March or April. Spinach is best developed and most tender and succulent when grown in rich soil.

VICTORIA—The best variety for spring sowing, as its long standing quality makes it valuable for that purpose. Per pkt. 5c; oz. 10c; ¼-lb. 15c; 1b. 40c.

BLOOMSDALE CURLED SAVOY LEAF—The leaf of this variety is wrinkled and produces twice the crop of the old variety. Per pkt. 5c; oz. 10c; ¼-lb. 15c; 1b. 40c.

ROUND THICK LEAF—The main market sort. Equally good for either fall or spring sowing (see cut). Per pkt. 5c; oz. 10c; ¼-lb. 15c; 1b. 35c.

LONG STANDING—Except for standing a long time before running to seed, this variety resembles the well-known Round-Leaf. Per pkt. 5c; oz. 10c; ¼-lb. 15c; 1b. 35c.

PRICKLY—May be sown either in spring or fall; the best winter variety. Per pkt. 5c; oz. 10c; ¼-lb. 15c; 1b. 40c.

SORREL.

BROAD-LEAF, FRENCH—Used for salad. Per pkt. 5c; oz. 15c; ¼-lb. 40c; 1b. \$1.50.

Tomato—Young's Excelsior.

Tomato—Perfection.

TOMATO.

One Ounce for 1,500 Plants.

Tomatoes do best in light, warm, not over-rich soil, sowing seed into hot-beds during March. When the plants are about 2 inches high transplant in boxes 3 in. deep and 4 or 5 in. apart. Set out of doors as soon as danger from severe frost is over. The fruits will come earlier if the vines are tied to a trellis.

	Pkt	Oz.	¼lb.

Early White, Flat Dutch—An excellent garden variety, the best for spring sowing.....	5	10	20	45
Golden Ball—A rapid grower, globe shaped, bright yellow color (see cut).....	5	10	20	45

RUTABAGA, OR SWEETES.

Cultural Directions same as Turnip.

Improved American—Very hardy and productive, flesh yellow, solid and sweet; good for stock and table use. Pkt. 5c; oz. 10c; ¼ lb. 15c; lb. 50c.

Long Island Improved—This is undoubtedly the finest variety of purple top Rutabagas grown; the shape is slightly oblong, with a single top root, free from all coarseness, and for conformity of crop is superior. pkt. 5c; oz. 10c; ¼ lb. 15c; lb. 50c.

Turnip—Flat Dutch.

FARM AND FIELD SEEDS.

CORN.

These prices include sack and free delivery to any freight depot in St. Louis.

White Cap Yellow Dent—This variety is considered by all large professional corn growers to have more general good merit than any other corn grown. It is a very heavy yielder and a vigorous grower, even on poor land. Per pk. 40c; bu. \$1.40.

Clark's Early Yellow Mastodon—This is a very quick growing variety, extra large and very productive. Ears average 9 to 12 inches long with 20 to 30 rows on the cob; stalk bearing 3 to 5 ears, often weighing 2 lbs. each. Pk. 40c; bu. \$1.40.

Champion Early White Pearl—This is the best of the White Dent varieties. It is pure white, a tremendous cropper, and very early, coming in from 95 to 100 days. Per pk. 40c; bu. \$1.40.

White Hickory King—This is a pure white corn too well known to need any introduction. Good grower and a large yielder in most any situation, either high or low ground. Per pk. 40c; bu. \$1.40.

Golden Beauty—This is a standard Yellow Dent Corn and is well named, as it is the most beautiful yellow corn grown. The ears are medium in size and very heavy and long, having from 15 to 20 rows on a cob. Per pk. 40c; bu. \$1.40.

Improved Leaming—A Yellow Dent variety; very small cob, with a deep, long grain; very productive, yielding from 75 to 100 bushels per acre. Per pk. 40c; bu. \$1.40.

Dungan's White Prolific—One of the largest varieties of White Corn grown; a very deep grain and a small pure white cob. One of the greatest points in this corn is its yielding capacity, it producing double the quantity of any other variety. Per pk. 40c; bu. \$1.40.

Early Canada Yellow Flint—This Flint Corn is the hardest and earliest in maturity and can be grown more satisfactorily further North than the Dent Corn. Per pk. 40c; bu. \$1.40.

COW, OR SOUTHERN PEA.

Plant in thoroughly pulverized soil. If wanted to plow under for manure, sow with grain drill, in drills a foot apart. If grown for fodder or for seed, plant $3\frac{1}{2}$ feet apart and cultivate thoroughly. The seeds must not be sown until soil has become thoroughly warm. Wt per bu. 60 lbs.

Black Eye—Seed large; round oblong; creamy white; large black eye. Pk. 60c.

Black—Seed all black; called also "The Poor Man's Pea," on account of its wonderful prolificacy. Per pk. 60c.

Clay Colored—Large seed; of a blue clay color. Per pk. 60c.

Whip-Poor-Will—The seeds are large; speckled brown in color. Per pk. 60c.
(Prices per bu. on application)

SUNFLOWER SEED.

(Sow 4 or 5 lbs. to the acre.)

Mammoth Russian—Single heads measure 12 to 22 in. in diameter, and contain an immense quantity of seed. It is an excellent and cheap food for fowls, and it can be raised cheaper than corn. Per lb. 10c; by mail, 18c per lb.

MILLET.

German or Golden Millet—Superior to all others. Medium early; 3 to 5 feet high. Sow same as common millet. Per lb. 10c; by mail, 18c per lb.; bu. \$1.50.

BROOM CORN.

Improved Evergreen—Grows about 8 to 10 feet high, stands up well, and is entirely free from crooked brush. The fibre is long and fine. It will not get red in the field before it is cut, but is strictly a green variety of brush. Peck, 50c; bu. (48 lbs.) \$1.50.

BUCKWHEAT.

(Sow 3 pecks to the acre.)

Japanese—Distinct and superior to all other varieties; taller strain and much larger grain; far outyielding the older varieties. Per lb. 10c by mail, 18c per lb.; pk. 40c; bu. \$1.25.

Silver Hull—This variety continues in bloom longer than common Buckwheat; the flour is whiter and husks thinner. Per lb. 10c; by mail, per lb. 18c; per pk. 50c; bu. \$1.50.

SUGAR BEETS AND MANCEL WURZEL.

(Sow 4 to 6 lbs. to the acre.)

These are very valuable for stock feeding. Cultural directions same as Beets.

Red Globe—Similar to Yellow Globe, differing only in color. Per oz. 5c; $\frac{1}{4}$ lb. 15c; lb. 35c.

Giant Intermediate—Very profitable to grow; an improvement on Yellow Ovid. Per oz. 5c; $\frac{1}{4}$ lb. 15c; lb. 35c.

Vilmorin's Improved (White Sugar Beet)—This variety has more saccharine matter in it than any other. Per oz. 5c; $\frac{1}{4}$ lb. 15c; lb. 35c.

SORCHUM.

(Cultural directions same as corn.)

Early Amber—An early popular variety. Its distinct feature is its earliness and great yield of both sugar and cane. Per lb. 10c; by mail, 18c per lb.; pk. 50c; bu. \$1.50.

Early Orange—A little later variety than the Amber, well adapted for the South. Per lb. 10c; by mail, 18c per lb.; pk. 50c; bu. \$1.50.

KAFFIR CORN.

A variety of Sorghum cultivated for both forage and grain, growing from $4\frac{1}{2}$ to 6 feet high; is stocky and erect and has wide foliage. Kaffir Corn has the quality, common to all Sorghums, of resisting drouth and in this fact is to be found its peculiar value to Southern sections. Sow in rows 3 feet apart, 5 to 6 lbs. to the acre. Per lb. 10c; by mail, 18c per lb.; 10 lbs. 75c.

YOUNG'S TRANSPLANTED VEGETABLE PLANTS.

Horse Radish Roots.

sufficient for an area of 300 square feet. 5 lbs. 25c; 10 lbs. 50c; 50 lbs. \$2.00; 100 lbs. \$3.50.

Leaf Mould—It is very valuable for the growing of ferns and all plants that require a light rich soil; should be mixed with clean, sandy loam, about one-quarter of Leaf Mould to three-quarters of loam. It is perfectly dry and light. Per lb. 35c; 2 lbs. 60c, by mail postpaid; 5 lb. by express, 75c; 10 lbs. \$1.25.

Potting Soil—We have had a mixture prepared that will be suitable for most all kinds of plants. It is made up of clear sod loam, with the right proportion of rotten manure, leaf mould and good sharp sand. It is finely sifted and ready for immediate use. Per bushel, 75c; per barrel, \$1.50.

Manure for Lawns—This is the best of the fertilizers for lawns, producing a thick, luxuriant growth of grass. It should be put on the lawn during the fall months. The finest lawns in St. Louis last summer were those that were top-dressed with this fertilizer in the fall. Per barrel, \$1.50; six barrels, \$7.50, per freight or express at buyer's expense.

Each. Per Doz.

FERTILIZERS.

Pure Bone Meal—This is ground very fine, is excellent for top-dressing lawns and well adapted for mixing with soil for potting purposes, for which one part of meal to fifty of soil is about the right proportion. Price—2 lbs. (not mailable) 15c; 10 lbs. 50c; 25 lbs. \$1.00. In 50 to 100 lbs. 2½c per lb.

Bowker's Food For Flowers—A fertilizer free from odor, clean to handle. Made expressly for flowers grown in the house or garden, producing a healthy, luxuriant growth and induces early and generous flowering. It can not in any way harm the plants if applied according to directions, which accompany every package. Small package, 15c; by mail 25c. Large packages, enough for 20 plants for six months. 25c; by mail, 40c.

Pulverized Sheep Manure—Most nutritious food for plants. Its effect is immediate and lasting; it is clean to handle and perfectly odorless, and one of the best manures to mix with soil for potting plants. One part manure to six parts of soil. As a lawn dressing it is unequalled. Ten pounds is

INSECT DESTROYERS.

Slug Shot—This is a powder poisonous to insects, either killing them or driving them away. For the destruction of the potato bug, striped bug on melons and cucumbers, black flies on turnips and radishes, and the green worm on cabbages, we know of nothing so effectual. 1 lb. canisters with perforated top, 25c each; by mail 35c; 5-lb. packages, 30c; 10 lb packages, 50c.

Hellebore For destroying rose slugs and currant worms. A few applications only are necessary, and it is thoroughly effective. Per ¼ lb. 20c; ½ lb 30c; 1 lb. 50c. By mail, 16c per lb extra.

Young's Insect Powder—This powder is what we have been using in our greenhouses and gardens for the past two years for destroying aphids or green fly on potted plants, roses, etc. It has never failed. Also the best powder for the destruction of the rose slug and any other insects that infest all outside plants. In packages of ¼ lb. 25c.

Flower of Sulphur—A preventive and cure for mildew on roses, grapevines, etc. Per lb. 10c; per 3 lbs. 25c. If by mail add 8c. per lb.

Tobacco Stems—For fumigating plants infested by green fly. Per lb. 15c; per barrel of 20 lbs. 1.00

Tobacco Dust (Fine)—For green or black aphids, fleas, beetles, etc. Splendid fertilizer and preventive for insects in the ground and around roots. Ten cents per lb. or by mail 20c. per lb; 5 lbs. 35c; 10 lbs. 65c; \$3.00 per bbl.

Nicotine—An economical and powerful nicotine extract. One part to 600 of water is sufficiently strong to kill all insects except scale, for which use 1 to 400. Pint, \$1 50.

Punk—Very useful and convenient article for fumigating plants infested with aphids, mealy bug, or other insects. When ignited it does not produce any flame, but a large quantity of smoke, which is not offensive. Large size box, 75c each.

YOUNG'S LAWN GRASS SEEDS.

A View of a Lawn Sown with YOUNG'S LAWN GRASS SEEDS and ENRICHED with their FERTILIZER.

IT HAS NO EQUAL FOR MAKING A NEW LAWN OR RENEWING AN OLD ONE.

IN MAKING A NEW LAWN, first spade the ground well. If it is unusually poor, spread over it a layer of rich top soil to the depth of three or four inches. As soon as the ground is thoroughly pulverized and smooth, sow our "Lawn Grass Mixture" thickly, then rake and pat the surface smooth with the back of a spade or, if the lawn is large, use a roller. Get the seed in as early in the spring as possible. When the shoots of young grass have grown to the height of three or four inches, it should be mown with a sharp scythe; after this it should be mown every week with a lawn mower.

RENEWING OLD LAWNS. Have the lawn raked early in spring. Remove all dead grass and leaves, then sprinkle it with our Lawn Grass Seed sowing thickly the bare spots and thin spaces, so that the seed and grass will grow at the same time, forming a perfect sod. Our improved Lawn Grass Seed is the best mixture for sowing or renewing lawns. It has been carefully prepared, and thorough testing has shown it to be the best seed for sowing in this climate, producing a smooth and durable turf, that will remain green throughout the summer.

As a guide for the proper quantity to order, we may state: For making new lawns, 5 bushels per acre, or for renovating old lawns, 1 to 2 bushels per acre; for a lot 15x20 or 300 square feet, 1 quart is required for a new, or 1 pint for renovation.

Price per quart, 30c, by mail. If ordered to be sent by Express or Freight, purchaser paying the charges: Quart, 25c, peck, \$1.00; bushel of 20 lbs., \$4.00.

YOUNG'S GOLF LINK GRASS SEED.

This is a special mixture of tough growing varieties of grasses that will withstand the extreme drought of summer.

This special grass seed is highly recommended by all the clubs that have used it on their golf links.

Per quart 25c; peck, \$1.00; bushel of 20 lbs., \$4.00.

YOUNG'S SHADY NOOK LAWN GRASS SEED.

There are very often some bare spots on lawns caused by the shade from trees and other objects which cannot be kept green without a great deal of care. We have succeeded in making a mixture of evergreen grasses that thrive in a shady situation. With this mixture it will require no more attention to keep these shady spots green than any other part of the lawn.

Per quart, 25c; peck, \$1.00; bushel of 20 lbs., \$4.00.

GRASS AND CLOVER SEED.

If Order is to be Sent by Mail, Postage Must be Added at the Rate of 8 Cents per Pound.

Fancy Kentucky Blue Grass Seed—25c per lb.; 75c pk.; \$3.00 per bu.
Extra Cleaned Kentucky Blue Grass Seed—Per lb. 20c; pk. 50c; bu. \$2.00.

Orchard Grass—Valuable for either pasture or hay. Per lb. 20c; bu. \$2.50.

Red Clover—Per lb. 20c; 5 lbs. 75c; price per bu. on application.

White Clover—Valuable in mixtures both for lawns and permanent pasture. Per lb. 30c.

English Rye Grass—A very valuable grass for either pastures or lawns. Per lb. 20c; per bu. \$2.50.

Bermuda Grass—Suitable for the South, where the winters are not below the freezing point; very valuable for pastures where the summers are very hot and dry. Per lb. \$1.00.

Crimson Clover—If sown at the last of summer or early in autumn it will furnish very early green fodder. Per lb. 15c.

Red Top Grass Seed—Fancy cleaned. Suitable for lawns or pasture. Per lb. 25c; pk. 75c; bu. \$2.50.

Timothy, Extra Choice—Per lb. 15c; pk. \$1.00.

Hungarian Grass—Valuable for forage or sodding. Per lb. 10c; pk. 25c.

Sweet Vernal Grass—Valuable for mixing with pasture grasses on account of its fragrant odor. Per lb. 25c.

**BUCKET
"AUTO-SPRAY"
No. 2.**

Brass throughout, except handle, pump and air tubes of seamless brass, 1 in. in diameter. This pump unlike all others, by the aid of a wooden cross piece and draw bolts, may be fastened rigidly to any bucket. No foot rest is necessary. This pump may also be used with bucket having a cover, and is very convenient, not only for all spray purposes, but also for white-washing. Each pump is fitted with three feet of extra quality hose and our special "Auto-Spray" nozzle. Price, \$4.50.

CHOICE CUT FLOWERS SUPPLIED DAILY.

ARTISTIC, ORIGINAL DESIGNS AND ARRANGEMENTS
OF CUT FLOWERS OUR SPECIALTY.

CUT FLOWERS.

We ship large quantities of Cut Flowers at all seasons of the year, and our careful method of packing insures their safe arrival in a perfect state of preservation. Our customers write us that when the flowers are unpacked they are as fresh and fragrant as though just gathered from the garden or conservatory. Loose Cut Flowers should be unpacked when received, and placed in vases of water, where they will keep fresh for several days. Baskets and d-signs should be left in the boxes, just as they are received from the express company, and kept in a cool place until needed. Write for our special Cut Flower Price List. It gives the names and color of all the forcing varieties of Roses, and prices of all Cut Flowers that are in season.

Please be careful in ordering to give plain shipping directions, and mention the latest time it will do for the flowers to arrive in your town. Orders by telegraph from unknown parties sent C. O. D.

The following is a list of the most fashionable varieties of Cut Flowers grown.

ROSES, CARNATIONS, CHRYSANTHEMUMS, LILY OF VALLEY, MARGUERITES, ORCHIDS. Bulbous stock in season such as HYACINTHS, TULIPS AND NARCISSUS.

Choice Boxes of Cut Flowers put up artistically. Prices from \$1 00 to 15 00
Hand Bouquets, either shower or round, with or without ribbon \$1 50 to 10 00
Table Bouquets, very artistic; prices vary according to color of flowers used, average price from \$2 00 to 8 00
Buttonhole Bouquets 15c and 25c each.
Baskets of Cut Flowers, any style, from \$3 00 to 25 00

IMPORTED PORCELAIN WREATHS AND CROSSES.

For Cemeteries.

These lasting and beautiful tributes for the decoration of graves are imported direct from Paris where they are much used for this purpose, and are preferred by many to those made of natural flowers. The flowers are of porcelain, perfectly formed, and bordered with metal leaves enameled in white and green. They are elegant in design and of exquisite workmanship, closely resembling natural flowers in appearance. (See illustration taken from photograph.) They are substantially made of durable materials, and if slightly protected will retain their color and beauty for years.

These designs come only in wreaths and crosses; we cannot supply any other forms made of this material.

Prices given include packing and delivery to express office. They cannot be sent by mail.

Porcelain Wreath.

ASPARAGUS—COLUMBIAN WHITE. An entirely new and distinct variety that produces fine white shoots, which are tender and of fine flavor. It is of very vigorous and robust growth. This variety does not require any earthing up as in the green sorts, in order to have the shoots white. Per pkt. 10c; oz. 15c.

CAULIFLOWER—Danish Giant Snowball.—This variety originated in Denmark and is a great improvement over the older sort. The plants are of strong growth with erect dark green leaves. The heads are of good size, pure snowy white, very close and compact and of extra fine quality. Per pkt. 15c; ¼ oz. \$1.00; oz. \$3.50.

Dry Weather.—This new strain originated in Denmark, but has been fully tested in America, with the most happy results. It produces a large, solid, pure white head. It is in all respects a first-class cauliflower, but is especially and peculiarly adapted to dry situations and to resisting the effects of droughts. It will not thrive in poor soil or under bad treatment, as like all other cauliflowers it requires manure and culture; but it will succeed with less rainfall than any other variety within our knowledge (see cut). Per pkt. 15c; ¼ oz. \$1.00; oz. \$3.50.

Late Metropole.—This is a very fine strain of Cauliflower. Has an excellent shape and grows to an enormous size and is distinguished by its great tenderness, delicate flavor and extreme whiteness. When well cultivated the heads attain a diameter of 10 to 12 inches and average 12 to 15 pounds each. It requires a strong soil on account of its weight. Per pkt. 15c; ¼ oz. \$1.00; oz. \$3.50.

Cauliflower—Dry Weather.

BEETS.

Crimson
Globe.

Wibolt's Half Long Blood.—The bulb of this variety is tender and of fine quality, rich color, and is entirely free from roughness; fine variety for slicing. Per pkt. 10c; oz. 20c; ¼ lb. 50c.

Crimson Globe.—A handsome variety of extremely rich color and superb qualities. The beets are of medium size, oblong form, and average 3 in. in diameter. Skin smooth, flesh is purplish crimson and free from stringiness. Foliage is small and of rich bronze purple. This is one of the best varieties we know of (see cut). Per pkt. 10c; oz. 20c; ¼ lb. 50c.

BEAN.

Phaenomen.—This is a very early and extremely prolific Pole Bean with long, fleshy, stringless pods; seeds white. Per pkt. 10c; pt. 25c; qt. 40c.

New Marvel.—This is a new, distinct climbing bean, and is a great improvement over the other. The pods are grown in clusters of from 4 to 5. The plants are covered with bunches of pods from top to bottom. It is a fine market variety as well as extremely early sort. Per pkt. 10c; pt. 25c; qt. 40c.

Jones' Stringless White Seeded, Round Pod Wax.—An absolutely Stringless Bush Wax Bean, strong growth, having no tendency to form runners. It is nearly a week earlier than any strain of the Black Wax, the pods forming very quickly, and are long, perfectly round and exceptionally solid; of a delicate light color. Fine table quality when nearly matured (see cut). Per pkt. 10c; pint, 20c; quart, 40c.

Giant Stringless Green Pod Valentine.—This new variety is a great improvement over the old Valentine, which it resembles. The plants are of a strong growth, very productive, pods are 5 to 6 in. long, light green, slightly curved, very meaty, being broadly rounded and saddle-backed; the pods are brittle and stringless at all stages, and of a mild flavor. Per pkt. 10c; pint, 25c; quart, 40c.

NEW SWEET CORN FOR 1906.

White Delicacy—A very fine variety of Sweet Corn, of immense size, yields abundantly and fine rich flavor. Per pkt. 10c. (see cut).

Holmes Premo—This variety gives general satisfaction everywhere and combines all the merits of the best early varieties but is superior to them in quality and yield. Per pkt. 10c.

Early Sheffield—This sugar corn is a very early, hardy variety; the stalks are strong and vigorous, growing about 5 feet high and generally bearing two large ears that are well filled to the top of the cob. The kernels are large, white and very sweet. Per pkt. 10c; pt. 20c; qt. 35c.

Clark's None Such—This variety well deserves its name. It is one of the

best second early varieties in the market. Its quality is simply delicious, and customers report that a number of the stalks contained two ears 12 inches long and were filled from end to end. It is a red cob variety and preferred by many on that account. Per pkt. 10c; pt. 20c; qt. 35c.

Kendall's Early Giant The ears of this variety grow to an immense size, often measuring 10 inches and having 10 to 12 rows of corn on each cob. Kernels pure white, sweet and tender. The general report on this corn is that it is ready for use in 60 days on light soil and 75 days on heavy clay. Per pkt. 10c; pt. 20c; qt. 35c.

Early Metropolitan—The stalks are of strong growth, bearing one or two large ears; the ears are about 9 inches long, and 10 to 12 rows filled with large grains of fine, sweet flavor. Per pkt. 10c; pt. 20c; qt. 35c.

Shaker's Early—A second early variety, remarkably large for so early a ripener; yields abundant crops and very desirable for the private gardener. Per pkt. 10c; pt. 20c; qt. 35c.

CUCUMBER.

Sensation—This is a very vigorous growing variety, recommended highly for forcing and for table use. (see cut). Per pkt. 10c; oz. 30c; ¼ lb. 60c.

Cumberland—This variety is a rapid, vigorous grower; very prolific, except the extreme stem, and during the whole period of growth the form is exceptionally straight and symmetrical. Per pkt. 10c; oz. 25c; ¼ lb. 60c.

Early Cyclone—A most desirable sort. It is very prolific, and it fruits in bunches of three or four, which are of uniform size and shape. It is an excellent variety for slicing or pickling. Per pkt. 10c; oz. 30c; ¼ lb. 75c.

Livingston's Emerald—The flesh is crisp and tender, perfectly round and smooth, and highly recommended for table use. They make excellent pickles. Per pkt. 10c; oz. 25c; ¼ lb. 60c.

CARROT.

New Earliest Short Horn—Very desirable sort with point root. It is small reddish orange of Globular shape, an excellent keeper and of fine flavor. Per pkt. 5c; oz. 25c; ¼ lb. 75c.

Golden Rod—This is a half long stump-rooted variety, somewhat deeper in color and a heavier cropper than Danvers. Smooth, uniform and handsome, entirely free from core, with sweet and tender flesh. Never becomes stringy, nor shows rings. Highly recommended for both table use and stock feeding, and especially desirable for market gardeners. Pkt. 10c; oz. 25c; ¼ lb. 75c.

Giant Intermediate—This variety is uniform in shape, and where the soil is favorable it will grow clean without any side roots. The core is tender and entirely free from any coarse rank flavor. For table use it is unexcelled and yields abundantly. Per pkt. 10c; oz. 25c; ¼ lb. 75c.

Carrot—New Earliest Short Horn.

Cucumber—Sensation.

Celery—Golden Blanching.

Danish Ball Head—This excellent variety originated in Denmark; it is very hardy and a vigorous grower, producing large, round solid heads with very few outside leaves, consequently it may be planted closer together than the general varieties of cabbage. For planting late in the spring for a fall crop or winter use, this variety has few equals as it withstands drouth and succeeds better in poor soil than most any other variety. The heads are about 8 to 10 inches in diameter. It is an excellent keeper. (see cut). Per pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 75c.

Dark Red Zenit—This is one of the best varieties of red cabbage in cultivation. The heads are medium in size, dark red color and very finely ribbed. It is a medium early grower and an excellent keeper. Per pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 75c.

ECC PLANT.

Japanese Monster—This novel variety originated in Japan. The fruit is of enormous size, absolutely perfect shape and the color a dense black resembling the noted Black Pekin over which it is a great improvement. The flesh is pure white and very firm and has very few seeds. The plants are very vigorous, with ample foliage. Per pkt. 10c.

Black Beauty—This variety is from 10 to 12 days earlier than New York Improved. The fruits are broad, thick and almost black. The skin is rich and lustrous, and the color does not fade or change on the plant. A fine market variety. Per pkt. 10c; oz. 30c.

LEEK.

Bulgarian Winter—This is one of the most desirable varieties of Leek. It grows to enormous size and is extremely hardy and of an excellent flavor. Per pkt. 10c. oz. 15c. $\frac{1}{4}$ lb. 40c.

KOHL RABI.

White Delicacy—This is an exceedingly valuable variety, and is fine for the private garden. It is round like an apple with smooth skin and very few leaves. The flesh is very tender, pure and of delicious flavor. Per pkt. 10c.

CELERY.

Young's Golden—(Self Blanching)—Color a beautiful golden color, very full stalks, dwarf and very easy to blanch on account of its light color. Its leaves are elegantly curled which makes its appearance preferable over all other varieties. For garnishing dishes it is invaluable. Per pkt. 10c.

Golden Self Blanching Improved—The general color is identical with the parent plant. It is beautiful in appearance and keeps well for a long time, and is a most valuable variety. It is of waxy golden color, very solid and of rich nutty flavor. Per pkt. 10c.

Winter Queen—This is a very valuable variety for winter and spring use, and excels all others as a late keeper. The plants are beautiful in appearance and blanch to extreme white. They grow very close together and quite compact. The ribs are perfectly solid, crisp, and of a delicious flavor. It stands first as a late celery. (see cut). Per pkt. 10c; oz. 25; $\frac{1}{4}$ lb. 60c.

Pink Plume—This is a strong, compact grower, with no tendency to rust; extra early, very solid, tender and crisp. It is a self-blanching variety, the same as White Plume or Golden Self-Blanching, requiring but a slight earthing up to blanch it. Per pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 60.

ENDIVE FAMOUS.

Endive Famous—This is a very fine variety that can be grown at all seasons of the year. In appearance it is quite handsome. Its crisp leaves give it a very particular look, the heart is very full, and it blanches easily without being tied up. It should be treated as a winter Endive principally, but can just as well be grown for summer use. Per pkt. 5c.

Golden Heart—This is a splendid variety of Endive with broad leaves and a golden yellow heart; as the name implies. A fine sort. Per pkt. 5c.

CABBAGE.

Othello (Red Brunswick)—This is the largest of all the varieties of Red Cabbage. The heads are large and solid and of a deep black red color. Per pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 75c.

Winter Stone Head—This is a dwarf variety of Cabbage, very early, producing large heads shaped nearly round. It is a good keeping variety well adapted to winter use. Per pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 75c.

Danish Succession—This is a very fine variety of cabbage. Extra stock. It is a very sure header, good keeper, producing well shaped heads and has very few outer leaves. Per pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 75c.

Cabbage—Stonehead,

Cabbage—Othello.

Lettuce, Crisp as Ice.

WATERMELON.

Halbert Honey—The vines are of strong growth and sets fruit very freely, they average 18 to 20 inches long and are full or bluntly rounded at both ends. Skin is dark glossy green, flesh a beautiful crimson rich coloring and delicious quality, and a thin white rind. Per pkt. 5c; oz. 20c; $\frac{1}{4}$ lb., 40c.

Blue Gem—Melons are uniform in size of oval form, color is a rich dark green with striping of a lighter shade the fruit resembles the Kolbs Gem a great deal but is much darker and richer in coloring. It is an excellent shipper the flesh is a fine grained crimson and of sweet sugary flavor. Per pkt. 5c; oz., 20c; $\frac{1}{4}$ lb., 40c.

Gilberts Success—A fine variety. Dark mottled green rind has very cool appearance, very prolific, flesh deep red. There has never been before the American people a melon offered as a shipper better than Triumph with but one exception, and that is it grows too large to be so profitable to the shipper. This was my views in crossing Sweetheart and Triumph. Success will stand as well as Kolb Gem or Triumph, and is a fine table melon. (see cut); per pkt. 10c.

Santiago—This plant grows uniformly large and long, being distinctly barrel shaped, retaining the same thickness throughout the entire length with blunt rounded ends. This melon will grow in a favorable location 2 feet long by 12 to 14 inches in diameter, weighing 48 to 50 pounds. The flesh is a deep blood red color, very sweet flavor and entirely melting in character, free from stringiness; per pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 40c; lb. \$1.25.

McIver's Sugar—This melon is oblong in shape and large in size, quite handsome in appearance, and the quality is superior. The flesh is of a soft, pale pink and free from any stringiness. It is quite juicy; per pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 20c; lb. 75c.

Watermelon, Cole's Early.

LETTUCE.

Crisp as Ice—A most beautiful attractive lettuce of the cabbage type. The heads are solid, of immense size when well grown and are exceedingly tender and brittle. The leaves are exceedingly glossy thick nicely crimped and curled, outside they are beautifully variegated with bronze and green. The heads when cut open have a rich creamy yellow heart. Per pkt. 5c.

May King—This variety Lettuce open its heads about ten days earlier than any other sort. The heads are of globular shape, hard and well closed, leaves are light green with delicate ribs; lightly waved, interior is clear yellow, tender and of fine flavor. (see cut.) Per pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 75c.

Big Boston—A fine variety, similar to the Boston Market in appearance and shape. It is a most desirable variety for general use or for market gardeners, producing large, solid heads, crisp tender and of fine quality; per pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 75c.

Icehead—This is a grand winter lettuce and a good variety for market use, being unsurpassed as to hardness and firmness. It exceeds all others in size, quality and taste. Color, a light yellowish green. It grows rapidly and thrives well in any soil; per pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 75c.

Giant Glacier—A magnificent lettuce. Plants, 12 in. and heads 6 in. across; leaves, light green, with ornamental edges; inner leaves or head, white in color, and wholly tender and crisp, and free from bitter taste. One of the sorts best able to withstand drought, and to produce mild flavored heads under a hot sun. It is a fine lettuce, and we confidently recommend it for spring and midsummer use. It is almost like a savory cabbage in the texture of its leaves, and is a strong type and likely to prove widely popular; pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 40c; lb. \$1.50.

Wonderful—Excellent variety for supplying fine, crisp, well blanched lettuce, during the hot summer months, withstanding both heat and drouth better than any other variety. The plants are rich, deep green, often growing more than 15 in. in diameter. The heads are solid, with the inner leaves blanched to a pure white; one of the summer lettuces; pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 40c.

Lettuce, May King.

MUSKMELON.

Immensity—This is a very large variety as the name implies. They are regular in form nearly round averaging about 10 inches in diameter, thick well netted ribs, light green flesh tender and sweet. Per pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 25c.

Columbus A green-fleshed, general crop variety, ripening with Hackensack, and a heavy yielder. Vines strong and thrifty, and the melons retain their good quality for a week or more if left on the vines. Strikingly distinct in shape, color and general markings, and no melon will compare with it as a long keeper. Beautiful buff skin is covered with a very thick netting. It is almost entirely free from ribs or seams. The flesh is solid and thick, even at the blossom end, leaving only a small seed cavity. Its attractive appearance insures ready sales in any market, pkt. 5c; oz. 15c.

Melrose—A very distinct variety of fine luscious flavor. The fruits are about 6 inches in diameter, with thin rind but tough skin; the flesh is very thick and solid, clear bright green in color, medium early in ripening; per pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 25c; lb. 75c.

Long Island Beauty—Fruits of a large size, well flattened, heavily ribbed and netted of very handsome appearance and fine quality, ripens very early, flesh green, thick and firm; per pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 25c; lb. 75c.

Jenny Lind—This is the gem of the muskmelons. The fruit is small, round, flat in shape, deeply but evenly ribbed, most attractive greenish gold color when ripe. In flavor it is not surpassed by any other variety, and for private use there is none better; (see cut), per pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 30c.

Muskmelon, Jenny Lind.

POTATO.

Young's Juno—The Tubers are quite large and run mostly uniform in size, color and quality of any early Potato. The plants are of vigorous growth and the stalks grow erect and are closely set with the foliage.

We have found this to be a grand table variety as it is a dry, mealy potato: large and of extreme whiteness. A strong grower, and exceedingly productive. Per pk. 45c; Bu. \$1.60.

PEAS.

British Wonder—This variety is exceedingly sweet, foliage is dark green, pods are produced most abundantly and are uniformly well filled with large, dark-green peas. The vines grow from 15 to 18 inches high and mature early. Per pkt. 10c; pt. 25; qt. 45.

Senator—A Grand Wrinkled Pea. The pods are much larger and more attractive, and the vines more productive than the McLean. The handsome large round pods are curved and always well filled; sweet and tender. Vines grow about 2 feet high and carry a large crop. Per pkt. 10c; pt. 25; qt. 45.

Thomas Laxton—The only rival to the famous Gradus—as a long-podded, extreme, early wrinkled pea—and in some respects even better. The growth is identical with that of Gradus, but the pods are a deeper, richer green, square at the end instead of having a long sloping point. In the judgement of experts who have grown the two side by side, the Thos. Laxton is even sweeter and finer in flavor than the Gradus, while as the large peas are of a deeper green they present a more attractive appearance on the table (see cut). Per pkt. 10c; pint, 25c; qt. 45c.

Ameer—This variety is hardy, vigorous and productive. It has long curved, green pods, which are well filled with large peas of splendid quality. It is unusually early for a large podded variety, delicious and fine cropper. Per pkt. 10c; pt. 25c; qt. 45c.

Reliance—A very valuable variety for market or home garden. The vines are of thick, strong growth attaining a height of 4 to 5 feet in rich soil. The peas are closely crowded in the pods, which are completely filled to the end, and are very sweet and tender. Per pkt. 10c; pt. 20c; qt. 45c.

Juno—A dwarf main crop green wrinkled variety of fine flavor. The vines of this variety are laden with pods, and contains from 6 to 8 peas in a pod of the finest quality, and they fill the pod so thoroughly that they are almost cylindrical in shape. It is one of the first table varieties, and a very heavy cropper. Per pkt. 10c; pt. 25c; qt. 45c.

RHUBARB.

The Ever-bearing Crimson Winter Rhubarb—This vegetable was introduced by Luther Burbank, of Santa Rosa, Cal., and he claims it to be literally ever-bearing. The flavor is delightful, quite different from the common Rhubarb. It is fine grained, requires no stringing so there is no waste and requires less sugar than the older variety. The color is beautiful when properly cooked and makes a most inviting dish, and a berry like flavor.

We offer this in roots only, which should be planted with the crown above the surface. Plants freshly set should have but one crown, if they have more than that they divide the strength of the roots and give only small crowns. They should be planted from February to July. The plants should be set out 2½ feet apart, 6 feet between the rows, and thrive best in a well, drained, rich, sandy loam and needs no fertilizer (see cut).

	Each.	Dozen.
Large Roots.....	\$0 50	\$4 50
Medium Roots.....	25	2 50

Peas-Senator.

The Ever-bearing Crimson Winter Rhubarb.

ONION.

Mammoth Silver King—The skin is of a beautiful silvery white. The flesh has a particularly mild and pleasant flavor, and is so sweet that it may be eaten raw like an apple. No other white onion attains such mammoth size, nor will any other white variety grow uniformly so large. The bulbs are of an attractive shape, flattened, but thick, as shown in the illustration. The average diameter of fully grown Mammoth Silver King onions is from 3 to 4 inches (see cut). Per pkt. 10c; oz. 20c.

New Yellow Cracker—This is a comparatively new variety of onion. It is a strong, early and quick grower, and thrives well in any soil; an excellent keeper and yields abundantly. The color is a rich yellow and makes a very attractive bulb. It is medium in size and remarkably solid. Per pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 40c.

OKRA.

Perkins Long Pod—An exceedingly handsome variety of Okra, which is a great improvement upon other varieties heretofore grown. The pods are very tender, long, slim, and of a beautiful deep green color. The habit of growth of plant is dwarf, and it is very productive, the pods covering plant from bottom to top. In flavor this variety cannot be excelled, and will greatly please all who are fond of "Gumbo Soup." Per pkt. 5c; oz. 10c.

PARSLEY.

Livingston's Exquisite—One of the main features in any variety of Parsley is the ornamental effect of its leaf when used for garnishing. This is a very strong point in our new Parsley, with its beautiful and closely curled leaves of handsome dark green shade, while the flavor is all that could be desired. As a pot plant for winter decoration, in window, or on dining table, it is simply "exquisite." It is altogether the finest strain of curled Parsley that has ever come under our notice (see cut). Per pkt. 10c; oz. 20c.

PEPPER.

Chinese Giant—This is a very strong, vigorous growing variety, but of a stocky habit, seldom more than two feet in height. It is very early in ripening, and immensely productive for a large pepper. The monstrous fruits are of a thick, blocky form, and of the most brilliant, glossy scarlet; the flesh is unusually thick and extremely mild, and makes an excellent salad. Per pkt. 10c.

Golden Dawn—This is a fine variety of pepper. The color is a distinct yellow, which makes a handsome appearance. The flavor is mild and very sweet. An excellent variety for table use (see cut). Per pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 75c.

SALSIFY.**WISCONSIN GOLDEN.**

This new salsify or oyster plant is of high culinary merit. The root is larger than the Mammoth Sandwich Island variety, the best heretofore on the market, and has a richer color, inclining to yellow. Many tests of it have been made and the verdict is universally favorable.

It is rich, tender and delicious, and decidedly superior to the white varieties.

The leaves are quite peculiar in appearance, of a dark green color, and crimped or curled in a manner characteristic of the new and distinct type. Per pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 40c.

Salsify—Wisconsin Golden.

Parsley Livingston's Exquisite.

SQUASH.**GREGORY'S DELICIOUS.**

This is a fine variety of squash, and is best adapted to fall and winter. In appearance it resembles the Hubbard, and has very small seed cavities; flesh, deep orange color; tender, and almost of mealy dryness. No matter how it is cooked it is simply delicious (see cut). Per pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 40c.

SQUASH.**FORDHOOK.**

The flesh of this squash is very dry and sweet. It is one of the earliest of the winter varieties, and if stored in a cool, dry place, will keep until the following June. The shape is shown in the picture. The outside color is bright yellow; inside color straw yellow. The skin is so thin that it need not be removed for cooking. The meat is thick and the seed cavity small. The green squashes can be used at any stage of their growth. This squash is

easily grown on all soils, and is valuable for home or for market. Immensely productive. Per pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 40c.

SPINACH.

New Savoy Leaf—This is the hardiest large Savoy, leaved, curled and crimped with thick leaves, and is one of the best varieties for fall sowing, or family use. Per pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 20c.

Spinach—Savoy Leaf.

Squash—Fordhook.

Tomato - New Stone.

RADISH.

Delicious—This new radish is of a bright carmine red color, inclining towards a purple tint. It is superlatively good. Its size and form are correctly shown in the illustration. The leaves are small. The flesh is white, crisp, juicy and sweet. It is a quick grower and bunches up handsomely. It is perfectly solid and crisp to the center. (see cut). Per pkt. 10c; oz. 15c.

White Chartier—This is one of the finest white radishes that we know of. It is a summer variety, succeeding best when treated as such. It matures in about 40 days from the time of sowing, and remains fit for use about 14 days after. The flesh is pure white, crisp and tender. Mild and very valuable for slicing. A most desirable variety. Per pkt. 10c; oz. 15c. ¼ lb. 25c.

Early Crimson Giant—This is an entirely new variety. It attains twice the size of the turnip shaped varieties, and remains tender and perfect to the very last. The shape of the bulbs vary a little between round and oval, but the skin is a deep crimson and the flesh pure white. The roots develop 6 to 7 inches in circumference, are an ounce in weight, and have surprised all who have tried it. Per pkt. 10c; oz. 15c, ¼ lb. 25c.

Radish—Icele.

White Icele—This radish derives its name from the transparent whiteness of the root. When grown in the open ground it is quite early, while the roots continue brittle, crisp and solid until they are fully as large as those of the Long Cardinal; it is very desirable for the home garden. (see cut). Per pkt. 10c; oz. 15c.

New Triumph—It is very early, being a 20-day radish, almost perfectly round with a very short top. The flesh is very crisp, solid and of a mild flavor, the general color is pure white, striped horizontally with bright scarlet; some of the roots are peppered with crimson, others splashed here and there. They may be grown in the open ground or under glass. Per pkt. 10c; oz. 15c.

TURNIP.

Early White Milan—This is an extra early variety, well adapted for early spring and summer planting, and sown at intervals will furnish a continuous supply of the most delicious turnips. They are of medium size; very handsome; smooth and of a clear ivory white. The flesh is tender, mild and of a sweet flavor. For a white table turnip this variety is unequalled. (see cut). Pkt. 5c, oz. 20c, ¼ lb. 40c.

Turnip—Early White Milan.

Tomato—Young's Excelsior.

TOMATO—Young's Excelsior.

This variety originated with us a few years ago, and up to this time we know of no other variety that can equal it in size, solidness and flavor. Under ordinary circumstances, on our own grounds, last season, we had fruit that weighed nearly two pounds. The color is bright crimson, with a slight purplish tinge. Like all large tomatoes, it is a strong, vigorous grower, and very early for its size. Enormous cropper yielding the entire summer until killed by frost; very seldom cracks and is nearly seedless. It is the best tomato for either market or private use in cultivation (see cut). Per pkt. 10c, oz. 35c. ¼ lb. \$1.00.

New Stone—Very large and the best of its type in every respect. Color, a bright scarlet, smooth, and ripening evenly to the stem; a heavy cropper and good shipper. (see cut). Per pkt. 5c, oz. 25c, ¼ lb. 75c.

Spark's Earliana—This is one of the earliest bright red tomatoes. The plants are quite hardy, with slender branches and moderate growth, and are well set with fruit, which ripens very early in the season. They are of medium size and grow very close together, in clusters of 5 to 7 of deep scarlet color and are 2½ inches in diameter, and have very small seed cavities and a slight acid flavor. Per pkt. 10c, oz. 40c. ¼ lb. 75c.

Vaughan's Model—The foliage of this variety is broad and dark green color. The fruit is first-class color, deep brilliant scarlet. The plants are of bush form and hold their fruit well off the ground. Per pkt. 15c.

Alice Roosevelt—This favorite tomato originated in South Russia. It ranks among the earliest tomatoes in cultivation, and is of large size; smooth and globular shape; flesh is a dark scarlet color. They contain very few seeds and weigh between 5 and 7 ounces; they are of a superb variety. Per pkt. 10c, oz. 40c, ¼ lb. \$1.00.

Radish—Delicious.

Aster-Semple's Large Flowering Branching.

ASTERS.**SEMPLÉ'S
LARGE
FLOWERING
BRANCHING.**

These varieties are superior to any other class of branching Aster, the flowers grow very large and double, often measuring 4 inches in diameter. They are borne on long stems making them excellent for cutting. The long, broad petals are frequently curled in such a manner as to give the blossoms the appearance of Chrysanthemums (see cut).

WHITE.....per pkt. 10c
 LAVENDER.....pkt. 10c
 FLESH PINK-pkt. 10c
 ROSE AND WHITE..... per pkt. 10c
 CRIMSON per pkt. 10c

One pkt. each of the 5 distinct colors for 45c by mail postpaid. Mixed colors per pkt. 5c.

Aster, Sunlight.

ANTIRRHNUM.**YOUNG'S COLLECTION OF GIANT FLOWERED VARIETIES.**

In this new strain of Antirrhinum, the flowers are nearly double the size of the older sorts, and the flowers more closely set on the stem. For summer flower beds they are very showy and bloom the entire summer (see cut). The Entire Collection of Varieties by mail postpaid, for 40c.

Firefly.—A bright scarlet, orange and white. Per pkt. 0c.

Coral Red.—Very attractive color. Per pkt. 10c.

Golden Queen.—Pure golden yellow. Per pkt. 10c.

Black Prince.—A very dark maroon, nearly black. Per pkt. 10c.

Fairy Queen.—A light pink, quite handsome. Per pkt. 10c.

Luteum.—A bright canary yellow. Per pkt. 10c.

Niobe.—A new variety of the half dwarf sort. The tips of the flowers are of a velvety crimson maroon, while the tubes are pure white; the contrast is very striking. Per pkt. 10c.

Queen of the North.—Grows about one foot high, and is densely covered with large white flowers from July until October. Per pkt. 10c.

NEW ASTER GLORIA.

The plants grow to a height of 10 inches, are very branching and free blooming. As many as 40 flowers have been counted on many plants. The flowers are about 2½ inches in diameter, and pure white with a brilliant scarlet margin. Per pkt. 10c.

Aster Giant Comet Ruby.

CHOICE ASTERS.

Aster Giant Comet Ruby. The flowers of this variety are borne upon long stems and on account of their long, loose flowers, they resemble a Chrysanthemum, which makes them invaluable for cutting. They have a diameter of about three inches, and are of long duration. Color, bright scarlet (see cut). Per pkt. 15c.

Aster Miss Roosevelt, Victoria Variety.—This beautiful Aster when first opened is a light yellow color, and by degrees changes into a delicate flesh color. The combining of the two colors produce a singular change and produces a color similar to the color of the well known Rose, Glorie de Dijon. It is of matchless shape and highly recommended for cutting. Per pkt. 15c.

Sunlight.—This is quite a novelty in Asters, as it is a true sulphur yellow, a color not often met with in Asters. It has long stiff stems and the flowers are 2 to 3 inches across. A good bedding variety (see cut). Per pkt. 10c.

Japanese.—A beautiful type of Aster, striking and distinct, and continues a long time in flower, which is of an immense size, often measuring 5 to 6 inches across, with long petals, curiously waved and curled, so as to give them a striking resemblance to the most gorgeous Japanese Chrysanthemums. They grow 14 to 15 inches in height and are well branched. Mixed colors. Per pkt. 10c.

Daybreak.—This is a magnificent variety, either for bedding out doors or for cut flowers. It generally attains a height of 18 to 24 inches and produces in large quantities; its perfect globe-shaped flowers are of a beautiful shell pink color, similar to that of the Daybreak Carnation. Per pkt. 10c.

NEW ASTERS.

Snowflake.—This is a very valuable variety for cutting and general use, the flowers are pure white and of good shape, and plants are finely formed. Per pkt. 10c.

Townschendii.—This is a magnificent species, of compact growth a little over 20 inches in height. It produces rosy lilac flowers 2½ inches across, and is continually in bloom from July to October. Per pkt. 10c.

Hortensia Rose.—This new class produces large needle shaped flowers of about 6 inches in circumference which are borne on stiff stem. Per pkt. 10c.

Aster Gloria.

Dianthus Snowdrift.

DIANTHUS.

Snowdrift.—This is a grand variety, the robust and free branching plants grow about 1 foot high and have strikingly large flowers 3 to 4 inches across; very double and fine lacinated petals of the purest white (see cut). Per pkt., 10c.

Lacinatus Vesuvius.—This is a splendid selection of the annual pink "Salmon Queen." The nicely fringed flowers are of the most intense colors. The plants attain a height of 10 to 12 inches, and may be used to make very effective beds or borders. Per pkt., 10c.

Fireball.—The flowers of this variety are a bright scarlet, a color not often found in the double summer pinks. The bushes are about one foot high and are thickly covered with blossoms which produce a dazzling effect. They are excellent for cutting. The variety is of intrinsic merit. Per Pkt., 15c.

New Royal. (*Dianthus Heddewigi Nobilis*)—The flowers are of a beautiful shape and from 3 to 4 inches in diameter. The petals are frilled and fringed, giving the flowers a graceful appearance. Colors are a very bright blood red shade to carmine and pink and even white. Pkt., 10c.

Fringed Pinks. (*Dianthus Lacinatus Zonalis*)—New annual garden pinks of compact growth; large single fringed flowers of bright salmon red, broadly zoned around the centre with dark purple. Per pkt., 10c.

Star Pinks. (*Dianthus Heddewigi Stellaris*, fl. pl.)—An entirely new strain; the flowers are double and star-shaped. All colors mixed. Per pkt., 10c.

Oriental Pink. (*Dianthus Japonese*)—Flowers very large, many of them most exquisitely fringed and crinkled. The colors range from plain white through shades of pink and red to the darkest velvety crimson and black. All the above colors mixed. Per pkt., 10c.

Dahlia Lucifer.

CALLIOPSIS.

Golden Ray.—A new dwarf compact variety 6 to 8 inches in height, flowers large golden yellow with conspicuous purplish brown centre, petals twisted like those of the single flowered Cactus Dahlia. Per pkt., 10c.

Hybrida Superba.—These pretty plants form dense bushes (like illustration) about 16 inches high, and are covered the entire summer with their beautiful flowers in all shades of yellow orange to the deepest velvety brown. For groups, borders and pots, and also as cut flowers, they are most desirable (see cut). Per pkt., 10c.

Calliopsis Hybrida Superba.

DAHLIAS.

Lucifer.—The flowers are of medium size and mostly of a glowing scarlet, verging toward the centre into a deep blood red, and are produced in great abundance, and thrown well clear of the dark foliage forming a most attractive contrast. The plants grow about 2½ feet high, and are extremely effective even as a single specimen, but more effective when several are grouped together on a lawn. It is a fine cut flower as it is an excellent keeper. Per pkt., 10c.

Twentieth Century.—This superb new class of Dahlias originated and developed after years of careful selecting and hybridizing. The plants are strong, vigorous growers of branching habit and grow about 4 feet high, bloom early and continue to flower until killed by frost. The flowers are quite large, often measuring from 4½ to 6 inches in diameter, color intense rosy crimson with white tips and a white disc around the yellow center. As the season advances the colors become lighter. A great acquisition to the Dahlia strain (see cut). Per pkt., 25c.

Dianthus Vesuvius.

COXCOMB.

Flame of Love.—A splendid dwarf variety with immense ruffled combs like scarlet chenille. The depths are glowing orange scarlet. Per pkt., 10c.

Spicata.—A beautiful garden annual in the erect pyramidal form, growing to about 2½ feet high and producing numerous heads of everlasting flowers 3 to 4 inches long. The color is light pink, changing into silver-white colors. Per pkt., 10c.

Thompsoni Magnifica.—This novelty represents the most perfect strain of the feathered or ostrich plumed Coxcombs. The plants have a true pyramidal branching growth and the flower spikes vary in the most magnificent shades of colors, ranging from the clearest yellow to the darkest blood red. Of great value for all decorative purposes in and out of doors. Per pkt., 10c.

SHASTA DAISY.

A new, hardy Marguerite from California, where it blooms continually all the year. It is perfectly hardy. The flowers are of the purest white. For garden decorations and cutting purposes it is of exceptional value (see cut). Per pkt., 20c.

Shasta Daisy.

GIANT MARGUERITE CARNATIONS.

YOUNG'S COSMOS.

Sunflower. A beautiful new variety, color golden yellow. The flowers measure 2 inches across, the plants are dwarf, growing only about two feet high and are a great improvement on the old yellow variety. Per pkt., 15c.

Black Prince.—This is one of the showiest varieties we know of; color a dazzling red which makes the plant very attractive. Per pkt., 15c.

Titania. The plants of this variety grow from three to four feet high, with fluffy flowers from 2 to 3 inches across, semi-double, with irregular, lacinated petals of the purest white, which are borne on slender stems in great profusion. Per pkt., 15c.

One packet of each of the three varieties, postpaid for 30 cents.

COSMOS--YOUNG'S MAMMOTH.

Marguerite.—One of the prettiest and daintiest varieties imaginable, the flowers measure from 2½ to 3 inches across, and the petals are deeply and irregularly lacinated or fringed. Per pkt., 10c.

Charmain.—A large flower of perfect form; color pure bright pink, very large, wide open flowers, overlapping petals; the eye is encircled by a rich red ring. Per pkt., 10c.

White Pond Lily.—A lovely flower with large, plain edged petals, so beautifully formed as to remind one of a small Pond Lily. The flowers are pure white, borne on long stems; of a dwarf, bushy habit, growing about 4 feet high. Per pkt., 10c.

Pink Butterfly.—A magnificent variety, the richest and loveliest shade of pink imaginable; the flowers are very large, measuring from 3½ to 4 inches across; the flowers are borne on long stems. Per pkt., 10c.

Dawn.—This is a very early flowering variety, commencing to bloom in July and continuing the entire summer until killed by frost. It is of a dwarf, compact growth, very bushy about 4 to 5 feet high. Flowers are of good size, the colors are white with a delicate tint of rose at the base of the petals. Per pkt., 10c.

The above five varieties of Cosmos one pkt. of each by mail, postpaid, for 35c.

Cosmos--Giant Early Flowering.—The colors are in all shades of white, pink and red. Mixed Colors. Per pkt., 10c.

MARGUERITE CARNATION.

GIANT FLOWERING.

These fragrant garden Carnations flower profusely the first year from seed. They are usually double, very fragrant, and generally the petals are beautifully fringed. The great merit of this Carnation is that it commences to flower in 12 weeks after sowing the seed. If desired, the plants may be potted in the fall, and they will bloom in the house all winter, if placed in a very light window with a southern exposure (see cut).

Pkt.	
GIANT WHITE.....	15c
GIANT RED.....	15c
GIANT ROSE.....	15c
GIANT S. RIPPED.....	15c
GIANT MIXED COLORS.....	10c

The entire collection of four distinct colors, one pkt. of each for 30c.

MARGUERITE CARNATION.

Tom Thumb.

This is a very dwarf variety, growing about nine inches high; flowers continuously in the open ground, and may be taken up in autumn and potted; they will then continue to bloom in winter, mixed colors. Per pkt., 15c.

CHRYSANTHEMUM.

Maxima Praecox.—This variety flowers from two to three weeks earlier than the summer flowering Chrysanthemum Marguerite and is a grand improvement. Of dwarf habit; forming compact bushes which are perfectly covered with pure white flowers. They are very lasting and a great novelty (see cut). Per pkt., 15c.

Evening Star.—Flowers pure golden yellow and from 3 to 4 inches in diameter, and of extraordinary durability. Bad weather has little or no effect on stem, the petals remaining firmly extended in rain or sunshine. It is of easiest culture, the plants bloom in about 10 weeks after sowing and continue until frost. It is a cut flower of the first rank, height 18 inches. Per pkt., 15c.

Morning Star. A superb Marguerite Chrysanthemum with immense flowers of an attractive soft yellow or primrose. The plants produce a great number of flowers from early Summer to late Autumn. One of the most serviceable annuals for the garden, and it will furnish decorative material for use in the house. The flowers last a remarkably long time when cut. Height 10 inches (see cut). Per pkt. 15c.

CENTUREAS.

King of Blue Bottles.—This variety originated in Russia, and is a clear, deep blue throughout, while the old varieties have a reddish center. Per pkt. 15c.

Sauveolens.—This plant is of the earliest culture, flowering the first summer from seed sown in the spring; of a strong, bushy form; the flowers keep for a long time after being cut; very showy, and well adapted for out-door planting. Per pkt., 10 cents.

Marguerite.—The blossoms are very large, averaging 2 to 4 inches in diameter; of the purest white; deliciously scented and produced very freely on long stems, which render it very valuable for cut flowers. Per pkt., 5c.

Odeurata.—This variety is similar to Marguerite in growth, the only difference is in color, it being a dark purple. Per pkt. 5 cents.

COPYRIGHTED BY W.A.B. & CO.

Centurea Marguerite.

Gazania.

NEW HYBRIDS OF NICOTIANA SANDERII.

These are beautiful garden plants and thrive in almost any soil, or situation either in pots, boxes or open ground, as a cutflower they are delightful. Plants can be easily raised from seed, if sown in February and grown in cold frames they will flower in May and if planted in the open ground will continue to bloom all summer and autumn. The plants are laden with flowers from the base to the summit and they vary in colors of purple, white, pink, dark and light red crimson, violet and salmon.

We offer a collection of the following varieties of Nicotiana, one package of each of the eight different colors for 35c postpaid.

HELIOTROPE.

MIDNIGHT.

This variety has black stems and very dark foliage. The flowers are a very striking contrast in color, being variegated, light and dark purple and white, very attractive. Per pkt. 15c.

IMPATIENS.

Holsteii. A new handsome Balsam; it forms bushes 1½ to 2 feet in height, and resembles in habit, foliage and shape of flowers the popular Impatiens Sultana which rarely bears more than one flower on each peduncle but this variety produces from 2 to 4 flowers in each which are a vermillion red; they are quite showy in flower beds. Per pkt. 15c.

For-get-me-not Gracilus Alba.

CAZANIA.

Splendens Hybrida Grandiflora. This variety requires a sunny situation and can be strongly recommended for covering banks edging etc. The seed we offer is of full growth and easy to germinate; the plants grow very compact and bushy, the flowers are bright yellow with dark centers. Per pkt. 15c.

Hybrid Nicotiana Sanderii.

For-Get-Me-Not.

The Sylph. A Most charming new blue For-get-me-not. The result of a cross between *Myosotis alpestris* and *M. palustris*, has been much admired. Of dwarf habit, its peculiarly broad, shining dark green leaves spread low over the soil, forming a cluster of rosettes, and the numerous fairy-like flowers stems rise boldly above them. The blossoms of this very pretty novelty are silvery white and it is the peer in every respect of the mother variety. Most suitable for effective spring bedding, it makes also a very neat pot plant. (see cut). Per pkt. 15c.

Gracilus Alba. This is an elegant variety. The plants grow very dwarf and dense, and are entirely covered with snow white blossoms. A very profuse bloomer. Per pkt. 15c.

Water Fairy or Fairy Eye. A new, ever blooming *Myosotis*, of a strong, vigorous growth; are of immense size; of a dark blue color, with a large, white center eye. It blooms readily from seed; it is often in bloom in eight weeks from time of sowing. Per pkt. 15c.

Gaillardia Semi plena.

DELPHINIUM.

BLUE BUTTERFLY.

This is a very attractive annual, of a dwarf compact, bushy habit, rarely exceeding 1 foot in height; with finely divided foliage, and bearing during the summer months, large stems of flowers of the richest ultramarine blue, a color that is seldom seen in any other variety of summer flowering annuals. Per pkt., 15c.

CAILLARDIA GRANDIFLORA SEMI PLENA.

This new variety grows about 2 feet high and has long, sturdy stalks with giant flowers, which measure nearly four inches across. The florets appear in 2 or three rows; color is light or dark yellow and in many cases they are tinged with red which makes an extremely showy bloom; they are very valuable for borders and indispensable for cut flowers (see cut). Per pkt., 10c.

DOLICHOS.

DAYLIGHT.

The foliage is abundant and handsome; the flowers spring out with wonderful profusion; large sprays or spikes of pure white Pea-like blossoms. Per pkt., 10c., oz., 25c.

DARKNESS.

The vines grow quickly, attaining the height of 6 to 8 feet when trained on poles or suitable trellises. The flower spikes are large and long, standing out well from the foliage, and are thickly set with large Pea-like flowers of deep reddish violet or lavender purple. Per pkt., 10c., oz., 25c.

Impatiens Holsteii.

Maragold Grandiflora Striped.

MORNING GLORY. IMPERIAL JAPANESE MIXED.

These are an improvement over the common varieties of Morning Glory, and whenever climbers are grown, these have a prominent place. They are of easy culture, and can be sown in the open ground, in a warm, sunny situation as soon as the weather is settled, and all danger of frost is past, being a very strong and rapid grower, they soon cover a large area; often attaining a height of 30 to 40 feet. The varied forms of the foliage are a decided novelty, the color and shadings of the flowers are beyond description. Our choice mixture contains nearly thirty distinct shades and colorings, ranging from deep rich purple to a pure silvery white, while to many of these, the solid colors are beautifully bordered in contrasting shades, and in others the coloring is diversified by rich tinged markings or spots of glowing colors.

Choice assortment of mixed colors. Per pkt. 10c; oz. 25c.

IMPERIAL JAPANESE MIKADO—A superfine mixture of the ruffled and fringed sorts. Per pkt. 15c; oz. 35c.

Mignonette.

LOBELIA.

VICTORIA—(Erines Compacta)—The plants of this variety are compact, and of strong growth. Foliage luxuriant dark green, flowers very large, and of light rose red color. It is fine for Carpet bedding. (see cut.) Per pkt. 10c.

LARKSPUR, ELATUM HYBRIDUM NANUM.

This variety grows from 3 to 3½ feet. They are of candelabra habit and produce extra large flowers in all shades of blue—from the lightest shade to the deepest indigo. A bed of this variety makes a fine show when in full flower. They bloom the first season from seed. (see cut.) Per pkt. 15c.

LANTANA NEW DWARF.

The flowers of this variety are very showy and contain all shades of pink, red, orange, yellow and white, and are most striking and pleasing shades of color, growth, dwarf, bushy and compact from 8 to 10 inches in height. Per pkt. 10c.

MARACOLD.

DWARF GRANDIFLORA STRIPED.—We can confidently recommend this as a vast improvement in the dwarf French class. The flowers are as large as in the finest scotch tall striped, in fact almost as large as the African, but with the dwarf compact free flowering habit, of the dwarf French. The plants grow only about 2 feet high in height, with beautiful striped, well formed flowers. Per pkt. 10c.

Imperial Japanese Morning Glory.

MIGNONETTE.

YELLOW PRINCE.—The plants of this variety are of a rich canary yellow, a vast improvement on anything before introduced in the way of a yellow Mignonette. The flowers are large and thick, after the style of the already well-known Giant Crimson Machet. Per pkt. 5c. (see cut.)

YOUNG'S Star Collection —OF— SWEET PEAS.

7 BEAUTIFUL VARIETIES for 25c

Aurora—Flowers are of extra large size, 3 on a stem, both standard and wings, eatitully flecked with bright orange salmon on a creamy white ground. The finest of all striped Sweet Peas. Per pkt. 5c.

Countess of Latham—A soft cream tint, heavily shaded with soft shell pink in the center of the standard and wings, shading much lighter at the edges; this tinting gives it a copy-rose effect. Per pkt. 5c.

Dainty The flowers are of largest size and splendid substance, while they are borne, three and four set well at the end of long, stout stems. The beautifully formed flowers upon first opening appear to be white, but quickly change to white with pink edge. Per pkt. 5c.

Lord Roseberry—Flowers are of a rosy magenta color, of hooded form, borne on long stems, showing veins of rosy carmine, but rather softer in tone. Per packet, 5c.

borne on long stems, showing veins of rosy carmine, but rather softer in tone. Per packet, 5c.

Countess Spencer—The color of both standard and wings is a delicate pink, deepening toward the edges; of very vigorous growth and fine form, and borne always on long, stiff stem. Per packet, 5c.

Marrs—The flowers of this variety are intense, glowing scarlet, of Grandiflora form, wings heavily suffused with rose. Per pkt. 5c.

Miss Wilmot—The enormous flowers of this variety are borne on stiff stems from 12 to 16 inches long. It is superior in size and richness of coloring to a great many other varieties. Color is rich orange pink. Per pkt. 5c.

YOUNG'S BOUQUET COLLECTION OF SWEET PEAS FOR 1906. 6 GORGEOUS VARIETIES FOR 30c.

Gladys Unwin—This variety has a very large, bold flower, but with a very striking upright crinkled or wavy standard and broad wings; color a rosy pink. A striking feature is that about 75 per cent. of the long flower stems are with 4 blooms, which is a most unusual thing in Sweet Peas. Per pkt. 10c.

Evelyn Byatt—This variety may be termed gorgeous, having a rich orange salmon standard with falls or wings of a trifle deeper color, giving a rich fiery orange or deep sunset color to the whole flower, very striking and unique. This has caused a great sensation wherever shown during the past year, and is unquestionably the finest and richest Sweet Pea yet brought out. We can recommend this with confidence as perfectly fixed in character, and as one which will be largely used for market and private garden. Per pkt. 10c.

Phyllis Unwin—Color a deep rosy carmine, with all the good points of Gladys Unwin, the same crinkled and waved standard and broad wings, but a larger flower. These are produced 3 or 4 on a stem in the same manner as Gladys Unwin. The stems are long and stout and it is well described as a Giant amongst Sweet Peas. Per pkt. 10c.

Helen Pierce—A very pretty and distinct Sweet Pea. Flowers bright blue, mottled or marbled on white ground, after the style of the Gloxinia in coloring and marking; very striking and unique. The flowers are of remarkable good substance and last well when cut. Per pkt. 5c.

Mont Blanc—This is a very early variety. Color pure white, stiff upright stem, very large flowers. The flowers are produced 3 or 4 on a stem. This is one of the best white varieties. Per pkt. 5c.

Senator—The flowers of this variety are striped red on a white ground and are very attractive and pretty. Large size and fine form. Per pkt. 5c.

STAR FLOWER.

(*Cephaliterum Drummondii*.)

This variety was discovered in Australia. It is a unique and beautiful plant and grows readily from seed in any ordinary garden soil, but prefers a shady situation, and may be started either in or out doors.

The plants attain a height of about one foot and produce rosy crimson fragrant flowers, in large graceful clusters, and which when cut will retain their form and color a long time. Per pkt. 15c.

SALVIA SPLENDENS.

Maroon Prince—This is a beautiful variety of the well-known scarlet sage. Color is a deep claret maroon. It is a very strong grower, stiff stem, and flowers profusely. Per pkt. 15c.

YOUNG'S COLLECTION OF NASTURTiums.

Giant Climbing Varieties.

Eight distinct sorts. 1 package of each variety for 35c.

Climbing Caprice—The remarkable character of this variety is in the large number of varied flowers on a single plant. The flowers are extra large, showing a combination of colors. It is of climbing or creeping habit, with beautiful dark colored foliage. Per pkt., 10c.

Climbing Margaret—Flowers very large, of light yellow color, striped and spotted, with blood red foliage and stem dark; very effective. Per pkt., 10c.

Climbing Firefly—A distinct variety of recent introduction, with large flowers of a dark orange color, spotted blood red, the spur is also blood red; foliage dark green; very attractive. Per pkt., 5c.

Climbing Primrose—Large creamy white flowers and brown spots, foliage dark, a very vigorous grower. Per pkt., 10c.

Climbing Victoria Louise—Flowers large, very distinct color a creamy white with orange scarlet blotches, the calyx and the spur being a pure orange red. Per pkt., 10c. oz., 25c.

Climbing Salmon Queen—A very strong growing variety, with dark green foliage. The flowers are most distinct, the colors being a soft, rich, velvety shade of salmon. Per pkt., 5c.

Climbing Jupiter—The flowers of this variety are exceedingly large, often measuring 3 to 3½ inches in diameter, born on long, stiff stems, color a rich, golden yellow. Per pkt., 10c.

Climbing Saturn—This is the best dark red variety in cultivation, it is a superb flower, very large, color a deep brilliant, velvety red, whose glowing color fascinates nearly everyone. Per pkt., 10c.

NEW NASTURTiums.

Queen of Tom Thumb—(Silver variegated foliage)—This charming novelty produces flowers of a rich bright crimson which forms a very pretty contrast to the silver variegated foliage, and is a strikingly handsome and useful bedding or pot plant even before coming into bloom; it is very free flowering and produces 90 per cent with true variegated foliage. It is very dwarf and compact, and is a great acquisition as a bedding plant. Per pkt., 10c (see cut).

Black Prince—This is the darkest shade of climbing Nasturtium we know of, the opening blooms are deep blackish glossy purple, deepening into a velvety black. The foliage is also very dark and of high lustre, like the dwarf Nasturtium Empress of India. It makes most effective plants. This is a novelty of enduring value (see cut). Per pkt. 10c

Nasturtium--Moonlight.

Nasturtium--Sunlight.

ground, being covered the entire summer with large substantial flowers of the most brilliant shades, embracing the following colors: rose, pink, maroon, salmon, light yellow and deep orange, in self colors and in stripes and blotches in the most varied manner. Per pkt., 5c; oz., 25c.

Dwarf Chameleon—This is a dwarf form of the chameleon strain, possessing exactly the same peculiar features of producing various colored flowers on the same plant. Its dwarf habit makes it very useful for bordering or edging. Per pkt., 10c; oz., 25c.

Dwarf Hemisphere—It is of a spreading, rounded form, each plant resembling a giant round ball cut in half and set on the flat part. The leaves are large, the color of flowers are a rich lemon yellow, with throat blotches of deep crimson. Per pkt., 5c.

Dwarf Liliput—This is a very distinct variety, growing smaller in size than the Tom Thumb Nasturtium. The flowers are borne in clusters on top of each bush and of a brilliant combination of colors. Per pkt., 10c.

NASTURTium LOBBIANUM.

Snow Queen—This is a remarkable pretty variety of Liliput Nasturtium with yellowish white flowers turning to a pure white. It is a splendid variety for a flower bed. Per pkt., 10c.

NASTURTiums.

YOUNG'S NOVELTY COLLECTION OF DWARF AND TALL VARIETIES.

7 distinct sorts. One package of each variety for 30c.

Tall Sunlight—This beautiful Nasturtium has large foliage of a light green color, which is nearly concealed with rich golden yellow flowers that are borne very profusely the entire summer until killed by frost. The flowers are very large, often measuring 3 inches in diameter. It is a splendid climber. (see cut) Per pkt., 10c; oz., 25c.

Tall Moonlight—This variety has the same style of growth and size of flowers as Sunlight, except it is of a light straw color; it has the same crinkled effect in the petals. Per pkt., 10c; oz., 25c.

Tall Chameleon—This new variety possesses a most unusual feature by presenting different colored flowers on the same plant. They are variously blotched, striped and bordered with these several colors, and borne in great profusion. Per pkt., 10c; oz., 25c.

Hybrids of Madam Gunter—These Hybrid varieties are exceedingly strong-growing climbers, often attaining the height of 5 to 6 feet; they are also equally well adapted as trailing vines for vases or over the

Nasturtium--Saturn.

BLACK PRINCE

NOVELTY PANSIES FOR 1906.

These are new varieties of Pansies which, by selection and careful tests have proved themselves to be of improved size, substance, form and colors, and which we offer you as Pansies of a superior race.

Cornuta—A fine Pansy that has delicate rosy lilac flowers, for carpet bedding or groups it is especially recommended. Per pkt., 15c.

Rosy Morn—An attractive variety of Giant Pansy. Color, bright, purplish crimson, margined. Per pkt., 10c.

Papilio—This is a very distinct sort. Large flowers, free flowering, fine for bedding. Color, violet lilac. Per pkt., 10c.

Snow Queen—A beautiful white variety of pure satin color, with enormous flowers. Per pkt., 10c.

Victoria—Color of this variety is a claret red with giant flowers, good form and substance. 10c.

Striata Perfecta—A decidedly beautiful variety, striped, many charming colors, which makes it very showy. Per pkt., 10c.

Yellow Gem—An attractive, large flowering variety of spotless yellow color. Per pkt., 10c.

SPECIAL OFFER—1 package of each of these 7 varieties for 60c.

CHRISTMAS PEPPER.

A lvery handsome dwarf growing plant which is entirely covered, in October, with a small fruit of a brilliant red color. It is of very easy culture. The seed may be sown in the open ground, and when the plants are transplanted into pots before frost and treated as a house plant, they are very attractive all winter, as the fruit does not drop off very easily or dry up. Per pkt., 10c.

Poppy, Miss Sherwood.

Poppy, Irresistible.

Pausy, Rosy Morn.

POPPIES.**YOUNG'S COLLECTION OF GIANT FLOWERING VARIETIES.**

Miss Sherwood—The flowers measuring from 4 to 5 inches in diameter, and are of pure white satiny color, shading toward the margin into an exquisite salmon rose. Per pkt., 15c.

Fringed Alpine—The plants form rosettes of pretty grey, green foliage, not over 4 inches high, and throws up numerous slender flower stalks bearing flowers of white salmon, rose or orange, all with yellow stems. The petals are gracefully lacinated fringed. Per pkt., 15c.

Fayal—This is a very beautiful strain of single and double poppies, are of an exceedingly strong growth. The colors of the flowers are of every perceivable shade of red, pink, maroon, white self and variegated. Per pkt., 10c.

Striped Iceland—The flowers are striped, yellow on a bright red ground, which makes them very attractive. Per pkt., 10c.

Maid of the Mist—A magnificent single, peony flowered white poppy. Flowers often measuring 3 to 4 inches across, borne on long stems. Per pkt., 10c.

Irresistible—This is a very strong growing variety, often attaining a height of 4 to 5 feet. The flowers are very large, color a bright pink, with petals fringed and tinged with white. Per pkt., 10c.

The entire collection of 6 varieties, one package of each variety, for 50c. by mail, postpaid.

NEW CALIFORNIA POPPY, ROSY MORN.

This is a fine novelty and one that deserves attention. It has rosy white petals which are delicately fluted with folds coming from the center and adorned with a light yellow. We think this will do well wherever planted. Per pkt., 15c.

RUDBECKIA.**BI-COLOR SUPERBA.**

This variety represents semi-double or nearly double flowering flowers of a golden yellow to a brownish yellow color, having a central dark brown ring and disk. The plants grow about 2 to 2½ feet high, and entirely well covered all summer until killed by frost in autumn. Per pkt., 15c.

TRITOMAS.**HYBRIDA EMPRESS.**

This is a very attractive variety. It commences to bloom in June and continues the greater part of the summer. The color varies from deep orange to carmine. It is easily grown from seed and blooms the first year if sown early. This variety is used a great deal for bedding and is a strong grower. Per pkt., 15c.

PETUNIA.

Rosalind. Beautiful large flowering variety of single fringed Petunia, flowers delicate rose with a light yellow centre throat slightly veined. Per pkt. 10c.

Superbissima Quadricolor. A beautiful addition to the few varieties of the superbissima section. The bright rose flowers veined for two-thirds of their surface with a network of lustrous carmine which merges toward the throat into a deep blood red; it is a striking plant. Per pkt., 15c.

Star. This new strain of Petunias is the result of many years of careful cultivation and is a great improvement on the other sorts. The flowers are a dark maroon and each one is distinctly marked with a five-point star which makes it quite showy. The plants branch freely and bloom most profusely. It is considered one of the best varieties of recent introduction. Per pkt., 15c.

POPPY.

Santa Rosa. This is a new strain of Shirley Poppy which originated in California. It combines all the delicate beauty in color of the original Shirley types, and with these the whole flowers in all of the petals are beautiful crimped. Per pkt., 10c.

SALVIA SPLENDENS SILVERSPOT.

The most distinct feature of this novelty is its strikingly handsome spotted foliage. The leaves are rich, soft, dark green, with a light sulphur cream-colored spot of various sizes liberally sprinkled over them. The flowers are large and of intense bright scarlet color; habit, dwarf and compact. Pkt. 15c.

STOCK QUEEN ALEXANDRIA.

Flowers delicate Lilac, a tint of incomparable beauty, and for cut flowers it is exceptionally fine. The plants throw up a fine center spike about one foot in height, surrounded by numerous side shoots, all covered with large blossoms. Per pkt. 15c.

SCHYZANTHUS.

Hybridus Grandiflora.

It attains a height of about 12 inches, grows quite compact, and is literally covered with beautiful large flowers. The colors and designs vary so that one sowing will produce an abundance of colored flowers, which make an attractive garden. Per pkt. 10c.

Schyzanthus Hybridus Grandiflora.

Wall Flower, Blood Red.

WALL FLOWERS.

Blood Red Tom Thumb.

The plants are of a dwarf, well branching habit, with clusters of bright red flowers, and will be a striking ornament for every garden, as it is a new color in this class of plants. Per pkt. 10c.

ZINNIA.

Giant Crested.

The flowers of this variety are free from the stiffness of the older type, the petals being twisted, curled and crested into the most fantastic forms, which make them quite distinct and attractive. The colors are of the most brilliant shades of red, yellow, purple, pink and orange, which make them very showy when planted out doors in a border; flowering continually from June until killed by frost; mixed colors. Per pkt. 10c.

Petunia Star.

VERBENA.

MAYFLOWER.

This variety has all the characteristics of the Mayflower, or trailing Arbutus, with the additional merit of possessing the same lovely and delicate pink and white coloring, making the flowers closely like the Arbutus, with the same exquisite fragrance. Per pkt. 10c.

NEW VERBENA

Hybrida Grandiflora Imperialis.

This new strain is distinguished by enormously large flower trusses. The individual flowers are as large as those of the Phlox Grandiflora and are marked with an exceptionally large white center; they vary in all shades of colors known in Verbenas. Per pkt. 15c.

Stock—Large Flowering.

AGERATUM.

Valuable plants for large beds or borders. They are in bloom the whole year; of easy culture, succeeding in any soil. Half hardy annuals (see cut).

Imperial Dwarf Blue—Large blue flowers, 8 inches high. Per pkt., 5c; oz., 25c.

Imperial Dwarf White—Large white flowers, rarely exceeds 6 inches in height. Per pkt., 5c. oz., 25c.

Little Dorrit—A very dwarf variety about 6 inches high. Per pkt., 5c.

Blue Perfection—The darkest blue Ageratum dwarf, compact, about 8 inches high. Per pkt., 10c.

Antirrhinum.

ANTIRRHINUM PELORIA.

Antirrhinum Peloria—This is a remarkably curious variety—which has upright tubular flowers. Color is white with garnet frill surrounding the mouth of the flowers. A very fine variety and a novelty in Snap Dragon (see cut). Per pkt., 10c.

TOM THUMB OR LITTLE GEM
SWEET ALYSSUM.

Alyssum.

ALYSSUM.

A very hardy annual, blooming the entire summer and winter. Flowers pure white and fragrant. For hanging baskets or vases it is one of the best blooming vines. Grows easily from seed.

Carpet of Snow—Pure white, grows only 2 to 3 inches high, is a perfect carpet of snow-white flowers through the entire season. Per pkt., 10c.

Sweet Alyssum—Pure white, very fragrant. Per pkt., 5c; oz., 25c; lb., \$1.25.

Little Gem, or Tom Thumb—Of a dwarf habit, growing 3 or 4 in. high (see cut). Pkt. 10c; 1/2 oz. 20c; lb. \$2.

Ageratum.
Imperial Dwarf White.

ANTIRRHINUM (SNAP DRAGON)

One of the most showy and useful border plants. They are of very easy culture, will thrive in any good garden soil. Blooming the first year from seed and continue in flower the entire summer (see cut).

Majus—The tall-growing variety; height about 2 feet. All colors, mixed. Pkt. 5c; oz. 20c.

Majus Tom Thumb—Dwarf variety; growing about 10 inches high. Mixed colors. Pkt. 5c; 1/2 oz. 25c; oz. 40c.

Aquilegia, Double Yellow.

AQUILEGIA, OR COLUMBINE.

The flowers of these new large Hybrid varieties have been greatly enlarged and the shades of color increased from the old, well-known Columbine seed; may be sown in the open ground.

Double Yellow—The flowers, a deep yellow with fine spurs, bloom abundantly and are attractive when planted in clump (see cut). Per pkt. 10c.

Golden Spurred—Color: yellow, semi-double. Per pkt. 10c.

Double White—Very free blooming. Per pkt. 10c.

Mixed Colors—Per pkt. 10c.

For Novelties in Flower and Vegetable Seeds, see Pages 21 to 36.

Antirrhinum Peloria.

ASTERS.**Young's Superb Varieties.**

One of the most popular of our garden favorites. They grow best in a light, rich soil, and in hot dry weather; they should be mulched with rotted manure and well watered, which will increase the duration of their bloom. The seed we offer is the best that is procurable.

NEW GIANT COMET.

The flowers of this variety are very large and double, often measuring 5 inches in diameter, and composed of long, waxy, twisted petals, resembling a Japanese Chrysanthemum. The flowers are borne on long stems, which adds to their value for cutting purposes (see cut).

PURE WHITE Per pkt 10c AZURE BLUE Per pkt 10c
ROSE 10c CRIMSON 10c

MIXED COLORS Per pkt 10c

This collection of Giant Comet Asters, 4 distinct colors, 30c.

DAYBREAK.

It generally attains a height of 18 to 24 inches and produces in large quantities. Its perfect globe shaped flowers are of a beautiful shell-pink color, similar to that of the Daybreak Carnation. Pkt. 10c.

GLOBE-FLOWERING PYRAMIDAL.

A favorite class, thrifty, upright growers; flowers large, nearly 4 inches across and almost perfectly round, with incurved petals (see cut). Per pkt. mixed colors, 10c.

PAEONY FLOWERED PERFECTION.

The flowers are remarkable for their large size and peculiarly rich and brilliant color. Mixed colors, Per pkt. 10c.

QUEEN OF THE MARKET.

This is an early variety, flowers very double, borne on very long stems. Per pkt. 10c.

JAPANESE

A beautiful type of Aster, striking and distinct, and continues a long time in flower, which is of an immense size, often measuring 5 to 6 in. across, with long petals, curiously waved. Mixed colors, per pkt. 10c.

VICTORIA

Probably the handsomest varieties, taken all in all, for size, color and profusion of bloom. Very double. Mixed colors Per pkt. 10c

Double Mixed, from best German seed. Per pkt. 10c.

FUCHSIAS.

Commonly called Ladies' Ear Drops, succeed best as pot plants, if planted outdoor they will thrive only in a partial shady situation.

Mixed Colors, Choice Strain—Per pkt., 15c

Delphinium.

FORGET-ME-NOT.

Myosotis.

The Forget-me-not is an old favorite plant, bearing clusters of star-shaped delicate blue flowers with white and yellow eyes. It flourishes best in a moist shady situation and is in constant bloom nearly the whole season (see cut).

Eliza Fourcort—A large flowering variety with large clusters of sky-blue flowers, distinctly marked with a yellow eye. Pkt. 10c

Victoria—This variety can be sown any time of the year; dwarf, bushy habit, flowers of a bright azure blue. Per pkt., 10c.

Dwarf Alpestrous—Compact plants, flowering profusely, mixed colors. Per pkt., 10c.

Palustris—Large flowers. Pkt. 10c.

LARKSPUR.

Dwarf Chinese—These are exceedingly pretty garden plants of a compact habit, not over one foot high when in bloom; mixed colors. Per pkt., 10c.

Branching—This variety grows 2 to 3 feet high, and bears large spikes of flowers on long stems. Per pkt., 10c.

Tall Rocket—Mixed colors. Pkt. 5c

Dwarf Rocket—A dwarf variety with double flowers in various colors. Per pkt., 5c

Dahlia.

HIBISCUS.

Hardy garden plants, forming strong bushes about 3 feet high bearing throughout the summer, immense saucer-shaped flowers, 6 inches across. Sown early they will flower the first season.

Rose Pink, with White Rose—Exquisite rose-pink, with white center. Per pkt., 10c.

COURDS.

Chinese Loofa, or Dish Rag Gourd—Long, green fruit; the inside when ripe, is a tough, fibrous, sponge-like mass, very popular for bathing. Per pkt. 5c

Hercules Club—Large, green fruits; 2 to 5 feet long. Per pkt. 5c.

Japanese Nest Egg—Color, shape and size of egg. Per pkt. 5c.

Powder Horn—Shaped like a horn. Per pkt. 5c.

Orange—Shaped the same as an orange. Per pkt. 5c.

Malabar—Ornamental, variegated leaves and striped fruits. Per pkt. 5c.

Dipper—Dipper shaped. Per pkt. 5c.

Mixed—Per pkt. 5c.

Daisies.

Helianthus.

CAILLARDIA.

Beautiful hardy plant, commonly called the Blanket Flower. Exceedingly free flowering; grows almost anywhere. The colors of the flowers are golden yellow, amaranth red, claret and purple. Hardy annual.

Amblyodon—Clear, bright red. Per pkt. 5c.

Sun-Kissed—Gold and scarlet. Per pkt. 5c.

Aurora Borealis—Rings of gold, crimson and white. Per pkt. 5c.

Grandiflora—Brilliant scarlet, marked with yellow. Per pkt. 5c.

Lorenziana—Color; orange claret and sulphur yellow. Per pkt. 5c.

Gypsy-Queen—Hardy. Color, crimson. Per pkt. 10c.

All Colors Mixed—Per pkt. 5c; oz. 25c.

Special Offer—The entire collection of six named Gaillardias, 25c.

IPOMEA.

Heavenly Blue—Color, light blue. Per pkt. 10c.

Setosa (Brazilian Morning Glory). A rapid growing vine with large leaves, making a dense shade. The flowers are 3 to 4 inches in diameter. Per pkt. 10c.

Learii—Bright blue; splendid. Per pkt. 10c.

Huberi—Silvery white marble foliage, with large trumpet shape flowers. Per pkt. 10c.

Special Offer—One packet of the four varieties for 25c.

HUMULUS.

Japonicus (Japan Hop)—A rapid growing summer climber, often attaining a height of 20 to 30 feet in 3 or 4 weeks. It is not affected by heat, drouth or insects (see cut). Pkt. 5c.

Japonicus Variegatum (Variegated Leaf Japan Hop)—The leaves are of a rich green, are blotched and marked with white and gray. Per pkt. 10c.

HOLLYHOCKS.

Grand summer and autumn flowering plant, bearing long spikes of double and single flowers.

Double Mixed—From Carter's superior strain. Per pkt. 10c.

Single Allegheny Mixed Colors—Fine fringed and mottled variety. Per pkt. 10c.

Branching Larkspur.

HELIOTROPE.

A half-hardy perennial, flowering during the whole season; its delightful perfume makes it a most desirable bouquet flower. Seed sown in the spring makes fine plants for summer blooming. Finest mixed. Per pkt. 10c.

HELIANTHUS.

(Sunflower)

Miniature—Bear little large orange-colored flowers with black centers. Per pkt. 5c.

Silver Leaved—Grows 5 feet high with large leaves of shining silver color; flowers single. Per pkt. 5c.

Mammoth Russian—The giant among sunflowers; immense single heads; full of seed. Per pkt. 5c.

Californicus (fl. pl.)—Large double flowers; orange color. Per pkt. 10c.

HELIANTHUS.

(Cut and Come Again).

Orion—Flowers large petals curled and twisted. Per pkt. 10c.

Double White—Flowers creamy, white; a dwarf variety. Per pkt. 10c.

Perkio—Flowers dwarf yellow; thrive well anywhere. Per pkt. 10c.

Diadem—Flowers light yellow, with black center. Per pkt. 10c.

LARKSPUR.

Dwarf Chinese—These are exceedingly pretty garden plants of a compact habit, not over one foot high when in bloom: mixed colors. Per pkt. 10c.

Branching—This variety grows 2 to 3 feet high, and bears large spikes of flowers on long stems. Per pkt. 10c.

Tall Rocket—Mixed colors. Pkt. 5c.

Dwarf Rocket—A dwarf variety with double flowers in various colors. Per pkt. 5c.

Larkspur—Tall.

Heliotrope.

Humulus Japonicus (Japan Hop)

MIGNONETTE.

(Reseda Oderata)

A well known, hardy annual in bloom the whole season and is so fragrant that the whole atmosphere around is perfumed. No garden should be without it. (see cut).

Machet—Dwarf and vigorous grower. Per pkt. 5c; oz. 35c.

Golden Queen—Golden Flowers. Per pkt. 5c; oz. 20c.

Parson's White—Pure white. Per pkt. 5c; oz. 20c.

Victoria—Large flowering. Per pkt. 5c.

Giant Gabrielle—Hardy, vigorous grower, with large spikes. Per pkt. 5c.

Allen's Detiance—A magnificent, large flowering variety. Per pkt. 5c.

Bismarck—Large spike; very full rounded at the top. Per pkt. 5c.

New Golden Machet—Bears immense flower stalks, deliciously scented. Per pkt. 5c.

**Mignonette—White Pearl.**

Red Goliath—This variety is of strong growth, luxuriant foliage; spikes are immense. Per pkt. 10c.

White Pearl The plants have the same vigorous compact habit of growth as the parent Machet, and is very free flowering. The flowers show a clear pearly white, speckled with red, not easily found in Mignonette, (see cut). Per pkt. 10c.

Large Flowered (Mixed)—The common sweet Mignonette. Per pkt. 5c; oz. 10c; ¼ lb. 25c.

MATRICARIA CAPENSIS ALBA.

(Double White, Fever-Few)

A garden plant of easy culture, button shaped and very double. Per pkt. 10c.

**Marigold—Large African.****Mignonette-Gabrielle.****MARICOLD.**

A well known free flowering plant of easy culture. The African is tall and strong growing, and best adapted to mixed borders. The French, grows dwarf and is more suitable for bedding purposes and pot culture. (see cut).

Legion of Honor—Dwarf compact about 15 inches high, with dark green fern-like leaves star-like flowers distributed over the surface, flowers golden yellow with petals marked with reddish brown. Per pkt. 10c.

Striped Grandiflora

Has the free flowering habit of the dwarf French and has fine striped well formed flowers. Per pkt. 10c.

Eldorado—Flowers very large, petals imbricated and extremely double color in all shades of yellow, from the palest primrose to the deepest orange, (see cut). Per pkt. 5c.

Dwarf French—(Mixed Colors)—Per pkt. 5c.

Large African—(Mixed Colors)—Per pkt. 5c.

**Nicotiana Sanderea.****NICOTIANA SANDEREA**

This valuable novelty is undoubtedly destined for universal use, and everyone can grow it successfully; it possesses all the best qualities of the Nicotiana Affinis, but it is decidedly of more branching habit. The flowers are a beautiful carmine red. Per pkt. 15c.

**Moonflower (Ipomea Grandiflora).****MOONFLOWER.**

(Ipomea Grandiflora.)

These have become celebrated as the finest growing of all the summer climbers. They grow with marvelous rapidity, reaching a height of 40 or 50 feet in a few weeks, and are covered with large, pure white, fragrant flowers in the evening and cloudy days. For covering trellises, arbors, fences, verandas and trees they are without a rival. (see cut). Per pkt. 10c.

Mesembryanthemum.

MESEMBRYANTHEMUM

OR ICE PLANT.

Dwarf growing plants of great beauty, well suited for edging and covering rock work, producing their star-like flowers in great abundance.

Crystallium—Leaves and stems appear as though covered with a coating of ice. Per pkt., 5c.

Cordifolium Variegatum—The leaves are distinctly variegated with green and white. Per pkt., 15c.

LOBELIA.

Very dwarf-growing plants. The *Erinus* species are the trailing varieties, most suitable for hanging baskets, vases, etc., and the *Compactas* are dense growing, used chiefly for edging, beds and ribbon gardening.

Crystal Palace Compacta—Dark-blue; splendid. Per pkt., 10c.

Nana Compacta—Very dwarf, upright-growing. Per pkt., 10c.

Erinus Gracilis—Light-blue; trailing habit. Per pkt., 10c.

NICOTIANA.

Affinis—A free flowering plant that produces delightful, sweet-scented flowers the entire summer. Per pkt., 5c.

MOMORDICA.

Very curious trailing plants, with ornamental foliage and remarkable fruit.

Balsamina—(BALSAM APPLE)—From East Indies; 10 feet. Per pkt., 5c.

Charantina—(BALSAM PEAR)—10 feet. Per pkt., 5c.

Maurandia.

LEMON VERBENA.

In this popular half-hardy shrub the leaves have a delicate lemon-like fragrance; flowers white. Per pkt., 10c.

LANTANA.

Hybrida Mixed—A vigorous growing plant with a profusion of flowers all summer. Per pkt., 5c.

LATHRUS LATIFOLIUS.

Perennial climbers, producing beautiful white rose and purple blossoms in clusters.

Albus—Per pkt., 10c.

Mixed—All colors. Per pkt., 10c.

Japanese Morning Glory.

MORNING GLORY.

IMPERIAL JAPANESE MIXED.

These are an improvement over the common varieties of Morning Glory, and whenever climbers are grown, these have a prominent place. They are of easy culture, and can be sown in the open ground, in a warm, sunny situation as the weather is settled, and all danger of frost is past, being a very strong and rapid grower, they soon cover a large area; often attaining a height of thirty to forty feet. The varied forms of the foliage are a decided novelty, the color and shadings of the flowers are beyond description. Our choice mixture contains nearly thirty distinct shades and colorings, ranging from deep rich purple to a pure silvery white, while to many of these, the solid colors are beautifully bordered in contrasting shades, and in others the coloring is diversified by rich tinged markings of spots of glowing colors.

Choice assortment of mixed colors. Per pkt., 10c; oz., 25c.

Imperial Japanese Mikado—A Superfine mixture of the ruffled and fringed sorts. Per pkt., 15c; oz., 35c.

MAURANDIA.

Graceful climbers for windows and conservatories, or for open grounds in summer. Very ornamental for hanging vines in vases or for covering stumps or low trellises.

Barclayiana—Purple flowered. Per pkt., 10c.

Giant Flowering—Mixed colors. Per, pkt., 10c.

MORNING GLORY

CONVOLVULUS MAJOR)

Handsome showy climber of easy culture. Suitable for covering arbors, windows, trellises, stumps, etc. Will grow in almost any soil.

All Colors Mixed—A [choice mixture] of many colors. Per pkt., 5c; [oz., 10c.

Marv. of Peru

MARVEL OF PERU.

(Four O'clocks).

The flowers, red, white, yellow and variegated, grow in clusters on the summit of the stem. They are exceedingly fragrant; expanding in the evening. (see cut).

Variegated Foliage—Mixed colors. Per pkt., 5c; [oz., 15c.]

Finest Mixed Colors—Per pkt., 5c; [oz., 15c.

Lobelia.

NASTURTIIUM—TALL OR CLIMBING.

(*Tropaeolum Major.*)

This variety of *Tropaeolum* or Nasturtium requires but little care, for seed sown in the spring of the year in any fair garden soil will produce plants 10 to 12 feet high before autumn. They do not require a rich soil, for a rich soil is apt to be productive of leaves rather than flowers.

Nasturtium Lobbianum.

Atropurpurea—Rich, velvety pink. Per pkt..... 5c
Coccinea—A bright orange scarlet. Per pkt..... 5c
Luteum—Pure, rich yellow. Pkt..... 5c
King Theodore—Velvety, dark crimson. Pkt..... 5c
Pearl—Cream white. Per pkt..... 5c
Scheuerianum—Of a straw color, splashed crimson..... 5c
Dunnett's Orange—Golden orange, garnet blotches..... 5c
Hemisphericum—Straw color, rosy blotches. 5c
Special Offer—1 package of each of the 8 varieties..... **25c**
Young's Own Choice Mixture—Equal proportions of each color, per pkt 10c; oz. 25c.
Mixed Colors—Per Pkt., 5c; oz. 15c.

NASTURTIIUM LOBBIANUM.

(Climbing Nasturtium)

They are as easily grown as the common tall growing varieties which they surpass in the remarkable brilliancy of color; very attractive for vases or hanging baskets or grown simply trailing on the ground.

SPITFIRE—Fiery red, very showy, pkt. 5c.
BRILLIANT—Fine scarlet, pr pkt. 5c.
NAPOLEON III—Yellow spotted brown, per pkt., 5c.
ASA GRAY—Primrose yellow, per pkt., 5c.

CHAIXIANUM—Yellow carmine blotches, per pkt., 5c.
ROI DES NOIRS—Blackish crimson, per pkt., 5c.
MIXED COLORS—Per pkt., 5c; oz. 25c.
SPECIAL OFFER—1 packet of each of the 6 varieties, 25c.

Tall Nasturtium—Sunlight.

NASTURTIIUM DWARF.

(*Tropaeolum Minor.*)

For show and constant bloom few garden flowers equal the old Nasturtium, which, by the way, has been greatly improved during the past few years in colors and habit of growth. They flower most profusely when planted in a poor soil and remain in bloom a long time; stand heat and drought without the slightest effect (see cut.)

GOLDEN KING—Flowers are very large, often three inches across, deep golden yellow, maroon blotches, per pkt., 5c.
AURORA—Salmon rose, mottled blush white, garnet blotches very distinct, per pkt., 5c.
CRYSTAL PALACE GEM—Sulphur, spotted maroon, per pkt., 5c.
KING OF TOM THUMB—Foliage dark green, flowers brilliant scarlet, per pkt., 5c.
PEARL—A pure white, per pkt., 5c.
LADY BIRD—Orange yellow with red spots, per pkt., 5c.
EMPRESS OF INDIA—A brilliant crimson, dark foliage, per pkt., 5c.
CLOTH OF GOLD—Golden yellow foliage, light scarlet flowers, per pkt., 5c.
SPECIAL OFFER—1 package of each of the 8 varieties, 25c.
YOUNG'S OWN CHOICE MIXTURE—In equal proportions of above varieties, per pkt., 10c; oz. 25c.
ALL COLORS MIXED—Many beautiful colors, per pkt., 5c; oz. 15c.

Platycodon

**PLATYCODON.**

Large Flowering—Chinese Bell Flower. Hardy perennial; bearing large, broad, bell-shaped white or blue flowers. (see cut.) Per pkt., 10c.

Japonicus Fl. Pl.—(Japanese Bell Flower. This is a free flowering variety with large glossy blue flowers. The inner petals alternate with the outside ones, which makes the flower have the appearance of a star. It grows from 12 to 20 inches high and blooms from June to October. (see cut) Per pkt., 10c.

Peas Everlasting

(Lathyrus Latifolius)

Perennial climbers, producing beautiful, white rose and purple blossoms in graceful clusters suitable for trellises, arbors, etc.

Albus—Per pkt., 10c.

Mixed—All colors. Per pkt., 10c

Petunia Double.

POPPIES.

An old favorite, exceedingly showy, making a gorgeous display during the summer months. All the Poppies are hardy. Sow the seeds where the plants are to flower, as they do not stand transplanting. (see cut.)

DOUBLE.

Japanese Pompon—A dwarf variety bearing a great number of double flowers. All colors mixed. Per pkt., 10c.

Double Carnation—Very double, and with finely cut or fringed petals. All colors mixed. Per pkt., 5c.; oz., 20c

SINGLE.

Tulip Poppy—(Papaver Glaucium)—This variety grows from 12 to 14 nche- high, each plant producing fifty to seventy-five flowers. Per pkt., 10c.

Danebrog—Large, bright scarlet, with white cross in the center. Per pkt., 5c.

Shirley—The colors are pure, soft and varied, and range from bluish white, delicate pink and carmine. Per pkt., 5c.

Island Poppy—A fragrant variety, flowering continually from beginning of June to October. Per pkt., 10c.

Cardinal—Flowers 4 to 5 inches across, of satiny white, with a distinct feathered margin of scarlet. Per pkt., 10c.

Special Offer—The full collection of five named varieties of single Poppy for 20c.

Single, All Colors Mixed—Per pkt., 5c.; oz., 25c.

Poppy.

PETUNIAS.

These are the leading window and garden flowers, and few give more general satisfaction. Always full of flowers and ever an object of great beauty, commencing to bloom early and continuing a mass of flowers throughout the season. Of easy culture. (see cut).

Single Giants of California Varieties.

Ruffled Giant—The flowers of this variety are of an extraordinary size and substance with very deep throats, and distinguished from the large ringed varieties by deeper fringing and fluting, giving the appearance as if it were artificially ruffled. All colors, mixed. Pkt, 2c

Fringed Giant—The flowers average 4 to 5 inches in diameter; they are of innumerable shades of color, all beautifully fringed. All colors, mixed. Pkt., 20c

California Giant—The flowers of this variety are of gigantic size, often measuring from 4 to 5 inches across. They are deeply mottled and veined, and range in every conceivable shade of pure white, crimson, lavender, pink, etc. (see cut). All colors mixed. Per pkt., 15c.

Special Offer—The three distinct Giants of California varieties for 40c.

SINGLE VARIETIES.

Hybrida Grandiflora—An extra large flowering variety; striped and blotched. Per pkt., 10c.

Snowball—The plants are of dwarf, compact, bushy growth, completely covered with small white flowers. Per pkt., 10c.

Dwarf Inimitable—A dwarf variety. Flowers single, color a berry red, with a white starlight center. Per pkt., 10c.

Fine Single—All colors; very choice; mixed. Per pkt., 5c.; oz., 40c.

DOUBLE VARIETIES.

Double Large Flowering Mixed—A magnificent strain, with flowers 3 to 4 inches across; very double, and all shades of color in crimson, white, rose and maroon blotched. Per pkt., 25c.

PORTULACCA.

(Flowering Moss)

A beautiful and popular annual, each plant covering a space of 2 feet in diameter, with flowers of almost every color imaginable; luxuriating in the warm sun and sandy soil. The drouth is never too long or the heat too intense. (see cut).

Double, All Colors Mixed—The flowers are perfectly double. Per pkt., 30c.

Portulacca Double.

SINGLE VARIETIES.

Striped	Per pkt., 5c
Crimson	5c
Yellow	5c
Rose	5c
Variegated	5c
White	5c

Special Offer—The full set of 6 varieties for 20c.

Single Varieties, Mixed Colors
Per pkt., 5c.; oz., 40c.

PYRETHRUM.

Parnifolium Arum—(Golden Feather). Dwarf-growing, extensively used for ribbon and carpet bedding; foliage a bright yellow. Per pkt., 5c.; oz., 50c.

PANSIES IMPROVED.
GIANT TRIMARDEAU.

Special Offer--One pkt. of each of the 12 distinct colors for 75c.
A strain of Pansy, which for variety, beauty, matchless forms, colors and markings have never been excelled. Flowers twice as large as ordinary pansies.

Giant Golden Queen--Pure yellow, spotless, 10c.
Giant Violet Blue--A dark marine blue, 10c.
Giant Adonis--A very bright red, 10c.
Giant Striped--Mahogany, striped with yellow. Per pkt., 10c.
Giant White--White blue blotches. Per pkt., 10c.
Giant Lord Beaconsfield--Purple, shaded white. Per pkt., 10c.
Giant Emperor William--Velvety royal purple. Per pkt., 10c.
Giant Violet and Gold--(Atropurpurea) Splendid. Per pkt., 10c.
Giant Margined--(Auriculiflora) Purple, edge white. Per pkt., 10c.
Giant Mahogany Color--Dark Brown, very distinct. Per pkt., 10c.
Giant Black Prince--Color pure dark velvety black. Per pkt., 10c.
Giant Yellow Prince--A pure yellow, with black center. Per pkt., 10c.
Giant Trimardeau--All colors, mixed. Pkt., 10c; 1/8 oz., 65c; 1/4 oz., \$1.25; oz., \$4.50.

YOUNG'S CHOICE PANSIES.

PANSY PRINCE HENRY

This is a strong growing variety with flowers often measuring 3 1/2 inches across. The color is a dark indigo, each petal having a blackish brown vein, blotched like the Bugnot race, from which it originates. The edges are slightly waved and frilled. Per pkt., 15c.

PANSY HERO.

A fine strong growing variety both for bedding and for cut flowers. It has large and well-shaped flowers, regularly curled and crimped, of deep blue color with contrasting lighter shades toward the outer petals. The plants are bushy and compact. Per pkt., 15c.

PANSY PSYCHE.

The plants of this variety are perfect in habit and very floriferous. Each flower is elegantly curled and undulated, which gives it a very handsome appearance. It is a violet color, surrounded by a broad white edge. Per pkt., 15c.

These three new varieties, postpaid, for 30 cents.

SUPERB PANSIES.

RUBY--Color, from scarlet, scarlet orange, wine red to rose. The flowers are exceedingly large and of a fine form. Per pkt. 15c.
BRIDESMAID--The ground color is a delicate rosy white, rivaling in delicacy and beauty the apple blossom. The center of the flower is regularly spotted with dark blotches to the outside. Per pkt. 15c.
MASTERPIECE--This variety differs from all other strains in the shape of the flowers, border of each petal being curled or waved, giving the flowers a double or globular appearance. Another feature of this marvelous strain is that it produces some tints of color not found in any other pansy. Per pkt. 20c.
FAIRY QUEEN--Color, a delicate azure blue, clearly margined with a clean-cut border of pure white, very distinct. Per pkt. 10c.
MAMMOTH BUTTERFLY--A French strain of pansies, with splashes and blotches as varied as the color of a butterfly. Per pkt. 10c.
EMPEROR FREDERICK--Color, a rich deep purple with golden bronze center, with a scarlet and yellow margin, very attractive. Per pkt. 15c.
PRESIDENT CARNOT--A fine variety, with deep velvety violet blotch across the surface of each of the fine petals, the other edge of which is margined with clear white. Per pkt. 15c.
COQUETTE DE POISSY--Color, rosy lilac, deepest at center, and shading to nearly white on the two upper petals. Per pkt. 10c. Eight distinct varieties; 1 pkt. of each variety for 60c.

Pansy Trimardeau.

YOUNG'S
PANSY MIXED,
a fair proportion of all the above Varieties, Choice Strain, Mixed Colors.

Per pkt. 5c.

1/4 oz. 35c.

For Pansy Plants see Page 96.

Pansies--Giant Trimardeau.

RICINUS.

Known as Castor Oil Plant and Palma Christi. A rapid growing foliage-plant, with large palm like leaves, much used for sub-tropical effects on the lawn or for center of beds of foliage plants. Half-hardy annual.

Borboniensis Arboreus—Very large and handsome foliage, 15 feet, (see cut). Per pkt., 5c.

Gibsonni—One of the most ornamental and showy varieties, with dark purple foliage. Per pkt., 5c.

ZANZIBARIENSIS—This is another distinct variety, surpassing in size and beauty all varieties. The leaves in a young state are a brownish purple, changing into a dark green with a reddish rim as they grow older. Per pkt., 10c.

Mixed Varieties—Per pkt., 5c. oz., 10c; lb., 50c.

Hardy Phlox.

PHLOX DRUMMONDII GRANDIFLORA.

The "Grandiflora," or large flowering varieties, are a great improvement over the older sorts, the flowers being twice as large and as freely produced. Color is very brilliant. (see cut).

	Per Pkt.
Pure White	10c
Crimson	10c
Brilliant Scarlet	10c
Striped	10c
Carmine	10c
Mixed	10c

The full set of five varieties, 25c.

PHLOX STAR AND FRINGED.

The flowers are perfectly star-shaped and exquisitely fringed, often measuring one and one-half inches across. Per pkt., 10c.

PHLOX, NEW DWARF.

Plants not over 8 inches high, and one mass of flowers; splendid for margins, low beds and pot culture.

All Colors, Mixed—Many sorts. Per pkt., 10c.

PHLOX, HARDY EVER-BLOOMING.

A hardy, ever-blooming variety, growing into strong bushes from 1 to 2 feet high, bearing immense heads or pinnacles of flower—8 to 10 inches long and 6 to 8 inches in diameter; varying in all the different shades of color of red, white and pink. (see cut). Per pkt., 10c.

Ricinus Borboniensis.

Phlox Drummondii Grandiflora.

SMILAX.

A valuable climber, either for the house or conservatory. Per pkt., 10c; ounce, 30c.

STOCKS.

(or Gilliflowers.)

Cut and Come Again—One of the best varieties of stocks for cut flowers; grows about 2 feet high, flowering continually from early spring until late in the fall; color pure white and very double (see cut.) Per pkt., 10c.

New Giant Perfection—A splendid variety of pyramidal growth, finest mixed. Per pkt., 10c.

Dwarf German—Ten Week—Mixed colors (see cut.) Pkt., 5c.

Phlox Star.

Stocks—Ten Week.

SWEET PEAS.

Sweet Peas are universal favorites. In addition to their beauty and ornamental appearance, they possess a rich and delightful fragrance, and are very valuable for cut flowers, bouquets, etc. Sow the seed 3 or 4 inches deep and supply brush or sticks for their support. Hardy annuals (see cut).

Young's Popular Collection OF SWEET PEAS.

The Following Ten Distinct Colors for 25c:

Dorothy Eckford. A pure white, very fine.

Hon. F. Boverie. Soft pinkish salmon; a charming variety.

America. Heavenly, striped with bright blood red on white ground.

King Edward VII. Magnificent large bright red flowers.

Othello. A deep maroon self color; of very large size.

Blanche Burpee. A grand flower of fine form; snowy white.

Admiration. A delicate shade of rosy lavender; one of the choicest varieties.

Lady Nina Balfour. The flowers are large and well expanded; color, delicate lavender.

Blanch Ferry. Striped pink and white; erect stems.

Lottie Eckford. Large silvery white flowers, shaded soft lavender.

POPULAR MIXTURE, containing an equal proportion of all the above colors. Per oz. 10c; $\frac{1}{4}$ lb. 25c; 1b. 65c.

YOUNG'S SUPERB COLLECTION OF THE

BEST SUMMER FLOWERING SWEET PEAS.

The Following Nine Distinct Colors for 25c:

Sadie Burpee. Well formed, snowy white, fine, large flowers.

Extra Early Blanch Ferry. A very early variety, striped pink and white.

Mrs. Jos. Chamberlain. Ground color is a silvery white, striped rosy pink.

Golden Rose. Extra large and extremely beautiful crimson pink, deepening at center.

Prince of Wales. Purple and light blue striped on white.

Stanley. Rich dark glossy flowers of large size and maroon color.

Countess Cadogan. Color, bluish purple standard and blue. Very attractive.

Agnes Johnson. Light pink shaded and buff color. Very pretty.

Mrs. W. Wright. Light lavender color; beautiful form and rich coloring.

SUPERB COLLECTION, containing an equal proportion of all the above varieties. Per oz. 15c; $\frac{1}{4}$ lb. 35c; 1b. \$1.00.

YOUNG'S

STANDARD COLLECTION OF SWEET PEAS.

Eight Large Flowering Varieties for 30c:

Mrs. Sankey. Pure white flowers; very large, stiff stems.

Lady Grisel Hamilton. Flowers of hooded form; light lavender.

Aurora. Flowers extra large, 3 on a stem and striped orange and white.

Jennie Gordon. Bright rose color shaded cream, very large flowers.

Royal Rose. Extra large and extremely beautiful; color, crimson pink.

Firefly. A favorite bright scarlet variety; large flowers and erect stems.

Prima Donna. A most beautiful bright shade of blush pink; flowers large and fine formed.

Gray Friar. Color, deep lavender on a silvery white ground. Very pretty.

STANDARD COLLECTION, containing an equal proportion of each of the above colors. Per oz. 15c; $\frac{1}{4}$ lb. 30c; 1b. 75c.

Prices of all the above varieties, 5 cents per packet; 10 cents per ounce.

SWEET PEAS, choice mixed, a fine assortment of all choice varieties. Per oz. 5c; $\frac{1}{4}$ lb. 15c; 1b. 40c.

FOR NOVELTIES IN FLOWER AND VEGETABLE SEEDS, SEE PAGES 21 TO 36.

Scabiosa.

SCABIOSA.

Nana Compacta — Commonly called Morning Bride, a very free-blooming annual. Valuable for cutting purposes (see cut).

Mixed Colors — Per pkt., 5c.

TRITOMA—Hybr da Empress.

This is a very attractive variety. It commences to bloom in June and continues the greater part of the summer. The color varies from deep orange to carmine. It is easily grown from seeds and blooms the first year if sown early. This variety is used a great deal for bedding and is a strong grower. (see cut). Per pkt., 15c.

SALVIA, OR FLOWERING SAGE.

Splendens—Scarlet Sage—Spikes of intensely rich scarlet flowers that continue in profusion until frost (see cut). Per pkt., 10c.

Bonfire—This is the finest variety of Salvia ever introduced; grows in a very compact oval bush about two feet high and producing spikes of brilliant scarlet flowers, which stand out stiff and erect, and it is not unusual for a plant to bear 200 spikes. Per pkt., 10c.

Coccinea—Fine free flowering. Per pkt., 5c.

Burning Bush — This variety makes a compact bush about 2½ feet high and produces long drooping spikes of brilliant scarlet flowers thrown well above the foliage; a dazzling effect when in full bloom. Per pkt., 10c.

SILVERSPOT

The most distinct feature of this novelty is its strikingly handsome spotted foliage. The leaves are rich, soft, dark green, with a light sulphur cream-colored spot of various sizes liberally sprinkled over them. The flowers are large and of an intense bright scarlet color; habit, dwarf and compact. Per pkt., 15c.

salvia.

Violet.

Tritoma

THUNBERGIA.

Alata — Rapid-growing annual climbers, 4 to 6 feet high, splendid for trailing over trellises, fences, etc. Beautiful flowers borne in profusion; buff, white, orange, etc. (see cut). Mixed colors. Per pkt., 5c.

YUCCA.

Filamentosa — An ornamental hardy plant, with large spikes of white flowers (see cut). 10c.

Thunbergia

VIOLET.

Favorite hardy perennial plants, admired for their beauty and fragrance. They flower the first year from seed (see cut).

Oderata—Single blue. Pkt., 10c.

Czar—Largest flowering variety. Per pkt., 10c.

SWEET WILLIAM.

Hunt's Perfection—A splendid strain, flowers of many bright colors, large size and various markings, including the finest auriculae-eyed varieties; of all colors (see cut). Per pkt., 5c.

Single—Mixed. Per pkt., 5c.

Double—Mixed. Per pkt., 5c.

Sweet Williams.

STOKESIA CYANEA.

This is a rare, beautiful, hardy perennial; easily raised from seed and will flower the first year, if sown early. The plants grow about 24 inches high, each bearing 20 to 30 lavender-blue flowers. It is in bloom from July until killed by frost, and is a choice variety for hardy borders and fine cutting. Per pkt., 15c.

Zinnia.

ZINNIA.

The plants form a handsome bush with perfectly formed double flowers, often measuring 5 to 6 inches in diameter, of easy culture and bloom continually throughout the entire summer.

Zebra-Striped—The flowers are a perfect form; distinctly striped and spotted with different shades of color. Per pkt., 10c.

Elegans Tom Thumb—Compact bushes, not over 12 inches high by about 14 inches in diameter. Flowers are perfectly double. All colors mixed. Per pkt., 10c.

Elegans, All Colors Mixed—Per pkt., 5c.

Mammoth Flowering Varieties.

Deep Yellow—Per pkt., 10c.

White—Per pkt., 10c.

Crimson—Per pkt., 10c.

Golden Yellow—Per pkt., 10c.

Orange—Per pkt., 10c.

SPECIAL OFFER—1 package each of the 5 different colors for 20c.

Mammoth, All Colors Mixed—Per pkt., 10c.

Vinca.

VINCA.

(Or Periwinkle.)

Handsome bushy plant, flowering freely during the hot summer months, and blooms the first season from seed.

Alba Pura—White. Pkt., 5c.

Rosea—Bright rose. Pkt., 5c.

Rosea Alba—White with rosy eye. Pkt., 5c.

All Colors Mixed—Pkt., 5c.

Giant Verbena.

VERBENA.

Class of universally popular bedding plants, well known and admired for their beautiful flowers, of almost every shade and tint of color. Good healthy plants can be produced from seeds as readily as almost any tender annual (see cut).

Young's Giant Flowered—The New Mammoth strain is absolutely the largest flowered Verbena known that can be grown from seed. A splendid mixture. Per pkt., 15c.

Young's Auricula Flowered—A mammoth variety, having a distinct white eye or spot in center of each petal; very striking and beautiful. Per pkt., 15c.

Annual Wall Flower.

WALL FLOWER.

Fine German mixed flowers on long spikes, deliciously fragrant; in many shades of color, chocolate and orange purple (see cut).

Mixed Single and Double—Per pkt., 5c.

Choice Strains in the following Colors in Separate Packets

Pure White	Per pkt., 10c.
Bright Scarlet	" 10c.
Blue	" 10c.
Striped	" 10c.
Superb Mixtures of all Colors	" 5c;
oz. 60c.	

SCHYZANTHUS.

Hydridus Grandiflora—It attains a height of about 12 inches, grows quite compact, and is literally covered with beautiful large flowers. The colors and designs vary so that one sowing will produce an abundance of colored flowers, which make an attractive garden. Per pkt., 10c.

WILD FLOWER GARDEN

These mixed flower seeds contain more than a hundred varieties of easy growing and pretty flowers, suitable for forming a wild flower garden; very useful for sowing alongside of fences and on untidy bare spots of ground which are frequently unsightly. Pkt., 10c; oz. 25c; 1/4 lb. 75c; lb. \$2.50.

Wild Flower Garden.

YOUNG'S NOVELTIES Scarce Plants OF SPECIAL MERIT.

New Rose—Richmond.

This Beautiful New Crimson Hybrid Tea Rose is of American origin it being raised at Richmond Ind. This splendid rose has extra large finely formed buds and flowers, strong robust grower, free and constant bloomer, color rich glowing crimson after the style of Liberty which variety it greatly excels. Strong plants 50c each.

New Rose Rosalind Orr English.

NEW ROSE.

ROSALIND ORR ENGLISH.

Hybrid Tea, a seedling from Chantenay; unapproached in brilliancy of color, a cerise pink, much the shade of a good Lawson; sends up splendid canes and plenty of them; the bud is very full, beautifully formed, of medium size, but opens into a fine large flower; one of the most lasting of roses, and bound to be a favorite with careful buyers on this account. Received certificate of merit from Horticultural Society of Chicago. Strong plants 50c each.

New Rose Etoile de France.

New Rose Etoile De France.

This Magnificent New Hybrid Tea Rose is the result of a cross between those well known varieties Madame Abel Chantenay and Fisher Holmes. It is a very vigorous grower and robust constitution with green bronzy foliage, long bud produced singly on stiff erect stems flowers large and of good form, color Red Crimson Velvet. A larger flower and stronger grower than Liberty; its large size and rich handsome flowers makes it especially desirable. This New Rose has never before been offered in this country. Strong one year old plants \$1.00 each by express only. Nice plants from 3 inch pots 50c each by mail postpaid.

New Abutilon—Frank Harris.

BEGONIA "TEMPLINII."

This is acknowledged, by all who see it, to be the most beautiful Begonia ever introduced; it is positively new. It has, indeed, the most remarkable combination and blending of colors ever found in a Begonia. We guarantee it to please you (see cut).

Price, strong plants, 50 cents each.

NEW PARIS DAISY.

Coronation—A splendid new white variety from England; has extra large flowers which completely cover the plant.

15c each; \$1.50 per dozen.

Fuchsia—F. Coopee.

NEW FUSCHIAS.

F. Coopee—Bright, pale, coral-red tube and sepals, clear violet corolla, deeper in color toward the edges; a very fine exhibition Fuchsia (see cut).

J. Lejeune—Enormous double corolla of clear prune or maroon, outer petals striped rose; sepals recurved and clear scarlet.

15c each, the 2 New Fuschias for 25c, by mail post paid.

NEW ABUTILONS.

FRANK HARRIS.

An excellent variety for pot culture, the growth is short-jointed and compact, making a neat, bushy plant. Flowers very large and much more cup-shaped than most of the Abutilons, color delicate satiny pink. A remarkably free-bloomer both summer and winter (see cut).

Arthur Belsham—Orange-red with deeper veins.

Menelik—Deep garnet.

Price, 20c each; the set of 3 varieties for 50c.

Allamanda Williamsii.

NEW DWARF ALLAMANDA WILLIAMSII.

This is the new dwarf or bush variety of the old favorite greenhouse plant. It bears large trusses of flowers at the tips of every branch, each flower three to three and one-half inches in diameter. Color rich golden yellow; very fragrant. It continues flowering the whole summer, and makes an elegant pot plant for house or conservatory (see illustration). 35c each.

New Begonia "Templinii."

MARQUERITE "QUEEN ALEXANDRA."

The single-flowering Paris Daisy has long been a favorite, not only as a cut flower, but also as a decorative pot plant during the winter months, and we predict for this pretty form even greater popularity. The pure white flowers are from 2½ to 3 inches in diameter, the greater percentage coming full double, not unlike an anemone-flowered Japanese Chrysanthemum. The remainder of the flowers on the same plant come semi-double and single, all of which are very handsome. 15c each; 2 for 25c by mail post paid.

TWO NEW CLIMBING DOUBLE NASTURTIUMS.

These splendid New Climbing Nasturtiums have proved the finest yet introduced; they grow five to six feet high, and are covered with large brilliant sweet-scented flowers all Summer and Fall. The colors are very rich and handsome. For size of flowers, and richness and variety of colors, these New Hybrids have no equals among Nasturtiums; they are splendid for beds, low trellises, vases, etc., and most surely deserve a place in every garden.

Double Yellow—A strong climbing variety; continues to bloom the entire summer. The flowers are 3 inches or more in diameter; and are perfectly double, of a bright yellow, with a rich crimson feathered blotch at the base of each petal.

15c each.

Double Crimson.—Similar to the above in growth; rich fiery-crimson.

Price, 15c each, the 2 varieties for 25c.

NEW CANNAS

OF SPECIAL MERIT.

The following are introductions of 1903 and 1904, and have had a careful trial with us. We found them of exceptional merit and most desirable additions to any high-grade collection.

King Humbert. In this grand new Italian Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers, which, under ordinary cultivation, will measure 6 inches in diameter, and which are produced in heavy trusses of gigantic size, are of a brilliant orange scarlet with bright red markings, while the foliage is broad and massive and of a rich coppery-bronze with brownish green markings, bold and effective; 5 feet. 25c each.

Pres. Meyer. A glorious Canna with large flowers in immense trusses; color, rich cherry-carminé, producing a gorgeous effect; bronzy foliage; 4 feet (see cut). 20c each.

Harry Laing. Exceedingly large, well-rounded flowers of rich, glowing scarlet suffused with orange; 5 feet. 20c each.

Sec. Chebanne. A grand pink variety; color, a rich shade of soft, rosy pink, slightly dappled with deep rose. Flowers are very large and of good shape, with broad well-rounded petals, and frequently measure two inches across, very thick and do not fade easily in the sun. 20c each.

SPECIAL OFFER. The set of 4 new Cannas described above for 75c, postpaid.

Pres. Meyer.

NEW CARNATIONS

FOR 1906

The new Carnations are the most popular, beautiful and durable cut flowers for personal wear and decorations. The mammoth new ones are giants in size, some $3\frac{1}{2}$ inches across. Beautiful in coloring, perfect in form and shape of flower. Strong stems, free blooming and fragrant; useful for every occasion. The best Carnations rival the best new Roses in popularity.

Robt. Craig. Color, dark scarlet, large full flowers, $3\frac{1}{2}$ inches, with a 30-inch stem which holds the handsome flower perfectly.

Helen Goddard. The color is a very bright shade of clear pink without a trace of either blue or salmon, and the color holds its brightness until the bloom goes to sleep. Size, 3 to $3\frac{1}{4}$ inches.

White Perfection. Color, pure white, size full $3 \times 3\frac{1}{2}$ in. form perfect, stem stiff and wiry, fragrance, spicy clove. Early and free flowering.

Tippecanoe. A splendid new variegated variety; white with distinct red stripes, making a most pleasing effect. It is a very large flower and more free than any of its class.

Lady Bountiful. Color pure glistening white, size $3\frac{1}{2}$ in., perfect form, very fragrant. A strong feature is its wonderful blooming qualities. This is one of the best new whites of last year.

Gold Nugget. The first yellow that can be pitted against Buttercup in point of color and in all other points of that celebrated variety. Strong grower and free flowering. long, strong stem. Flowers 3 inches in diameter and a deep golden yellow.

Tippecanoe and White Perfection.

Price 20c each. The set of 6 New Carnations for \$1.00, by mail, postpaid.

Clematis Ville de Lyon.

NEW LARGE-FLOWERING RED CLEMATIS VILLE DE LYON.

A large-flowering red Clematis has been a desiderata for a long time. A number of varieties has been offered at various times, but until the introduction of this sort, which was first shown at Paris in 1900, all have lacked not only color, but size and constitution. In this variety we have a bright carmine color, flowers of large size, and a plant which is as free-flowering and as strong a grower as the well-known and popular purple Jackmani. (see cut.) 75 cts. each.

NEW HYBRID CLEMATIS.

An entirely new and distinct type of Clematis, the result of crosses between *C. cocinea* and *Star of India*, combining all the good points of their parents in hardiness, vigorous, robust growth and freedom of bloom, which, together with this novel coloring and shape, make them valuable additions to the list of hardy climbers.

Countess of Onslow. Bright violet-purple, with a broad band of scarlet through the center of each petal; of open, bell-shape form.

Duchess of Albany. A beautiful bright pink; deeper down the center, softening to lilac-pink round the margin; campanulate in shape.

Duchess of York. A delicate and pleasing shade of pale pink, with a deeper tinge in the center of each petal; of campanulate form.

One year old plants of any of the above 75c each. The set of three varieties for \$2.00.

BARROWSII—A Sensational New Fern.

At the great exhibit made at the recent Convention of the Society of American Florists at Washington, D. C., this magnificent new Fern was the centre of attraction. In comparison with other varieties there shown it easily outranked them. This is the opinion of experts. We believe it to be an improvement over all other forms of the feathery frond varieties, *Piersoni*, *Elegantissima* or *Tarrytown*. It is the hardiest and best, with fronds more dense, more finely pinnate and more massive and delicate. It thrives in the same temperature and under the same conditions as the old reliable *Boston Fern*. It has more fronds than any other form, and is well supported by stout mid-ribs in short it is more shapely and bushy. The plants are very dwarf and compact, and to those not acquainted with the wonderful beauty of this new class of Ferns it will come as a revelation. Price from three inch pots 50c. Price from five-inch pots 75c.

Nephrolepis Scotti. The Dwarf Boston Fern.

As a decorative house plant we believe that this will give better satisfaction than any Fern now in cultivation. In a general way it may be described as a miniature Boston Fern, the whole plant being dwarf and more compact. The fronds are shorter and narrower, gracefully recurving and which even in a small specimen makes a finished plant with which no other variety can compare. Price from Three-inch pots 25c. each. Five-inch pans 50c. each.

New Fern—Scotti.

New Fern—Barrowsii.

New Mum.—Dora Stevens.

CHRYSANTHEMUMS.

Young's Novelty Set for 1906.

Price, each, 20.; or the Set of six for \$1.00, postpaid.

Clementine Touse. Pure glistening white, very chaste. Flowers of great substance, loosely incurved and very symmetrical. Of dwarf habit, though very robust. One of the finest Japanese incurved introductions.

Dr. Galloway. Flowers of very large size, creamy white; incurving from first opening to finish, when it appears like a huge snow-white ball. One of the best white varieties for all purposes. This variety received first premium for best white at the great chrysanthemum show in New York last November.

Merstham Yellow. The largest yellow obtainable at this date; habit and foliage beautiful; color a fine, bright shade, form, a compact and broad reflex, excellent keeper.

Dora Stevens. Color, bright "old rose," the prettiest of this shade; form exquisite, reflexing and curling, showing the color to its best advantage. Splendid stem and habit and an easy doer. (see cut.)

Mrs. H. A. Allen. Deep rosy magenta color, especially fine; very large, with broad, wide spread petals; very showy both in size and color.

Amateur Conseil. Is the biggest of them all, it looks mammoth. It is Red and Gold of gorgeous shades, reflects till it shows pure Red, and is deep beyond belief. A strong grower taking care of itself.

NOVELTY GERANIUM.

M. S. Breton. A geranium that will be sought by the most fastidious. Truly the finest geranium for bedding out, and for conservatory and window decoration. A grand velvety scarlet, flowers semi-double and enormously large; beautiful in form with white eye.

Price 25c. each, \$2.50 per dozen.

NEW COLEUS.

The following three varieties are a selection of the handsomest and best sorts from our latest French importation. The colors and markings of these splendid new sorts are simply gorgeous, and are a decided improvement over all varieties now in cultivation.

Dunevia. The color is a deep wine crimson, with lighter shadings velvety in texture, one of the handsomest novelties of late years.

John Pfister. Very dwarf ingrowth, finely cut foliage, beautiful red color, an ideal edger.

Anna Pfister. Exactly like the above in habit and style, but a beautiful shade of yellow.

Price 10c. each, the set of three 25c.

NEW LANTANAS.

Trochere. (Bruant Race)—Dwarf and compact in growth; color an odd shade of red, with yellow and orange centers; very bright and pretty. A good strong color.

Snow Queen. A dwarf variety with large white flowers of extra size.

Price 15c each, the set of four new Lantanas for 50c by mail postpaid.

The Dwarf Lantana. Is one of the most popular of bedding plants, and is used in very large quantities. The new sorts are so compact and free in bloom that they produce very beautiful color effects.

Mer. Jaune. ("Yellow Sea.")—A beautiful semi-dwarf variety, bearing in profusion golden yellow blooms; a strong, free branching grower with rigid stems and extra large umbels, florets large and open; makes a grand border of yellow.

Lantanas.

NEW GERANIUMS FOR 1906. BRUANT TYPE.

NEW GERANIUM.--"PIERRE LALANDE."

GRAND NEW SINGLE GERANIUM. "TELEGRAPH."

With the great number of Geraniums now on the market, a new variety must be particularly meritorious to command attention. The interest, however, does not diminish, as plant lovers are always eager to secure the very latest novelties in this--"the People's Flower." This variety is undoubtedly the most distinct introduction in this line for many years. It is pronounced by expert judges to be the finest Geranium in existence. It has received more honors than any other Geranium in commerce. For the winter window-garden it is unexcelled. The plant is a strong, vigorous grower, bearing immense trusses of single flowers of mammoth size. The color is a rich, deep orange-rose. We carry in stock the most complete and distinct collection of Geraniums in cultivation but this variety has every quality that a great new variety should possess and surpasses anything in our collection. We suggest that our customers give it a trial and we are confident that after they do they will share with us in our enthusiastic endorsement of it.

Price strong pot plants: 20c each; 3 for 50c; \$1.75 per doz.

TWO GRAND NEW HELIOTROPES.

15c Each. The Two Varieties for 25c.

Lueur d'Opale.—Plant low and branching, compact and robust; very free flowering, trusses extremely large, florets very broad, azure-lilac, passing to pearl-white, with yellow eye. Odor very powerful; color, bright and pleasing.

Buisson Fleuri.—Plant semi-dwarf; extremely beautiful in growth; free grower, easily propagated; the plant is covered with bloom, trusses extremely large, florets large and flat-faced; color, rosy-violet with star-shaped white eye.

NEW YELLOW PRIMROSE BUTTERCUP.

A grand novelty for Easter plants; grows easily, requiring no special culture. Flowers bright yellow, slightly fragrant and produced in continuous succession for months. Strong plants in bloom, 20c each; 3 for 50c.

NEW VERBENA, ELLEN WILLMOTT.

NEW VERBENA, ELLEN WILLMOTT.

Of recent introduction and one of the most meritorious novelties amongst the Verbenas. It differs widely from all other Verbenas, being the only one of erect habit, growing from 12 to 18 inches in height and producing large heads of very showy, bright carmine flowers with a dark eye, blooming from the early part of Summer till late in the Fall.

When first shown in London and Continental markets where it is highly appreciated, this Verbena proved to be a ready money maker. It makes a fine pot plant, is equally valuable as a cut flower and an excellent bedding plant, and no garden should be without this striking new variety. Price 15c each; \$1.50 per dozen.

25c each; the set of 6 for \$1.00

Radium.—A very compact free grower, producing very large trusses of big single flowers which cover the plant. Color, pure dazzling scarlet with point of white at the center, single and of fine form. Grand for massing; a most promising commercial sort.

Heras Del'Moungar.—Flowers double of the very largest dimensions; petals large and round. Color, crimson red. A large handsome flower.

Mme Breton Duverney.—This fine novelty belongs in the class with *Beaute Poitevine*; has large trusses of enormous flowers of elegant semi-double form. Color daybreak pink with silvery shadings.

Fleuve Blanc.—"River of White." The first double white Bruant, obtained after long years of trial; the first of the type was *Heteranthe* or *Bruantii*, for many years our best scarlet bedder; from this M. Bruant has for years been giving us lighter and still lighter shades, until finally the single white *Precurseur* was secured and this year he gives us the double white, *Fleuve Blanc*, pure in color, elegant in form, of fine size, promising to be in whites what *Ricaud* is among scarlets.

Satellite.—A single Bruant, remarkable for its freedom of bloom; has fine trusses of circular flowers; salmon pink with white center; very fine.

Pierre Lalande.—Enormous trusses, with single flowers of the very largest size; a beautiful deep shade of salmon; vigorous grower (see cut).

GERANIUM "TELEGRAPH."

New Phlox F. G. Von Lassburg.

Dianthus Semperflorens, Napoleon III.

This charming hardy Pink is by no means new. We have been growing it for many years, but until now have been unable to produce it in sufficient quantity to enable us to offer it in a general way. This season our propagations look so promising that we feel certain of being able to supply all demands. The plant is of sturdy, compact growth, rarely exceeding 10 inches in height, and from early in summer until very late in fall it is a mass of brilliant blood-crimson flowers, with a most delicious clove fragrance. A plant that always attracts attention and which is admired by everyone. Ready in April. 25c. each; \$2.50 per dozen.

Tree Rose.

TREE ROSES.

The Tree Roses are grafted on hardy rose stalks 4 to 5 feet high, are tree-shaped and when in full bloom are objects of beauty, making handsome plants for the lawn or rose border. In this shape we offer the Hybrid Perpetual. We have the following named varieties. They have been selected as the best flowering.

La France. Bright satiny pink.
Gen. Jacqueminot. A bright crimson.
Mrs. John Laing. A clear shining pink.
Ulrich Brunner. Color a glowing crimson. Strong plants, well branched, of any of the above varieties, \$1.00 each; \$9.00 per dozen.

New Spirea.

Callosa Alba. Pure white flowered dwarf-growing variety, very good for edging beds of taller growing shrubs. 35c. each.

New Weigelia.

Eva Rathke. The finest Weigelia in cultivation. A variety that is at once a remarkably free bloomer, flowering continuously throughout the summer and autumn; of an entirely distinct color, being a rich ruby-carmine, quite different from anything heretofore offered. (See cut.) 50c. each.

NEW GOOSEBERRY PEARL.

The Highest Recommended of any New Fruit in America.

SILAS WILSON, Pres. of the American Association of Nurserymen says:

Dear Sir:—The Pearl Gooseberry is a great sight. There could be no more berries on the stem without crowding off the leaves. It is wonderfully productive, and I am pleased to find the quality so good. **The best Gooseberry I ever saw;** nearly sweet. There is no question about its future. 25c. each; \$2.50 per dozen.

THREE GRAND HARDY PHLOXES.

The author of "A Woman's Hardy Garden" Says:

"There is no flower in the garden more beautiful, more easily cultivated, or giving so much bloom as the Phlox. I certainly could never have a garden without it." Like other perennials the new varieties are most beautiful. The three varieties here offered are splendid improvements in their several colors, and should be included in every first class collection.

F. G. Von Lassburg. The finest white in cultivation, the individual flowers being fully double the size of any other variety, pure in color, and a strong, clean, vigorous grower.

Coquelicot. Fine pure scarlet, with deep carmine eye.

Semiransis. Purplish crimson, very bright, finely formed flowers of the largest size. 35c. each, set of three for \$1.00.

New double Pure white Althea, Jean d'Arc.

Althea, Jean d'Arc. New Double Pure White

This is undoubtedly the finest Double Pure White Althea ever introduced. It attracted wide attention and occupied a leading position at the St. Louis World's Fair last year.

It bears splendid large double pure white flowers like roses, 3 to 4 inches across, as shown in the illustration. Extra fine for all kinds of ornamental planting and florist work. Price one year old plants 25c. each; two year old plants 50c. each.

New Blackberry "Blower."

Of largest size and best quality, and having so little core that it cannot be noticed in the eating. It far surpasses any blackberry on the list to-day.

A strong, erect grower with strong stem branching freely; will root from tip of branches like a raspberry. Hardy, having endured 20 degrees below zero and produced a good crop. Forms a neat compact bush 4 to 5 feet high, producing its immense fruit abundantly. 15c. each; \$1.50 per dozen.

ILLUSTRATIONS ON COVER AND COLORED PLATE.

"KILLARNEY," The New Hardy Everblooming Irish Hybrid Tea Rose.

Our colored illustration opposite does not begin to do justice to the soft but rich color of this beautiful new Irish Rose, which, because of its many sterling qualities, is certain to become a general favorite.

It has been thoroughly tested in this country, and all who have grown it agree that both as a rose for outdoor culture as well as for growing under glass it has a brilliant future. It is perfectly hardy in this latitude, having withstood the severe winters of 1903-'04 without protection; in growth it is strong and robust, and as free flowering as any rose we know. In color it is a sparkling, brilliant, imperial pink; the blooms are large, the buds long and pointed, the petals very large and of great substance, and just as handsome in the full-blown flower as in the bud form.

This is a grand Rose for the garden or lawn, and sure to give satisfaction. It is a clean, handsome grower, an early and profuse bloomer; both buds and flowers are extra large and beautiful. You will make no mistake in including the "KILLARNEY" rose in your order, as it is a variety that has come to stay.

Price, Strong 2 year old plants, 75c each, by Express only.
Price, Strong 1 year old plants, 50c each, by Express only.

2 BEAUTIFUL NEW HARDY EVERBLOOMING ROSES

AS SHOWN ON FRONT OF COVER

GENL. McARTHUR, A GRAND, NEW, EVERBLOOMING CRIMSON SCARLET ROSE. (See Illustration, Front of Cover.)

General McArthur is a Hybrid Tea Rose, as fragrant as a rose can be, has good sized flowers and blooms continuously.

The bud when first opening is the brightest crimson scarlet and the flower retains this perfect coloring until it drops its petals. Blooms continuously the whole season through and gives fine stems for cutting. In habit of growth is remarkably good, making strong, shapely plants that may be depended on for large flower shoots. Will be found perfectly hardy south of St. Louis, but would advise slight protection with leaves or straw further north, although with us it has stood out unprotected when the glass registered several degrees below zero.

Price—Strong plants, by mail, postpaid, 25c each; large plants, by express only, 50c each.

MAD ABEL CHATENAY. GRAND, NEW, PERPETUAL BLOOMING VARIETY OF GREAT BEAUTY. (See Illustration, Front of Cover.)

This is the grandest Rose of its color that has been introduced for years. It is perfectly hardy and very free flowering, producing flowers of exceptionally large size, very full and double the best of its color which is rosy carmine shaded dark. Does remarkably well in open ground. An extra good Garden Rose.

Price—25c each, by mail, postpaid; large one-year-old plants, by express only, 50c each.

SPECIAL OFFER—The 2 Roses as Shown on Front of Cover:

1st size large one-year-old plants, the 2 for 75c; strong young plants from 3-inch pots, the 2 for 40c; by mail postpaid.

FIVE GRAND NOVELTIES IN VEGETABLE SEEDS FOR 40 CENTS.

AS ILLUSTRATED IN COLORS ON BACK OF COVER.

SELECTED FROM THE CHOICEST AND BEST
VARIETIES ON OUR OWN TRIAL GROUNDS LAST SEASON.

THE BEST FOR FAMILY USE.

NEW MUSK-MELON—YOUNG'S NETTED GEM.

This is a grand variety. The melons are even and regular in size and form; slightly oval. They are always finely netted. Flesh, light green in color, melting and very luscious in flavor, and ripens close to the stem. It has a very thin rind. The vines are of strong, healthy growth, comparatively short, and branch freely, setting a large number of fruits close to the hills. Per pkt. 10c; oz. 25c.

NEW RADISH—WHITE IVORY.

This variety of Radish is turnip shaped and measures about 2 inches in diameter. The flesh is snow white, solid, crisp and of mild, delicious flavor. The foliage is green and extremely small. Its extreme earliness, handsome appearance and superb quality cannot fail to make this a very popular White Turnip Radish for the Home Garden. Per pkt. 10c oz. 25c.

NEW BEET—YOUNG'S DEFENDER.

This is a superb variety. Extra early, round, smooth, blood-red; popular both for the market and home garden; foliage small. The flesh is very fine grained and free from any woodiness, even when fully grown. Per pkt. 5c; oz. 15c; ¼ lb. 25c.

NEW PEAS—YOUNG'S ENORMOUS.

This is a Large Podded, wrinkled variety. The vines have heavy stems with large light green leaves, and grow 3 feet high. It produces uniform large pods measuring from 4 to 4½ inches in length, with large peas of the finest flavor. They remain tender and sweet for some time after they are large enough to use. Per pkt. 10c; pint, 25c; quart, 45c.

RADISH—YOUNG'S IMPROVED CRIMSON.

A fine variety, of early Turnip shape. We have frequently had them ready for use eighteen to twenty days after sowing the seed. The skin is a glowing scarlet; the flesh, pure white, crisp, tender and mild. Per pkt. 10c; oz. 25c.

THIS FULL COLLECTION of Selected Vegetable Seeds By Mail POSTPAID FOR 40 CENTS.

Be sure and order this collection when ordering, as it cannot be excelled.

Rose "Killarney"
For description see opposite page

YOUNG'S SELECT ROSES.

NEW ROSE, BABY RAMBLER.

THE EVER-BLOOMING DWARF CRIMSON RAMBLER.

This new Rose, which was sent out by the name of Mme. Norbert Levavasseur, is a cross between Crimson Rambler and Glory of Polyanthus, retaining the color of the former with the exceedingly free flowering habit of the latter, as well as its dwarf growth.

The plants are very vigorous, grow to a height of about 24 inches. The foliage is dark, glossy, profuse and remarkably free from insects and fungus.

The flowers are borne in clusters, 30, 40 and 50 flowers to a cluster. They are in every way just like those of the Climbing Crimson Rambler and are produced perpetually. We have closely watched this new Rose in our greenhouses since November 1903 and they have never been without flowers from that time until the present day. We had a large bed in our grounds and there the plants were constantly in bloom until November—even in the hottest weather. This is a remarkable record. We have grown thousands of varieties of Roses, but have never met one that possesses all these remarkable qualities combined.

The greatest bedding and forcing rose in existence. It blooms every day of the year in the house. Out of doors from May until November. It is perfectly hardy and remarkably vigorous and free from insects and fungus.

Undoubtedly one of the greatest Novelties in Roses introduced for many years. It is entirely hardy, needs no protection and has come to stay. All lovers of beautiful roses will want the

New Dwarf Ever-Blooming Crimson Rambler.

Price, strong two year old plants 75c each.
2d size, one-year-old plants..... 50c "
3d size, strong plants..... 25c "

Rose—MILDRED GRANT.

Rose—"BABY RAMBLER."

PEACE. - - Tea.

The freest growing new rose of the season. Long, willowy stems bear large, solitary flowers of creamy white color.

A flower of grand build, from the very first bud-form till the rose drops its petals. In addition to its other good qualities, it is the very finest of all the summer blooming varieties.

Price, two-year-old plants, 50c each, by express only.

" second size plants, 35c each,

" third size plants, 20c each, by mail or express.

JOSEPH HILL.

An extraordinarily strong, heavy grower, producing stiff canes and dark foliage. The bud is enormously large and long-pointed, opening into a monster bloom of the most beautiful and clear shades of pure salmon, bright pink and pure gold. Very distinct in every point.

Price, two-year-old plants, 50c each.

" 2d size, one-year-old plants, 35c each.

MILDRED GRANT.

This variety we can recommend as a first rate bedder. The size of the bloom and the grandeur of form place this in the first rank of prize-winning varieties, while it is extremely free in producing its flowers, and of easy culture. Color is pearl white, very delicately blushed; the cut shows truthfully the grandeur of petal and beauty of form (see cut).

Price, strong two-year-old plants, 50c each.

Price, 2d size, by mail or express, 25c each.

C. Young & Sons Co.,

St. Louis, Mo.

Gentlemen:

The seeds and plants ordered all came O. K. We thank you most kindly for sending such a lovely rose.

Respectfully,

MRS. C. R. MULFORD.

Locahontas, Ills.

SPECIALTY IS ROSES.

YOUNG'S ROSES ARE SURE TO GROW AND BLOOM.

A WORD ABOUT PLANTS, PRICES, CULTIVATION, ETC.

IN SUBMITTING our revised list of roses to our friends and customers, we feel justified in saying that our plants this season are the largest and finest we have ever offered. The flattering letters received from many of our patrons, as to the satisfactory results obtained from stock purchased of us, have made us feel that our efforts to send out good and reliable plants are appreciated.

We have more than doubled our stock and are devoting a large area of glass exclusively to the cultivation of the rose, besides a large tract of land for the cultivation of the more hardy varieties.

All our first size roses are stored during the winter in cold houses or rose pits. This treatment is especially desirable for plants intended for out door planting, as it enables the grower to plant early in the spring before the foliage develops and places them in a condition for starting off vigorously, and naturally, thus avoiding the risk of diseases that attack plants grown in high temperature in forcing houses.

The first great requisite to success is a good soil, for no plant will repay high culture better than this. If you find yours deficient by nature and lacking the ingredients the rose craves, supply them artificially. Should it be too light or sandy try and obtain some soil that is heavier to mix with old manure and leaf mold from the forest. If you wish to use artificial fertilizers nothing is so good as finely ground bone meal, and if well mixed with the soil can be used without danger to the plants.

Having prepared well your ground, set the plants firmly, shading them for a few days should it be warm and sunny. As the season advances mulch the bed with well-rotted manure, leaves, or straw to prevent evaporation, and also give additional food to the plants. As you cut the buds from time to time do not leave too much foliage. If the plant is vigorous two good eyes are enough for the branch to break from again. This will give you foliage, without which no rose can be called perfect, and be a benefit to the plant also.

There are but few insects that trouble Roses, and little care and watchfulness will soon exterminate them. The Apis, a small green fly, is sometimes to be seen on them. A strong tea made of tobacco waste and the liquid applied either with a syringe or a whist broom, will soon rid the plants of them. Should the season be dry and you observe a brown appearance to some of the leaves, you will find upon examination small red mites on the under surface, these are called Red Spiders, and can soon be disposed of by the use of clear water, syringed or dashed on the underside of the leaves a number of times, as moisture is their worst enemy.

Having grown and enjoyed your roses through the Summer, you naturally desire to save them for another year, and although we would not object to supplying you with new stock every season, desire to assist you in your effort to save them, as far as advice will do it. In the Middle States many of the ever-bloomers can be carried over winter by cutting out all unripe wood at the close of the season, laying over and pinning down the canes nearly in a horizontal position, being careful not to break the grain of the wood, then cover with clean earth to the depth of from three to six inches according to the location and the severity of the climate. When this is done make a water-shed--if the plants are in rows--by nailing two boards together in the form of a V, and invert it on the row. If they are in beds, place the boards in any way that will shed the water best. This done, let them so remain until the season of frost is past. For the Northern States more care will have to be exercised and coverings of hay, straw, or evergreen boughs used in proportion to the severity of the season.

In these few lines we have tried to give those just commencing the cultivation of Roses some idea of their care and wants. A large number of those who receive the Catalogue need no such instructions. In fact, if we mistake not, many of them could give us suggestions from their wide experience that would be of value.

A WORD ABOUT PRICES AND SIZE OF PLANTS.

We divide our Roses into three classes, graded according to the age and size of the plants. Our first size are large, strong plants grown in five-inch pots, with plenty of buds and often in full bloom. We find a great many of our customers demand large Roses, preferring to pay a higher price to obtain plants that have acquired size and strength. Large roses do not, of course, require so much attention as the young plants, and they furnish an abundance of bloom right away. Our second size are good strong plants, grown in four-inch pots; these are also well set with buds. We sell thousands of this size every season from our Store 1406 Olive St. The third size are fine young vigorous plants, ready to bud, and will quickly come into full bloom. These are grown in three-inch pots, and are offered at such low prices that every one can put out a small bed and have plenty of Rosebuds from June to November.

We grow Only The Best. Old varieties that are inferior to their duplicates in color or among the new are discarded. We have thus greatly reduced our list this season, and added a large stock of new sorts.

What We Claim. We claim that we send larger and finer Roses for less money than any other firm in the business. Our smallest size is larger than the plants sent out by the mailing trade throughout the country, and our cold system of growing stock makes them infinitely better.

True To Label. If, through carelessness in selecting, or through plants having become mixed by accident, an order is not filled true to label, we will do our best to make the matter right when notified. Mistakes in varieties are especially vexatious, and we try in every way possible to avoid them.

Different Sizes. We call special attention to our FIRST SIZE ROSES. The constantly increasing demand for large Roses that will produce an effect at once, has induced us to grow them in large quantities for the present season. They are of one and two years growth, splendidly rooted, more or less branched, and in best condition for producing an abundant crop of flowers. On account of their large size they can only be sent by express (purchasers paying express charges); but with express orders we always add enough plants "gratis" to nearly cover the express charges.

Second Size Roses. These are strong, vigorous plants, five to ten inches high, and cannot fail to give satisfaction. They are specially grown and prepared for sending through the mail. In ordering this size sent by mail we pay the postage, and you have no charges to pay.

Roses by Mail. When only a few varieties of Roses are wanted, say from one to five dollars worth, the mails afford you splendid facilities for obtaining them. Packed, as we do, in strong wooden boxes, with live moss filling, they arrive in as green and fresh condition as when just taken from the greenhouse, and as we prepay the postage, you have no trouble or expense when you receive them.

Roses by Express. When the orders are large, or large plants are desired it is always safest and cheapest to have them sent by express. We always add "gratis" plants liberally with all express orders, and we warrant them to arrive in good growing condition.

In ordering from the following lists be sure to specify the size rose desired, **Whether to be sent by Mail or Express.**

C. YOUNG & SONS CO.

C. Young & Sons Co.,
St. Louis, Mo.

Nevada, Mo.

Dear Sirs:

Ferns came by express this A. M. in fine shape, could not be better. The collection of Roses and Carnations and Bulbs came by mail this P. M. all nice. Thanks for such nice plants.

Respectfully yours,
JOHN MIMSIS.

C. Young & Sons Co.,

Baldwin, Ill.

Dear Sir:

Your plants received in healthy condition and must extend my hearty thanks for the gratis plants; thanking you for the favor, I remain,

Respectfully yours,

MRS J. A. WEHRHEIM.

TWELVE

Superb New Roses.

The very best of all the New Roses
offered this season.

England's Glory—A very beautiful rose of recent introduction. The color is an exquisite shade of deep shell pink; petals of an enormous size. An exceedingly strong grower, throwing up heavy shoots which are crowned with long heavy buds and when fully matured make a flower equally as large as an American Beauty (see cut).

Gainesborough—This is a hardy everblooming rose and we doubt if there is any other variety that is equal to this in freedom of growth and profusion of flower. A good strong grower with beautiful foliage. Color a delicate tint of pinkish white. Flowers and buds very large and fragrant.

Countess Duss—An everblooming white rose which we believe has no superior in size and freedom in flowering. The color is a pure satiny white and deliciously scented.

Christine de Noe—This beautiful Tea Rose is very charming. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright deep green foliage; a constant and very free bloomer.

A Winnie Davis—Cross between "Kaiserin Augusta Victoria" and "Mme. Caroline Testout." In color it is salmon-pink, shading to pure white at the base of the petals. The bud is long and exquisitely formed; the open flower is superb. It is of vigorous constitution.

Augustine Hale—A hardy everblooming rose that flowers as freely as a Tea Rose. Color a beautiful dark crimson, very fragrant.

La Detroit—The new rose, which has been so largely exhibited and advertised. Shell pink, shading to soft rose; reverse of outer petals, cream colored; fragrant like that of old Bon Silene.

Ideal—A very beautiful Hybrid Tea Rose. The color is an exquisite shade of deep shell pink. It is free in growth, strong, heavy shoots, which are crowned with buds.

Souvenir De Pierre Notting—This grand new Rose has been well tested in this country, showing that it is well adapted to our climate. It is of strong, bushy habit, with splendid, deep green foliage, strong and healthy, so that it is almost immune against disease.

Mrs. Robert Garrett—A hardy ever-blooming Rose. The flowers are almost entirely double and extra large. Buds long and beautifully shaped. The color is a soft, rich pink. A remarkably strong grower, producing flowers abundantly. Very fragrant.

Alliance Franco-Russe—One of the startling new Roses of recent date. Flowers bright yellow, shading to salmon at the center; bright and pleasing; has a strong, upright stem and long bud. The growth is vigorous, and hardy, good foliage, showing a fine constitution. A very free and continuous bloomer.

Franz Deegan—This beautiful yellow Hybrid Tea is a fine grower, having dark, leathery foliage, and the good habit of throwing up numerous heavy canes, each one crowned by a glorious flower of large size, composed of large petals. The outer petals are of about the color of Perle des Jardins; the inner petals a good orange shade, very deep and rich. It is a constant bloomer, opening its buds freely: a strong, healthy grower, not subject to mildew.

Price, 20c each; the set of 12 varieties for \$2.00 by mail post paid. Large plants by Express only 35c each; the set of 12 varieties for \$3.50.

THE SET OF FOUR La France Roses.

PINK LA FRANCE.—One of the most beautiful of all roses, and is unequalled by any in its delightful fragrance. The flowers are very large, double; color is light silvery pink. It blooms continuously throughout the season. Stands first among the roses of our climate.

Price.....1st size, 25c; 2d size, 15c

WHITE LA FRANCE.—A seedling from "La France," retaining the habit of growth, fragrance, and blooming qualities of the parent variety, with flowers of a pearly white, shading toward the center to light rose.

Price.....1st size, 25c; 2d size, 15c

RED LA FRANCE. (*Duchess of Albany*).—It is a sport from La France and retains all of the characteristics of the type, with the blooms three to four shades darker, of a deep carmine-pink hue. The flowers are produced in profusion upon long stems; very large and double.

The growth is vigorous, with beautiful light green foliage.

Price.....1st size, 25c; 2d size, 15c.

STRIPED LA FRANCE.—A very beautiful sport from La France, which it resembles exactly except that it is beautifully variegated in bright rose on a satin-pink ground. A delightful addition to the La France family.

Price.....1st size, 25c; 2d size, 15c.

The Set of 4 La France Roses 1st size, \$1.00.

The Set of 4 La France Roses 2d size, 50c.

**RED, WHITE,
STRIPED
AND PINK.**

**For 50 Cents,
Postpaid.**

Young's Bargain Collection of Roses.

In this unique offer we group six summer-blooming Roses of established merit, and send them, *free by mail*, for 50c. As they are growing in pots they can be sent at any time, and may be kept in a sunny window, in pots, until time to plant out in the garden.

Clothilde Soupert.—The color is a French white, deepening to rosy-blush in the centre. Compact, vigorous habit and wonderful profusion of bloom.

Hermosa.—Generally known as "Pink Daily Rose," because it is never out of bloom; color, rich glossy pink under all conditions.

Golden Gate.—The flowers are extra large size; very double and full, and delightfully fragrant; ground color, rich creamy white, tinged with clear rose.

Gruss an Teplitz.—The reddest of all red roses. It is a rose for everybody, succeeding under the most ordinary conditions, blooming continuously all Summer.

Perle des Jardins.—Unquestionably the finest yellow Rose for either Summer or Winter flowering. The flowers very large and double, of perfect form. Color, a rich shade of yellow.

Safrano.—Bright apricot yellow, changing to orange and fawn, frequently tinted with rose. Desirable for outdoor planting and much prized for its fragrance and nicely shaped bloom.

The 6 Roses free by mail for 50c postpaid. If by express (buyer to pay charges), we can send them with all the soil on the roots, a great advantage. 1st size plants by express, the full collection for \$1.00.

Types of Flowers from Young's Bargain Collection of Roses.

Hardy Ever-blooming Rose, White Maman Cochet.

YOUNG'S COLLECTION OF POLYANTHUS OR SOUPERT ROSES.

The Polyantha Rose came originally from Japan, but these exquisite new varieties are introduced from Europe. They are exceedingly beautiful, deliciously sweet, and among the most constant and profuse bloomers we have. The plant is of low, compact growth, and quite hardy. Price, 1st size, 35c each; 2nd size, 25c each; 3rd size, 15c each.

CLOTHILDE SOUPERT.—This grand rose continues to be one of the best and most beautiful varieties for bedding purposes ever introduced; the flowers are borne in large clusters all over the bush. They are perfectly full and double and most deliciously sweet scented; color, beautiful creamy white, splendidly tinged with amber, deepening at the center to a clear bright pink. First size, 40 cents each; second size, 25c each; third size, 15c each (see cut).

PINK SOUPERT.—A lovely new ever-blooming rose, as beautiful as Clothilde Soupert, but deeper color; medium sized flowers perfectly full and double, very sweet, blooms all the time; color, fine rose pink, but variable, the same bush frequently bearing flowers of different colors at the same time; grows low and bushy and is quite hardy. First size, 40c; second size, 25c; third size 15c.

YELLOW SOUPERT (Mosella).—Makes a neat, handsome bush loaded with flowers all the time; never out of bloom during the growing season; medium size, finely formed flowers borne in large clusters, and quite fragrant; color, pretty buff or peachy yellow, fine for bedding and house culture. First size, 40c; second size, 25c; third size, 15c.

LITTLE WHITE PET.—One of the most lovely and beautiful miniature Roses imaginable; full regular flowers, perfectly double and deliciously perfumed; color, clear pink, passing to white tinged with pale rose.

SPECIAL OFFER.—The Soupert collection of 4 varieties, 3rd size, 50c by mail, postpaid. 2d size, 4 varieties, 75c; 1st size, large two-year-old plants, the 4 varieties for \$1.25 by express only.

THE THREE COCHETS.

Price of the Cochet set 20c each, the 3 for 50c; 2 year old plants 40c each, the set of 3 for \$1.00 by Express only.

Maman Cochet—One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half-expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose-pink.

White Maman Cochet—This is a superb variety. It is identical with its parent. Maman Cochet (the queen of all pink garden Roses) except in color of the flower which is snow white. The flowers are large and very double, making it of more than ordinary value in open ground. (see cut.)

Mme. Derepas Matrat—Called descriptively The Yellow Cochet. A pure Tea Rose, very free-growing and hardy in character, withstanding ten degrees below zero. It throws up fine, strong stems, crowned by solitary buds of grand size; the color is sulphur-yellow, blooms large, double, splendid form and freely produced. The ideal yellow bedder, ranking with the White and Pink Cochets in value as a Summer Rose.

FOREST PARK COLLECTION OF HARDY EVER-BLOOMING ROSES

A Bed of Roses in Forest Park, St. Louis.

The beds of beautiful Ever-blooming Roses in Forest Park have become famous, and that all may grow and enjoy these splendid roses we offer below the varieties planted in these beds. The illustration above shows their vigor of growth and free-blooming qualities. By ordering the "Forest Park Collection" you will obtain a very select assortment of the finest ever-blooming roses, that will be sure to prove entirely satisfactory.

No. 1. PERLE DES JARDINS—The flowers are very large and double, of perfect form. Color, a rich shade of yellow; a healthy, free grower, with beautiful foliage and unequalled in profusion of bloom. No collection of roses is complete without Perle. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 2. SOUVENIR DE LA MALMAISON—When used as a bedding rose in summer has no equal as it produces the most perfect flower in the hottest weather. Its rich, flesh-colored flowers are of immense size, and are produced in abundance, and have the requisite form and substance to withstand our hot, dry summer. Exquisitely fragrant. Each 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 3. MADAME SCHWALLER—This rose has the strong, firm growth of the hybrid perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June roses. The color is a bright, rosy flesh, paler at the base of the petals, and deepening on the edges. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 4. GENERAL WASHINGTON—This variety possesses all the desirable qualities of a bedding rose. The flowers are large, double and of a good form and very fragrant. Color, a deep red, shaded crimson and carmine. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 5. AMERICAN BEAUTY—This new rose of American introduction belongs to the hardy hybrid perpetual class, but it blooms almost as constantly as the teas. There is no doubt that it is a good rose for outdoor culture. It is a strong, vigorous grower, and a very free bloomer. The buds are extra large, very full and double, and exceedingly sweet. The color is a dark, rich crimson and most exquisitely shaded. The flowers are very lasting after cutting, keeping fresh and bright from one to three weeks. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 6. LA FRANCE—One of the most beautiful of all roses, and is unequalled by any in its delightful fragrance. The flowers are very large, double; color is light, silvery pink. It blooms continuously throughout the season. Stands first among the roses of our climate. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 7. SOUVENIR DE WOOTON—This superb rose is unquestionably one of the finest varieties ever introduced for summer blooming. The color is a beautiful shade of carmine crimson, delicately fragrant; a constant and most prolific bloomer, every new shoot forming a flower bud. It retains its color better than any rose of its class, and is exceedingly vigorous in growth, rendering it one of the most satisfactory roses for the amateur to grow. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 8. MADAME TESTOUT—A magnificent rose; flowers full very large, globular form; color, clear satin rose; petals bordered with tender rose, very fragrant; vigorous grower. This variety resembles La France, but its color is more deep, vivid and brilliant; flowers less full, but are better formed. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 9. CHAMPION OF THE WORLD—Color, rich glossy pink, delightfully fragrant, and is such a strong, vigorous grower, that it is almost impregnable against attacks of the insects which usually destroy some of our finest roses; thus it is certain to be unequalled for the garden or cemetery. A royal rose. It is a wonderfully prolific blooming variety. Every shoot is loaded with flowers. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 10. CLOTHILDE SOUPERT—One of the most prolific bloomers in the entire list. Beginning to flower when not over four inches high, and continuing without intermission the entire season. The flowers are borne in sprays, very double and handsomely formed. The outer petals are pearl white, shading to a center of rosy pink but varying sometimes on the same plant from pure white to deep silvery rose, a grand bedding variety. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 11. DINSMORE—A true perpetual bloomer; begins to bloom almost as soon as planted, and continues all through the season. The flowers are extra large, very double and full and quite fragrant. Color, bright fiery scarlet passing to fine rosy crimson; very showy and handsome and one of the best roses ever introduced for general planting. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 12. KAISERINA AUGUSTA VICTORIA—An extra fine white variety, faintly blended with cream color; very large, full double and perfect in form. Fragrance very delightful and distinct from that of any variety. A free and vigorous grower; excellent summer bloomer. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

No. 13. HERMOSA—We believe the Hermosa is the best known in the entire rose family, and a universal favorite. Hardy as a lilac bush and as free flowering as the geranium, it combines everything most desirable in a rose. The flower is cupped, finely formed and full color, the most pleasing shade of pink. Each, 1st size, 50c; 2d size, 25c; 3d size, 15c.

The third size may be forwarded by mail, but the first and second sizes are too large to be sent per mail, and must be sent per express.

SPECIAL OFFER OF FOREST PARK COLLECTION: Strong young plants, the set of 13 varieties, \$1.50 by mail 'or express. Large plants, the set of 13, for \$2.50, by express only. Extra large two-year-old plants, the set of 13, for \$5.00. When ordering, say the "Forest Park Collection" of Ever-Blooming Roses.

OUR ROSES ARE ALL GROWN ON THEIR OWN ROOTS

YOUNG'S SUMMER GARDEN COLLECTION OF ROSES.

12 VARIETIES FOR \$2.50.

We have selected the following as being remarkably handsome and free-flowering varieties. They will make a very attractive bed from which beautiful roses may be gathered all through the summer months.

This collection we offer only in two sizes; the first size in strong plants about nine inches high and over, from four inch pots, and the second size is from three inch pots and about five inches high.

Golden Gate—A glorious variety which was too long in partial obscurity, but which has recently attracted wide attention and is now very popular. It is a monthly ever-blooming sort, strong-growing, fine flower stems and used extensively for winter forcing. Color, creamy-yellow, with pink edges.

Marie Guillot—Perfection in form; flowers large and double to the centre. This variety holds first place among white Tea Roses in purity of color, depth of petals and perfection of form; grows well and is healthy.

Papa Gontier—One of the best garden Roses in our list. A pleasing shade of rich cherry-red towards the tips of the petals and a deeper tone—almost crimson—at the base. A strong grower and delightfully fragrant.

Perle Des Jardins—No Rose of its color is more valuable. Color, a rich shade of yellow; large size, perfect form, Tea fragrance; a healthy, free grower.

Souvenir de Wootton—The color is a beautiful shade of crimson, deliciously fragrant; a constant and most prolific bloomer.

The Bride—"The Bride" is a pure white Rose of large size and most perfect form. It has delicious Tea fragrance; a strong-growing, free-blooming Rose.

Souvenir de La Malmaison—This grand old variety, when used as a bedding Rose in summer has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, double to the center, are produced in abundance.

Duchesse de Brabant—Beautiful in the bud or expanding flower; color, a beautiful shade of soft rosy-flesh, deepening to warm pink and bright rose. A splendid Rose for the garden, blooms freely under any ordinary condition of growth.

Franz Deegen—For years we have been anxiously looking for a yellow ever-blooming Rose which was perfectly healthy, and would invariably produce perfect flowers under normal conditions of growth, which had strong, rigid stems, and had well shaped, double flowers, above all, a good color; these indispensable qualities are united in this fine variety.

Gruss An Teplitz—It is a Rose for everybody, succeeding under the most ordinary conditions, and will take rank with such old-time favorites as Hermosa, Souv. de la Malmaison, Clothilde Soupert, etc. In color it is rich scarlet, shading to velvety crimson; of larger size than Hermosa; very fragrant; a free, strong grower, and the most profuse bloomer known to us.

The Burbank Rose—The flowers are double, of fine form, nearly three inches across. The color is a deep rose-pink, shading to beautiful soft rose at the center. The petals are well incurved, so that the center is hidden.

Sunrise—This exquisite variety is one of the finest Tea Roses grown. The flowers are large and double, deliciously fragrant and free-flowering. The coloring is rich in the extreme, a strong orange-yellow, with rich orange and chrome-yellow in the centre.

SPECIAL OFFER—Price, Strong Plants from 3 inch pots 15c each; the set of 12 varieties for \$1.50. 2nd Size, Large Plants by Express only 25c each; the set of 12 varieties for \$2.50.

NEW HARDY CLIMBING ROSES

DOROTHY PERKINS.

A new Rose of American origin which has been highly praised by all who have tried it. The color is a beautiful, clear shell-pink, and it blooms in clusters. We append the opinion of Mr. W. C. Egan, a well-known rosarian:

"When a novelty proves exceptionally good I feel like calling the attention of my friends to it. I have grown about all the so-called Ramblers, but none among them can compare with the new climbing Rose, Dorothy Perkins. It flowers in clusters of from ten to thirty, each flower considerably over an inch in diameter, the stem to the cluster being quite long, thus making them available for cutting and interior decoration. The buds are of good length and rival those of that charming fairy Rose, Mme. Cecil Brunner, resembling bisque work in their daintiness. The flowers are fragrant and last a long time in good condition. It is said to have withstood a winter temperature of 20° below zero uninjured."

Price, 1st size, 50c each; 2d size, 25c; 3d size, 15c.

CLIMBING CLOTHILDE SOUPERT.

An invaluable addition to our list of hardy Roses of climbing habit. It has withstood a temperature of twenty degrees below zero. It blooms most profusely on growths made the previous season, producing hundreds of clusters of perfect flowers. The color is French white with a distinct centre of silvery-rose; flowers perfectly double even in the hottest weather. It is the healthiest climbing Rose we know, has never had any disease and should succeed everywhere.

Price, 1st size, 50c each; 2d size, 25c; 3d size, 15c.

CLIMBING WOOTTON.

Large deep crimson flowers, richly perfumed. It is a very vigorous grower, almost impervious to mildew, ever-blooming, so that flowers may be expected from well-established plants throughout the season. Too much cannot be said in praise of this grand Rose.

Price, 1st size, 60c each; 2d size, 25c; 3d size, 15c.

HARDY CLIMBING ROSE,

Mrs. Robert Peary.

(Or Climbing Augusta Victoria).

A pure white ever-blooming rose, probably the best of its color, of strong vigorous growth. The flowers are extra large, very deep, full and sweet. Color a rich shade of white delicately tinted with cream. Both flowers and buds are beautifully formed and borne on single stems. It blooms abundantly all through the season. Price, 1st size, 50c each; 2d size, 25c; 3d size, 15c.

CLIMBING CLOTHILDE SOUPERT.

Five Pure White Roses.

ALL HARDY.

Persons who wish a small bed of pure white hardy roses, suitable for cemetery or other purposes, will find this lot just what is wanted; good, vigorous growers and constant bloomers. They are all quite hardy, and very desirable for out-door culture in open ground.

BALL OF SNOW.—A truly elegant rose, very full and double; exquisitely fragrant; pure white in color and entirely hardy. It is invaluable for cemetery or other planting where white flowers are desired, as it blooms freely all summer.

COQUETTE DES BLANCHE.—Flowers large, pure snow white, very double, full and fragrant; a strong grower and constant bloomer.

EMELIA PLANTIER.—A vigorous grower; flowers yellow, changing to white. A free bloomer.

COQUETTE DES ALPS.—Pure snowy-white, sometimes shaded with blush; flowers full and pretty; blooms through the season.

MADAM ALFRED CARRIERE.—We know of no better white rose than this. It blossoms as freely as most of the Teas, although perfectly hardy; extra large, full flowers, very double and sweet; color rich creamy white; exceedingly beautiful (see cut).

Price, 25 cents each; the set of five varieties for \$1.00, by mail, postpaid. Large plants, by express only, 40 cents each; the set of 5 for \$1.50

C. Young & Sons Co.,
St. Louis, Mo.

El. Paso, Texas.

Gentlemen:—The flowers have reached me in fine condition and are doing nicely. Those that were budded have begun to open and are nice blooms. Thanking you for your prompt attention, I remain

Yours truly,
OLLIE T. LITTLEHALE.

MADAM A. CARRIERE.

Hardy Climbing Rambler Roses.

These sterling varieties of roses have made the greatest advancement in hardy climbing Roses that we have had for the last quarter of a century. They are all perfectly hardy and bloom in clusters for walls, pillars and porches or any other place where hardy climbing roses is wanted. Nothing can be more desirable.

CRIMSON RAMBLER.

The flowers are a glowing crimson, produced in large panicles, many of which have measured as large as 9 inches long and 7 inches across, covering the plant from the ground to the top. It is a very vigorous grower, often making shoots 10 to 12 feet long in one season; very valuable climbing rose.

Extra large size.....	\$1.00 each
First size, 2 year old.....	75c each
Second size.....	25c each

PHILADELPHIA.

This is a seedling from the Crimson Rambler, of a more robust growth and more elegant and graceful in habit, the foliage is similar to the Crimson Rambler, and less subject to mildew and insect attacks.

It will grow to perfection anywhere in the United States, and is perfectly hardy. The individual flowers are larger than the Crimson Rambler, and of excellent substance; color, a pure, soft violet rose, almost blush, base of petals yellowish white.

First size, two year old.....	\$0.75 each
Second size.....	25c each
Third size.....	15c each

HELENE.

This new rambler is a very strong, robust grower, attaining the height of 10 to 15 feet in one season, perfectly hardy; the flowers are borne in large clusters, from 8 to 20 flowers each; color a delicate rosy pink shade, suffused with salmon and yellow at base. The coloring is more beautiful than any other rose of its class.

First size 2 year old plants.....	75c each
Second size.....	25c each
Third size.....	15c each

Special Offer—The three varieties of Ramblers: First size for \$1.75; second size, 65c; third size, 30c.

JAPANESE TRAILING

—OR—

MEMORIAL ROSE.

It is difficult to conceive anything more appropriate, beautiful and enduring for covering graves and plots in cemeteries than the **Hardy Memorial Rose**. It creeps along the ground as closely as an Ivy, growing ten feet in one season and forming a dense mat of very dark green, lustrous foliage.

The flowers are produced in lavish profusion in July, fairly covering the plants.

WICHURAIANA — Beautiful fragrant single pure white flowers, with yellow stamens, followed in fall with bright red berries. The foliage is of a leathery texture, of a beautiful shining green, and not only proof against all insects, but is retained on the plants almost the entire winter, making them practically ever-green.

Price for Memorial Roses 15c each; the set of six varieties for 75c, by mail postpaid.
Large plants by express, 25c each; the set of six varieties for \$1.25.

The
**Crimson
Rambler**

A Wonderfully
Prolific
Bloomer.

Crimson Rambler.

EDWIN LONSDALE—A strong, healthy grower, with dark glossy green foliage. A very profuse bloomer. Flowers 2 to 3 inches in diameter; quite double. Color, a pale lemon white, with a delicate tea fragrance.

WM. K. HARRIS—A rose with the same peculiar and charming fragrance as Bon Silene. It is a vigorous grower with bright greens hining foliage. Flowers, pale flesh color.

WM. F. DREER—This variety is of a free growth, with fine foliage; double white flowers produced in clusters; sweet-scented.

ROBERT CRAIG—This is one of the most beautiful and desirable roses in the entire collection. An extra strong grower, with rich, glossy, dark green foliage. It forms an extremely pretty bud, in form and character similar to a Tea Rose, yellowish or light apricot in tint.

PROF. C. S. SARGENT—Flowers produced singly on stems one-half to one foot long when in bud, hardly distinguishable from Perle des Jardins, bright yellow and when open, cream color.

LOVELY EVER-
BLOOMING

Climbing Roses FOR THE South

Magnificent Varieties. Hardy
Here with Winter Protection.

Marchal Neil—A beautiful deep, sulphur yellow, very full, large, and exceedingly fragrant. It is the finest yellow rose in existence. It has a climbing habit, and where it is allowed to grow until it attains a large size, yields thousands of beautiful golden yellow flowers. Especially desirable in the South. Price, 1st size, 50c each; 2d size, 25c each; 3d size, 15c each.

The Mary Washington—This rose, so widely advertised during past years, is said to have originated in the garden of George Washington, at Mt. Vernon, over 100 years ago. It is an ever-blooming climbing rose of vigorous and rapid growth and makes a profusion of fine buds, which are borne in large clusters. The flowers are of medium size, pure white, perfectly double and very sweet. 1st size, 50c; 2d size, 25c; 3d size, 15c.

Climbing Meteor—The Grand New Velvety Red Rose. The brightest colored of all Roses. It has been called a Perpetual Blooming Climbing General Jacqueminot. All who know "Gen. Jack" will call to mind its beautiful, high-colored, rich, velvety red buds and flowers. Climbing Meteor is the Acme of all red climbing Roses. It is a free, persistent bloomer, and will make a growth of from 10 to 15 feet in a season. In bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and is literally loaded with its deep, rich, red flowers all the time. 1st size, 50c each; 2d size, 25c each; 3d size, 15c each.

Climbing La France—Rich peachy pink, deliciously perfumed; same beautiful buds as La France but a stronger and more vigorous grower. It is destined to be very popular in all localities where the bush variety does well and we are glad to offer it for the first time (see cut). 1st size, 50c; 2d size, 25c; 3d size, 15c, each.

Climbing La France.

4 Grand New and Rare Ever-Blooming Roses

Gruss an Teplitz—One of the very brightest colored roses extant, of peculiar lasting qualities, retaining its magnificent, vivid, rich, fiery red coloring even during the hottest summer weather. A handsome, clean grower; pretty foliage. Flowers of good size; a heavy and continuous bloomer. 1st size, 40c each; 2d size, 25c each; 3d size, 15c each.

New Hybrid Tea Rose, Liberty—Deep bright crimson scarlet, one of the richest colored roses we have; beautiful buds and large double flowers; very fragrant and constant bloomer; fine for house culture and cut flowers. Price, good plants, 25c; two-year size, 45c each, by express.

Queen of Edgeley (Pink American Beauty)—Resembles the famous American Beauty in every way except color, which is a bright clear pink. The flowers are immense, averaging over 5 inches across; very full and deep, exceedingly sweet and beautiful. 25c each; two-year size, 50c each, by express.

Sunrise—This is undoubtedly one of the most beautiful Ever-blooming Roses in cultivation. The flowers are extra large, perfectly double and delightfully tea-scented. Color dark peachy red, elegantly shaded with orange and crimson, like the sunrise tints seen in a summer sky; a truly magnificent Rose in every way. 35c each; two-year bushes, 50c, express.

SPECIAL OFFER—These four splendid Roses, one of each for 75c; large two-year-old plants, by express only, the set of four for \$1.50.

Grand Memorial Rose, Madame Plantier. Specially Recommended for Cemetery Planting.

Among all pure white roses specially recommended for cemetery planting, there are few finer than **Madame Plantier**. It is one of the hardiest of all hardy roses and does not Winter kill even in the coldest and most exposed localities. It is a strong vigorous grower, making handsome, upright bushes, and an enormous bloomer, sure to be covered with lovely snow-white flowers every season without attention. Makes hardy, healthy, handsome bushes that will take care of themselves and give lots of snow-white blossoms every season. Price, strong plants, 20c each, 3 for 50c, 6 for \$1.00. Two-year bushes, 30c each, \$2.50 per dozen.

Rosa Rugosa.

The Rugosa Roses are perfectly hardy; erect bushy growers of neat compact form; handsome glossy green leaves; bear great numbers of large single flowers, resembling wild roses, all through the season; the flowers are followed by golden yellow and red rose apples, which add very much to the beauty of the bushes. They are very useful and highly valued for planting with other hardy shrubbery in lawns, parks and cemeteries. We offer two varieties, good strong 1 and 2 year plants.

Rubra—Crimson flowers and fruit. Two-year size, 35c each, 3 for \$1.00, by express.

Alba—White flowers with golden fruit. Two-year size, 35c each, 3 for \$1.00, by express.

C. Young & Sons Co.,
St. Louis, Mo.

Gentlemen:

Plant arrived in good condition, for which accept thanks.
Also for the two fine (Gratis) roses you so kindly sent me.

Very truly,

Mary I. James.

Waterloo, Ill.

C. Young & Sons' Co.,

Dear Sir:

I received the rose bushes this morning. they are all in fine order and I am well pleased with them. Thanking you for being so punctual, I am,

Respectfully,

Mrs. Minnie Ford.

10 CHOICE FLOWER PLANTS.

ALL FOR 50c. DELIVERED FREE BY MAIL. JUST THINK OF IT!

If you are limited as to the amount you can spend for Flowers, we believe that you cannot get better value than by purchasing the following collection:

- Rose (Golden Gate)—Color, creamy white tinged with golden yellow and clear rose.
- Golden Wedding Chrysanthemum—The largest and best golden yellow variety for general use ever introduced.
- Geranium (Mrs. E. G. Hill)—Everyone likes geraniums, and while you are getting them, why not have the best fancy flowered sort?
- Cash Heliotrope—This new giant flowered sort is a dwarf growing variety, with black stems and enormous panicles of dark velvety violet flowers. Color is very rich and is sure to please. Either for pot culture or bedding.
- Canna (Gold Burbank)—Rich, clear yellow with fine crimson spots in center of flower.
- Ageratum (Princess Panlilar)—One of the most handsome varieties ever offered.
- Carnation (Enchantress)—A novelty of great merit. Color deep salmon pink, very fragrant, always in bloom.
- Evergreen Fern Rose—Among all flowering plants, no plant is so long lived and so free as the evergreen. It is a true plant, and its flowers are as fragrant as the roses, and of a delicate light blue color.
- Vinea Elegansissima—A beautiful trailing vine with bright green leathery leaves broadly margined with white. If you want a plant for hanging baskets, or for the greenhouse, there is no plant so well pleased.
- Fuchsia—"Charming"—Entirely distinct from any other variety. The flowers are an intense rich carmine.

YOUNG'S COLLECTION OF Tested Flower Seeds

Put up in Collections out of the Choicest Strains, which we know to be equal to the very best that are grown, and far Superior to those seeds that are generally sold in Collections. Please do not include these in the Rate Discount, or order to send such as a Premium.

Young's Best Collection of Tall Nasturtiums FOR OUTDOOR PLANTING

- Atropurpurea—Rich, velvety pink.
- Coccinea—A bright orange scarlet.
- Dunnett's Orange A—rich, golden orange.
- Hemisphericum—Straw color.
- Luteum—Pure, rich yellow.
- King Theodore—Dark crimson.
- Pearl—Cream white.
- Scheuerianum—Of a straw color.

FOR 25c We will send this Best Collection of Tall Nasturtiums by mail, postpaid, to any address in the U. S.

YOUNG'S SELECTED ASTERS

Six Distinct Varieties for 25c Mailed Postpaid.

In this collection we have selected six of the best varieties of Asters that can be grown. From our own experience we know that these varieties are very robust growers, and bloom continually throughout the summer.

- Improved Peony Flowered Perfection—Flowers very large.
- Victoria—A handsome variety.
- Queen of the Market—Very early.
- Giant Comet—Very large and double.

Vick's Branching—Late flowering, very large. Large Flowering Queen—Very distinct.

FOR 25c We will send one packet of each of the 6 varieties of Choice Selected Asters by mail, postpaid, to any address in the U. S.

Young's Collection of 6 Giant Flowered Pansies.

These six varieties of Pansies were selected as the very best out of all the novelties grown by leading pansy specialists of this country, Germany and France, and have no equal in color and size of flower.

- President Carnot—A very large, early flowering Pansy, with a very effective color.
- Coquette de Pansy—A distinct novelty, different from anything before known in Pansies.

Fairy Queen—The flowers are of a large size and a perfect circular form, color, delicate azure blue.

Ruby—This new variety contains all the richest shades of the red colors, from scarlet, scarlet orange, wine red to rose; the flowers are exceedingly large, and of a fine form.

Bridesmaid—The flowers of the new variety are very large, and of a fine form. The ground color is a delicate rosy white, rivaling in delicacy of color and beauty the apple blossom. The center of the flowers are regularly spotted with dark blotches to the center, which is quite novel in Pansies.

Mammoth Butterfly—A large French strain with blotches and splashes the colors of a butterfly.

FOR 40c We will send the entire Collection of six Distinct Varieties, by Mail, Postpaid, to any address in the U. S.

Young's Popular Collection of 10 Varieties of Sweet Peas.

- Dorothy Eckford—Pure White.
- Hon. F. Boverie—Pinkish Salmon.
- America Striped Red and White.
- King Edward VII—Large Red flowers.
- Othello—A deep Maroon.
- Blanch Burpee—Snow White, large.
- Admiration—Rosy Lavender, choice.
- Lady Nina Balfour—color delicate Lavender.
- Blanch Ferry—Stripe Pink and white.
- Lottie Eckford—Silvery White shaded soft.

FOR 25c We will send the Popular Collection of Sweet Peas by mail, postpaid, to any address in the U. S.

COSMIOS. YOUNG'S GIANT FLOWERED.

Five Distinct Varieties Selected From our Best California Strain for 25 cents.

- Giant White—Large white flowered petals.
- Marguerite—One of the prettiest and daintiest flowers imaginable. The petals are irregularly lacinated or fringed.
- Giant Pink—The largest pink variety grown.
- Charmain—A very large flower of a perfect form, color pure bright pink.
- Giant Red—Color, a deep, bright red, quite distinct.

FOR 25c We will send one packet of each of the 5 Varieties of Cosmos to any address in the U. S.

C. YOUNG & SONS CO.
1406 Olive St. - - - - - ST. LOUIS, MO.

EIGHT VERY CHOICE HYBRID PERPETUAL ROSES.

From years of personal experience we make this statement, that no eight better Hardy Roses can be found than those contained in this list. Because of the great number of varieties now in cultivation, selections of roses are often made with difficulty. With ample experience to guide us, we have made a careful selection of varieties, and we feel very certain that this list can not be excelled either in beauty of color, fragrance, durability or size of flowers.

We offer this collection in two sizes only both sizes are large Plants and can only be sent by Express. First size, 60c each; the set of 8 for \$4.00; 2nd size, 35c each; the set of 8 for \$2.00.

Baroness Rothschild—A magnificent Rose; flowers extra large, full and globular; color, rich silvery white, delicately tinged with pale blush, rare and exquisitely beautiful. (see cut.)

Mme. C. Testout—A really grand rose of the La France type, but larger and finer in shape, and noted especially for its bright, vivid rose color. As large as a Baroness Rothschild and as free bloomer as La France.

Duke of Connaught—A splendid large bold rose, brilliant scarlet crimson, shaded deep maroon, large full and sweet.

Duke of Teck—Deep crimson elegantly flamed with scarlet, large globular flowers, very double and always bright and effective; hardy and good bloomer.

Madame Charles Wood—A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues all through the season. The flowers are extra large, very double and full, and quite fragrant. Color a bright, fiery scarlet, passing to fine rosy-crimson elegantly shaded with maroon. Very showy and handsome, and one of the best Roses ever introduced for general planting.

Merveille de Lyon—A rare and very beautiful Rose; immense size; full regular form; broad shell-like petals; color, pure snow white, sometimes slightly tinged with pink; very fine.

Baroness Rothschild.

Mrs. John Laing—An elegant, new constant-blooming Hybrid Perpetual Rose. One of the very finest in its class. Color a bright, clear shell pink, exquisitely shaded. The buds are long and pointed, the flowers extra large and full, borne on long stems and exceedingly sweet.

Paul Neyron—Deep, shining rose, very fresh and pretty; flowers very large, often measuring five inches in diameter. Without doubt the largest flower of all Roses, and it has this merit—though very larger the buds always develop fine, perfect Roses.

3 HARDY CLIMBING ROSES.

For covering walls, trellises, buildings, etc., the hardy Prairie Roses are best. The rapid growth, perfect hardiness, luxuriant foliage and immense clusters of beautiful flowers make them the more desirable. We can furnish some extra-large plants from open ground. Three years old, at 50 cents, as late as April 15th. 2 year old Plants 35c each; 1 year old 15c each; by Mail postpaid.

Baltimore Belle—This is undoubtedly the best and finest of this class; flowers pale blush, becoming nearly white; they are very compact and double.

Queen of Prairie—Extra-strong growth and free annual bloomer; bright, rosy red, the strongest climber of all.

Russell's Cottage—Dark velvety crimson, very double and full; a profuse bloomer and strong grower. A very desirable climbing rose.

C. Young & Sons Co.,
St. Louis, Mo.
Gentlemen:—
My order of roses received for which please accept my thanks. These roses certainly were the finest lot I have seen for many days, and everybody else says so.
Yours very truly
Edw. G. Pott.

Cape Girardeau, Mo.

Benton, Ills.
Gentlemen:—
The roses came yesterday and in fine shape and are very beautiful. Thanks for the extras. Every one who sees the Baby "Rambler" says "O how cute." Others are going to send for it.
Respectfully,
Hattie A. Dillon.

C. Young & Sons Co.,
St. Louis, Mo.
Dear Sirs:
We received the plants in perfect condition, there was no damage done to them by shipping. Thanking you for the promptness and good courtesy toward your customers, I remain,
Respectfully,
Rev. Geo. Mieger

Gladstone, Neb.

Jefferson, Texas.
C. Young Sons & Co.
St. Louis, Mo.
Gentlemen:
I received plants today in fine condition, the plants are lovely and I shall take pleasure in showing same to my flower loving friends. Thanking you for prompt shipment, I am,
Very respectfully,
Mrs. T. L. Torrains.

HYBRID PERPETUAL ROSES.

IT IS SURPRISING that this class of roses is not more generally planted, as they are the grandest of all roses, and the easiest to grow. They are perfectly hardy—that is, they may be left out in the open ground all winter, without the slightest protection. In early summer they present a magnificent appearance, the plants being fairly loaded with large double flowers, a burst of bloom seldom seen on the Dwarf Teas, then again, with proper cultivation, will bloom at short intervals during summer and early fall months. They are, also, most of them, very fragrant, and the effect produced by their large, highly colored flowers is truly grand.

GENERAL COLLECTION OF HYBRID PERPETUAL ROSES.

All Roses of this Class are entirely hardy. We offer a select collection of fine tested varieties.

Price, 20c each; \$2.00 per dozen, by Mail or Express. Large two-year-old plants for immediate effect, 40c each; \$4.00 per dozen by Express only.

American Beauty—Well known as one of the grandest and most beautiful constant blooming Roses; immense buds and flowers; rich glowing crimson, exceedingly sweet.

Ball of Snow—Large pure white flowers borne in great profusion, nearly as free-flowering as Ever-blooming Roses.

Captain Christy—Extra large, flat flowers; color pale peach, deepening in center to rosy crimson.

Cheshunt Hybrid—Very velvety and rich crimson, large, beautifully formed, splendid sort.

Earl of Dufferin—Extra large, round flowers, very double and full; color clear cherry red, passing to bright, rich crimson.

General Washington—One of the most satisfactory roses in the list for general planting; brilliant crimson; large, perfectly double and a free bloomer.

Gloire de Margottin—Of beautiful blending red color, brightest of all and very sweet.

General Jacqueminot.

Madame Jos. Dubois—A most vigorous growing and persistent bloomer. The flowers are very large and double, on long, stiff stems; of fine, waxy texture and substance; the color is pure snow white. Price, each, 1st size, 25c; 2nd size, 15c.

Margaret Dickson—White, with pale, flesh centre; extra large flower of fine substance.

Prince Camille De Rohan—Very dark, velvety crimson, almost black; darkest of all.

Gen. Jacqueminot—Thats' en'uf. Too well known to require a description (see cut).

Magna Charta—A splendid rose, extra large, full flowers, very double and sweet; color clear, rosy red, beautifully flushed with violet crimson; a sure bloomer, one of the hardiest and best for general planting.

Ulrich Brunner—Considering its handsome upright style of growth, prime foliage, pretty wood, its extra heavy blooming qualities (blooming during the summer) striking rich cherry red color, large flowers, fragrance, etc. we believe it the peer of any red Hybrid grown. Truly a rose for the People in all climes.

TWO-YEAR-OLD FIELD-GROWN ROSES.

These roses are much larger than our two-year-old pot-grown roses, and as the season for planting them is limited, we advise our customers to order as early as possible. Our stock cannot be excelled in strong, healthy growth. The branches are from two to three feet high, each plant having from three to five canes. These are roses for which nurserymen charge from 75 cents to \$1.00 apiece. They are all fine varieties, such as Magna Charta, Duke of Edinburgh, Cheshunt Hybrid, Giant of Battles, La Reine, Paul Neyron, General Jacqueminot and many others. We have put the price low, and are sure that they will give more satisfaction for the amount expended on them than anything you can buy in the plant line, as they will give immediate effect. *We cannot fill orders for these roses after the 15th of April.*

Price, 35 cents each; three for \$1.00; \$3.00 per dozen. By Express only.

PARTIAL VIEW OF GREENHOUSES AND NURSERY GROUNDS, ON UNION AVENUE, NORTH OF FOREST PARK.
Twenty Greenhouses, covering Two Acres Solid In Glass—the most Complete Establishment West of New York.

PLANT DEPARTMENT.

BEGONIA REX.

(Ornamental Leaved.)

This class of plants is grown for their large, handsome leaves, which are banded and flaked with silvery white, brilliant greens and reds, many having a metallic lustre. Very desirable for house culture, as they thrive where there is little direct sunlight.

Countess Louise Erdody (see cut No. 1).—The leaf has a center of dark silver, edge with crimson. The two lobes at base of leaf do not grow side by side, but one of them winds in a spiral-like way, until in a full-grown leaf there are four of these curves lying on top of the leaf. Each, 35c.

Silver Fleece (see cut No. 2).—Smooth, silvery leaf, with high lustre and narrow, dark edges; free growing variety. Each, 20c.

Queen Victoria (see cut No. 3).—Bright silver green, of crepe-like texture, with reddish veins and fluted edge. Each, 20c.

Bertha McGregor (see cut No. 4).—A free, strong grower, producing foliage in abundance. The center of leaf is small, dark and palm shaped, the body of leaf being solid silver, outlined with bronze; extremely elegant. Each, 20c.

Magnifica (see cut No. 5).—Immense leaf, very dark green, with silvery markings. Each, 20c.

Edward Pynaert.—An elegant discolor Rex; fine, upright growth, and very beautiful, bright coloring. One of the showiest of its class. Each, 20c.

The Six Varieties of Begonias for \$1.00, by Express only.

All orders, unless instructions are received to the contrary, are executed and forwarded immediately upon receipt. Customers placing orders for stock to be reserved and sent at planting time must distinctly specify this at time of ordering.

Begonias, Ornamental Leaf.

Azalea.

AZALEAS.

Our Azaleas are an especially fine lot in all sizes, in shades of pink, crimson, rose-color, white, pink and white variegated. There is nothing equaling Azaleas for flowering in the house. Thousands are sold each year at Easter time. Our plants are all well budded this year, and are very bushy, handsome plants in every way. (Must be sent by express.)

Extra large size, 26 inches diam.....	Each. \$2 50
First size, 18 inches diam.....	1 50
Second Size, 14 inches diam.....	1 00

Ageratum.

ACERATUM.

PRINCESS PAULINE.

A most distinct and novel variety of dwarf, compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower. One of the most distinct bedding plants (see cut). Each, 10c; \$1.00 per doz.

STELLA CURNEY.

A short, compact grower and extremely free blooming. The individual tufts are very large and dense, and the color is intense blue. The most beautiful ever seen in Ageratums. A bedding plant without any equal. It can be used as a border around geraniums. Ea., 10c; \$1.00 doz.

MEXICANUM VARIEGATUM.

This variety has beautiful variegated foliage, green with a narrow edge of white. 10c each; \$1.00 per doz.

AMARYLLIS.

THESE are the showiest and most gorgeous of all the bulbous plants grown. They are best adapted as pot plants for window or conservatory culture, and when in bloom no flower can approach their beauty. To grow Amaryllis successfully grow them about five months and rest them about six weeks.

Vittata Hybrida—They are very attractive, and only suitable for pot culture. Fine large flowering bulbs that will flower during the winter or spring. 75 cents each.

Belladonna Major (Belladonna Lily)—A variety of extreme beauty and fragrance; spikes often grow from two to three feet high; flowers pure white. 25c each.

Johnsonii (The Barbadoes Spice Lily)—A very strong growing variety, producing spikes of flowers with great certainty from 18 to 24 inches high, bearing trumpet shaped flowers of a rich, glowing scarlet. 50c each. (see cut.)

Formosissima (Jacobian Lily)—Offered by some as the scarlet Mexican Lily. An extremely beautiful house plant, bearing dark scarlet flowers in great profusion. The leaves are large, are of peculiar orchid-like form and of rich glowing colors. 25c each.

Amaryllis Johnsonii.

ALYSSUM DOUBLE WHITE.

The trusses are enormous, measuring at times one inch in diameter and five inches long. The flowers are perfectly double and of delightful fragrance. Price, 10 cents.

Winburne, Pa.
C. Young & Sons Co.,
St. Louis, Mo.

Dear Sir:

We got everything
in good shape and am pleased
with the seeds.

Yours respectfully,
Mike Baron.

Alyssum Double White.

ALOYSIA CITRIODORA.

(LEMON VERBENA.)

No garden complete without it. You should have some to cut for bouquets and baskets of flowers, as its delightful fragrance exceeds that of any plant we grow. Grows rapidly outdoors in summer, and may be kept growing along most of the winter until its season of rest, if potted early in the fall. 10c each.

ANTHERICUM VITATUM VARIEGATUM.—Golden Tree.

A fine, hardy house plant, leaves large, dark, glossy green, distinct yellow dots all over them; will keep in any room; hardy in the Southern States. 25 cents each.

Woodson Mo.,

C. Young & Sons Co.,
St. Louis Mo.,
Gentlemen;—

I received the plants in yesterday's mail, they were in fine condition. Allow me to thank you for the filling of so small an order also for the extra plant.

Very respectfully,
Mrs. Jos. J. Scott.

Abutilon, Souvenir de Bonn.

ABUTILONS.

The Abutilons or Flowering Maple, is a plant of as easy culture as the geranium and quite as satisfactory. It is beautiful, both in leaf and flower, and is very profuse in bloom.

Eclipse. Golden spotted leaves, semi-drooping.

Golden Bells. Deep, rich yellow, very free.

Souvenir de Bonn. Beautifully variegated leaves (see cut).

Boule de Neige. Fine, pure white, free bloomer. Each, 10c.

Triumphant. The darkest blood-red yet produced; dwarf and compact, and very free bloomer. Quite a novel color. Each, 10c.

Caprice. A most beautiful novelty; profuse foliage, marble and blotched cream and yellow. Bright, purplish-red flowers; with rich, metallic lustre. Each, 10c.

SPECIAL OFFER.—The Set of Six Abutilons for 50c.

New Acalypha, Bicolor Compacta.

ACALYPHA.

A showy class of foliage plants that is very popular for ornamental and sub-tropical bedding. The colors are as bright as in the best of the Coleus and the plants are much hardier and not so liable to wilt in the hottest and dryest weather.

Bicolor Compacta. Surpasses the finest Coleus or Rex Begonia in the beautiful coloring of the leaves, which are a bright green margined with a wide irregular band of lemon yellow (see cut). 10c each.

Tricolor. Very bright, ovate pointed leaves, light red, shaded and marbled darker. 10c.

Sanderi (Chenile Plant). Foliage deep, glossy green; flowers bright red, rope-like pendants, drooping from the axil of each leaf, often eighteen to twenty inches long. 10c.

The three varieties for 25c.

ASPARACUS OR LACE FERN.

(Asparagus Plumosus Nanus.)

Plumosus Nanus. The plant for all places and all purposes. May be used with telling effect in fern dishes, or as a single pot plant; may be trained to grow over windows or small trellises in the house, and above all is almost indispensable as a green in floral decorations. Thousands of yards of its sprays are used in making up floral designs. Its fresh green foliage is so graceful and dainty that it surpasses even Maiden Hair Fern in popularity. 15c each; large plants by express 25c each.

Sprengeri. A beautiful variety of this graceful class of plants especially useful to grow as a pot plant for house decoration or for planting in hanging baskets, where it makes a graceful drooping plant with branches or fronds four to five feet in length, of a rich shade of green. Price, 15c each; large plants by express 25c.

Asparagus Plumosus.

Asparagus-Sprengeri.

BEGONIAS. FLOWERING VARIETIES.

Probably the most popular and most satisfactory house plants to be found. They may be grown successfully anywhere, and are ornamental both on account of their bright waxy flowers and clean shining foliage.

Double Flowering Begonia.

DOUBLE FLOWERING SEMPERFLORENS BEGONIAS.

A new departure in the Begonias of the semperflorens type. The plants are vigorous and compact in growth. The flowers are miniature reproductions of the double tuberous rooted Begonias and are valuable additions to the Begonia family.

Boule de Neige—Strong habit, light green foliage; blooms large and full, pure white, occasionally lightly tinted with pink, light yellow stamens.

Nancy—Foliage deep glossy green. Flowers large, very double and a clear light pink in color, with yellow stamens. Certainly a very pleasing and desirable variety.

Triumph de Lorraine—A profuse bloomer, flower quite double, with nicely imbricated petals, color of buds and flowers when opening a bright scarlet, changing to a cherry carmine when fully open, stamens bright yellow. 20c each. (See cut.)

Purity.

Purity—The finest pure white Begonia grown. Its marvelous freedom of bloom and close compact growth combine to make it one of the finest pot plants. 20c each.

TWO CHOICE FLOWERING BEGONIAS.

President Carnot—A remarkably strong growing variety of stiff, upright habit, foliage very large, somewhat in style of Begonia Rubra, but more than twice as large; upper side deep green, under side purplish red, flowers beautiful coral red in large pendant panicles. 20c each.

Rubra—This Begonia is a favorite with every one, its dark, glossy green, leaves, combined with its free flowering habit, make it one of the best plants for house or conservatory decoration. The flowers are a rich coral red in large pendant panicles. One of the best. 20c each. The two varieties, 35c.

COLLECTION OF 6 BEGONIAS.

Alba Picta—A distinct variety, leaves glossy green, thickly spotted with silvery white; flowers white. 20c each.

Argenta Guttata—The leaves are oblong in shape, of a purplish bronze color, with silvery markings; the flowers are white. 20c each.

Metalica—A fine erect growing Begonia, with dark, rough leaves; a free bloomer; flowers waxy white. 20c each.

Pictaviensis—Leaves large and beautiful; spotted flowers, a delicate pink. 20c each.

Thurstoni—The leaves are a rich, purplish red, while the face or upper side is a bronzy green, shaded with crimson and olive. Flowers rosy white, in large clusters, well above the foliage. 20c each.

Wettsteinii—A beautiful upright growing sort, flower bright coral red in pendant panicles; very free flowering. 20c.

Price strong plants by mail or Express the set of 6 for \$1.00.

Begonia Pres. Carnot.

Begonia—Rubra

TUBEROUS ROOTED BEGONIAS.

A class of bulbs that is very popular for bedding and pot culture; their coloring is bright and flowers large and lasting. When grown outside they should be taken up before cold weather, spread out to dry, and be packed away in boxes of dry sand and stored through winter in some cool place, yet not where frost can reach them. Some little time before planting outside in spring they should be potted and kept inside until well started. They delight in a partially shaded location in soil composed of leaf mold, sand and well rotted manure.

Single Flowered—Separate colors, white, pink, scarlet, crimson and yellow. 10c each, 80c per dozen, \$5.00 per 100.

Double Flowered—Varieties in separate colors, white, pink, scarlet, crimson and yellow. 20c each, \$1.75 per dozen.

Begonia—Double Tuberose Rooted.

Little Gem Calla Lily.

Spotted Leaf Calla—Dark green leaves, beautifully spotted with white; the flowers are white with a purple throat. A very ornamental pot plant. Price, 20c each.

Black Calla—A remarkable species, producing large purplish velvety black flowers with coal-black spathe. The foliage is stately. Price, 30c each.

Set of four Callas for 75c.

CALLA LILIES.

Little Gem Calla Lily—This variety rarely exceeds 12 inches in height. The flowers are correspondingly smaller than the tall-growing sort and are useful for loose bunches and bouquets. It is far superior as a house plant to the tall-growing variety (see cut). Price, growing plants, 15c each.

White Calla Lily—Pure white, large splendid flower. Price, large plants from pots, 30c each.

CALADIUM ESCULENTUM.

CALADIUM ESCULENTUM.

Very effective and suitable for a single plant on the lawn. The leaves often attain the length of 3 feet by 20 inches wide, and have a rich, tropical effect. When extra large leaves are wanted, give a liberal supply of water and fertilize heavy (see cut).

Extra Large Size Bulbs, 11 to 12 inches in circumference, \$1.00 each.

First Size Bulbs, 9 to 10 inches in circumference, 40c each; \$3.50 per dozen.

Second Size Bulbs, 7 to 8 inches in circumference, 25c each; \$2.00 per dozen.

Third Size, 5 to 6 inches in circumference, 15c each; \$1.00 per dozen.

COLEUS.

We have nothing in the line of bedding plants that can ever take the place of Coleus. There are many of the bright and fancy leaved kinds that are handsomely marked, and this year we offer an unusually large and choice selection of varieties. Beautiful effects may be made by using in solid clumps or as edge to Canna beds, etc.

Forest Park Beauty—The leaves are much larger and broader than the old varieties and more compact. Color is a bright pink, shaded with deep maroon, with golden yellow at base of the leaf, with a green border on the edge; stands the dry weather when planted out doors in a border, also handsome when grown in separate specimens. 15c each; \$1.50 per dozen.

Flambo—Dazzling carmine, rimmed with velvety maroon.

Coleus in Variety.

Faith—Ground color creamy yellow, handsomely marked with bright crimson. Dwarf and compact.

Illumination—Narrow lacerated leaves, yellow bordered with green.

Miss Retta Kirkpatrick—Large white, center shaded with yellow.

Menole Hazard—Brilliant red. The richest and brightest colored variety yet introduced.

Mrs. R. B. Haynes—Yellow, spotted with deep maroon.

M. Davis—Curiously blotched and spotted with maroon, red, yellow and green.

Negrans—Beautiful velvety maroon.

Mrs. F. Sanders—A distinct variety. Creamy white center, evenly bordered, green blotched, crimson and purple.

Setting Sun—Rich bronze crimson, bright golden edge.

Souv. Gurnsey—A very charming combination of bright crimson, deep maroon and clear yellow.

South Park Beauty—Bright golden yellow, excellent bedder.

Sunrise—Golden yellow and maroon.

Verschaellti—Rich velvety crimson, the best of all for bedding.

Unless noted, 10 cents each; 60 cents per dozen.

100, by express, \$4.00.

Caladium, Fancy Leaved.

CALADIUMS, Fancy Leaved.

A class of beautiful variegated foliage plants, excellent for house culture or open ground. They delight in a shady and moist place. The bulbs should be started into growth about the first of April and dried off in October and kept in a warm and dry place until spring again. These are excellent for window boxes, vases or single pot plants and succeed equally well in a somewhat shady situation out of doors.

20 cents each, six for \$1.00.

YOUNG'S CHRYSANTHEMUMS.

OUR LIST OF CHRYSANTHEMUMS contains the cream of all the best varieties in cultivation to-day. We grow and test all new sorts as soon as sent out, saving only the best. All the prize winners at the November shows in New York, Philadelphia, Chicago, Cincinnati and St. Louis are included in our collection, as well as some of the grand old sorts that have never been excelled by any of the new varieties.

WE WERE AWARDED FIRST PRIZES AT THE CHRYSANTHEMUM SHOW AT ST. LOUIS IN NOVEMBER, 1904.

CULTURE DIRECTIONS, WHICH, IF FOLLOWED, WILL INSURE SUCCESS.

WHEN TO PLANT.—Any time after the ground can be worked, even up to June the 10th, will give good blooming plants.

DISBUDDING AND STOPPING —When the plant is 6 or 8 inches high, cut it back to 4 inches, allow 4 shoots to grow, and when they have attained the same height again, pinch out the terminal bud, continuing to stop them whenever the shoots get 4 inches long until August 15th. After that time they should be allowed to form their buds and flower. If large flowers are wanted, all the buds should be picked off except one on the top of each branch or shoot. In localities subject to early frost, they should be lifted and placed in large pots or boxes; after lifting, water thoroughly, and never allow them to become dry, as that would cause them to lose their leaves and produce imperfect flowers. Manure water, used once a week, is very beneficial at this stage.

TO DESTROY BLACK APHIDES.—This is the only insect that is troublesome to the Chrysanthemum. Place tobacco stems on the top or around the pots and the fumes will be sure to kill them. Another remedy is to dust them with Young's Insect Destroyer.

THE WORLD'S FAIR COLLECTION OF PRIZE-WINNING CHRYSANTHEMUMS.

The following are selected as the best of the varieties that took the leading prizes at the Grand Chrysanthemum Show held last November at the World's Fair, St. Louis.

F. J. Taggart.—The most striking novelty of many years, and decidedly the best of all the plumed, or hairy varieties. A great advantage over all yellows in this class, being perfectly double and the plush like hairs much more dense. No other variety at the shows last season attracted more attention and brought out so many exclamations of wonder and surprise. Color, light yellow with old gold and bronze shadings. Flowers very large, eight inches across and very double. **15c each.**

Timothy Eaton.—The finest variety given out in many years. This grand new white has captured many premiums. It is the largest globular, Japanese, incurved variety yet raised; the form is perfect, the stem stiff; a healthy grower and brings a full crop of perfect flowers. **15c each.**

Col. D. Appleton.—One of the largest globular yellow sorts; grand stem and foliage. **15c each.**

Intensity.—A large, reflexed flower, color a bright crimson. Strong upright growth. It has no equal as an exhibition red. **15c each.**

F. A. Cobbold.—A large, handsome flower, on a strong stiff stem, elegantly foliated. The color is mauve pink, very attractive. Fine for exhibition or for general cutting. Won first prize in New York, in class of "Ten Pink." **15c each.**

Ben Wells.—A monster Jap, 10 inches across; bluish white, with long, narrow florets, slightly reflexed, but deep. One of the finest. **15c each.**

We will send by mail or express the **SIX PRIZE WINNERS** for 75 cents.

Photograph of Chrysanthemum House, Showing the New Varieties of 1905 in Full Bloom.

ST. LOUIS PRIZE SET.

The Finest Varieties With Which We Won Prizes at the St. Louis Show in November.

Glory of the Pacific.—The best early pink. Magnificent flowers of great size and depth, with broad outer petals, faintly reflexed. Showy, clear pink color. Dwarf, but vigorous habit of growth. Blooms early.

Golden Wedding.—Still one of the best yellows. Very large.

Ivory.—The grandest of all whites for general planting, and for specimen flowers it is the standard variety by which others are judged. Color, snow white.

Major Bonnaffon.—The most popular variety in cultivation. Magnificent, large, deep flowers. Color, golden yellow.

Maud Dean.—The best of its color. Violet-pink, large, full and double.

Mrs. Perrin.—A beautiful shade of rose-pink. Dwarf.

Mrs. H. Robinson.—A variety noted for the exquisite form of its flowers, which are superb; white.

Willow Brook.—The earliest of all whites. Strong dwarf grower. A grand variety.

H. L. Sunderbruch.—One of the very finest exhibition yellows; size enormous, but not at all coarse; fine habit and free grower.

Yanariva.—Reflex form; color, a delicate blush, with a lighter shade in center, making a very striking and artistic flower; grand variety for exhibition; specimen flowers measure 8 inches across.

Price of St. Louis Prize Set, 10c each; 3 for 25c; the set of 10 varieties, 75c, postpaid.

Price of Six New and Rare Chrysanthemums, 15c each; set of six, 75c, postpaid.

Six New and Rare

CHRYSANTHEMUMS.

Selected as the Very Best of All the New Varieties Introduced This Year.

Cheltoni.—One of the most valuable novelties of the year. A clear yellow sport from Nellie Pockett; more valuable than that variety for its fine color.

Carrie.—Deepest yellow; the exact color and also shape of a Dandelion. Makes a splendid specimen plant, when disbudded to twenty blooms. Lifts well and keeps well. Splendid for market purposes.

Mlle. Marthe Morel.—A grand, early bloom, form of V. Morel; in blush pink; has extra good stem and foliage; a very easy doer; extra good.

Maynell.—One of the largest blooms that we have ever seen; both deep and broad. Color, bright crimson, with gold reverse; reflexes till it shows pure crimson.

Yellow Eaton.—All that is necessary to say of this variety is that it is a good, clear yellow form of Timothy Eaton, and fully as large and perfect in every respect, Timothy Eaton being acknowledged the King of all Whites.

T. Carrington.—Enormous Japanese, incurved fine form and texture; color, rich carmine-rose, with silvery reverse. A prize-winner. Price of six New and Rare Chrysanthemums, 15c each; set of six for 75c, postpaid.

CARNATIONS.

YOUNG'S.

Superb Collection.

OF

PERPETUAL.

Flowering Varieties.

Select Varieties,
10 cents each; three
for 25 cents; the
twelve varieties for
90 cents.

Mrs. E. A. Nelson—A pure glistening pink, strong erect stems, a vigorous grower. 10c each.

Enchantress—A phenomenal success, color delicate blush pink; deepening towards the center. Size $3\frac{1}{2}$ inches across. Form and calyx flawless, stem long and stiff. Sure to be a favorite. 10c each.

Adonis—In color it is a brilliant scarlet, the finest, brightest of this shade yet produced. It is of extra large size, full and of perfect shape 10c each.

Tuos. Lawson—No. 1. The grandest of all Pink Carnations. The color is deep cerise pink approaching a brilliant carmine, it does not fade early after being cut. 10c each.

Prosperity—This is unquestionably the largest carnation of any color ever before offered, the flowers measuring 4 inches in diameter. The flowers are full and double and have a delightful clove fragrance. The color is a pure white ground, overlaid with shadings of soft pink, reminding one of the beautiful tints seen in Azaleas and Rhododendrons. 10c each.

Governor Roosevelt—A brilliant scarlet, heavily shaded with maroon; flowers 3 to $3\frac{1}{2}$ inches in diameter. A vigorous, healthy grower, the stems reaching $2\frac{1}{2}$ to 3 feet and holding the flowers very erect. 10c each.

Queen Louise—Color a pure white; flowers very large and of a good substance; stems long and stiff; one of the best white Carnations grown. 10c each.

Estella—The ideal Scarlet Carnation, for it blooms freely, producing an abundance of bright scarlet flowers. Very strong clove fragrance; form excellent; stem strong and stiff; flowers 3 to $3\frac{1}{2}$ inches in diameter. 10c each.

Flora Hill—Color a pearly white, size $2\frac{1}{2}$ to $3\frac{1}{2}$ inches in diameter. Delightfully fragrant, flowers borne on good stiff stems $2\frac{1}{2}$ to $3\frac{1}{2}$ feet long. 10c each.

Gen. Gomez—Color a brilliant cardinal maroon, very free flowering and of delightful fragrance, flowers large and borne on long stiff stems. 10c each.

Francis Joost—Color a cerise pink, a shade deeper than Wm. Scott, which it somewhat resembles, except that the flowers are larger and the stems stiffer. 10c each.

Melba—A delicate shade of light pink, very lovely and pleasing to the eye, flowers average $2\frac{1}{2}$ to 3 inches in diameter. 10c each.

Marguerite Carnation.

MARGUERITE

Monthly Carnations.

A new race of monthly Carnations which is of the greatest value for summer blooming. They bloom freely all summer, and the flowers are mostly all double; they are all elegantly fringed and deliciously fragrant. Price, mixed colors only, 10c each, \$1.00 per doz.

CYPERUS ALTERNIFOLIUS.

(UMBRELLA PLANT.)

An ornamental grass, throwing up stems about two feet high, surmounted at the top with a whorl of leaves, diverging horizontally, giving it a very curious appearance. Splendid for the center vases, or as a water plant. Price 25 cents each.

Umbrella Palm.

FIVE GRAND ORCHID-FLOWERING CANNAS.

New Giant-Flowering Canna, "Italia."—Immense flowers of the true Orchid form; center, brilliant red; petals, widely bordered with clear yellow; striking and handsome; height, three to four feet (see cut). 15c each.

Giant-Flowering Canna, "Austria."—Gigantic in size, grows 4½ feet high, with leaves 15 to 18 inches long and 8 to 10 inches broad; flowers, 6 to 7 inches across and borne erect in large, bold trusses; color, pure deep golden yellow; a vigorous grower. 15c each.

Sam Trelease.—This is an extraordinary, grand Canna; is of gigantic size, measuring 6 inches in diameter—much larger than Italia or any of the Italian varieties. In color the flowers are very brilliant, deep orange, round and full, and are thrown high above the foliage, making them very showy and effective. It is one of the most effective bedders we have. It is a very free bloomer and bears a large number of flowers on each spike; has tropical foliage. But added to this, are its gigantic flowers, borne in large clusters, towering on large flower spikes high above the foliage, and produced in the greatest profusion. Notwithstanding its immense size, it is as free a bloomer as any of our best standard sorts. All who have seen it in our grounds the past Summer unite in pronouncing it the finest thing in Cannas sent out for a long time. 4½ feet, 25c each.

Allemania.—Allemania is a truly splendid variety; grows 4½ feet high, with handsome foliage, and bears large and clusters of splendid flowers. The outer petals are bright scarlet with a broad yellow border, the inside colors being scarlet and dark red, beautifully mottled and variegated; exceedingly showy and handsome. 15c each.

Pennsylvania.—We ask particular attention to this grand new American Hybrid Orchid-Flowering Canna, because in addition to being one of the largest and most magnificent varieties ever introduced, it is the only pure deep red flowering sort in the Orchid-Flowering class. The flowers are immense, often 7 inches across, with petals 2½ inches broad, borne in splendid, branching spikes. A tremendous bloomer; begins quickly; keeps it up. This Canna was the most magnificent of all those grown on our grounds here last Summer. Its grand size, pure deep scarlet color and profuse blooming habit, place it at the head of Orchid-Flowering Cannas to date. No one could be disappointed with Pennsylvania. It has no equal. 4½ feet, 25c each.

The Set of Five Orchid-Flowering Cannas for 65 cents.

**ORCHID-FLOWERING
CANNAS**
FOR 65 CENTS.

CANNA ITALIA.

CANNAS.

CANNA SOUV. DU PRES. CARNOT.

We are extensive growers of Cannas, and though our list of varieties is not so large as offered by some establishments, it represents the pick of to-day. Every variety offered by us is fully tested and proven to be satisfactory.

These are the best varieties in cultivation. Always in bloom. They are not like the old varieties of Cannas that seldom flower, but are always covered with their large, handsome trusses of bloom. Be sure and give them a trial.

Beaute de Poitevine.—A fine dwarf, compact grower. Flowers are of good size, crimson scarlet, with no shading of any kind. A free bloomer, throwing up large trusses of bloom. Foliage is very distinct—glaucous green.

Chas. Henderson.—A splendid, compact dwarf grower, throwing up erect, compact heads of bloom of large size. The individual flowers are among the very largest. Color, bright crimson; center of the flower marked with golden pencilings. This is one of the very handsomest varieties and makes a pot plant equal in habit. 15c each.

Duke of Marlborough.—This is decidedly the darkest and richest colored Canna in existence. The flowers are a deep, rich crimson-maroon with a velvety appearance. 15c each.

MADAME CROZY

NEW AND RARE FRENCH CANNAS CONTINUED.

Buttercup—Green foliage. A true bright buttercup yellow, large beautifully formed flower spikes. Stands unfavorable weather better than most any other kind and always shows up bright and clear. 15c each.

Egandale—One of the most popular dark leaved varieties. Foliage dark maroon, of compact habit of growth. Flowers bright cherry red, in good sized trusses. 15c each.

Florence Vaughan—A splendid variety, yellow with bright red spots; one of the best of its class. The flowers are of good size, with thick, overlapping petals, nicely rounded at the ends. A strong vigorous grower. Four feet. 15c each.

Madam Crozy—Still one of the gilt-edged varieties and a favorite everywhere. Flowers are the very brightest crimson scarlet, bordered with golden yellow, produced on long, branching stems, which are closely set with bloom. 3½ feet. (see cut) 15c each.

Mottled Queen—One of the finest yellow spotted varieties; in color it is of a bright rich golden yellow, spotted with bright red; the flowers are of the largest size. 15c each.

Pillar of Fire—The giant of its class, grows six to seven feet high; flowers bright crimson scarlet, borne in erect spikes like blazing torches; continuous bloomer, invaluable for center of beds, etc. 15c each.

Shenandoah—This is an excellent variety presenting quite a novel combination. An excellent red or bronze leaved variety, useful and beautiful on account of its foliage but in addition to this, crowned with larger spikes of deep rose pink flowers. 15c each.

Luray.— This new variety we consider quite an addition to the Canna family, especially in the pink varieties. The spikes of bloom are large and handsome and held well above the foliage. A beautiful shade of pure pink. 15c each.

President McKinley.—Pronounced by all the best dwarf crimson bedder introduced. Color a very deep crimson-scarlet, the nearest approach to the color of Alphonse Bouvier of any Canna we have. It is an early, constant and immensely profuse bloomer. 15c each.

Price 15c each the set of 12 varieties for \$1.50.

SPECIAL BARGAIN PRICES.

HOW TO PREPARE A CANNA BED.

The Canna being a strong grower requires deeply dug soil, well enriched with old manure. Soil with some mixture of sand is best. After planting, water sparingly for a few days until the plants have taken root; after well established and showing good leaf growth, increase the amount of water. When in full growth during hot weather they may be watered very freely. Set the plants 18 inches apart each way, using the taller kinds for the centre and dwarf kinds for the outer edge.

The most practical way to care for the roots over winter is to take up the clumps after the first killing frost, leaving some earth adhere to the roots. Place them in a dry cellar where frost will not penetrate. Do not allow the roots to become too dry or the tubers will wither, but care should be taken that they are not too moist to allow mildewing.

C. Young & Sons Co.,
St. Louis Mo.,

Gentlemen:—

Plants received yesterday in excellent condition. Am delighted with them. Many thanks for your promptness. Also kindly accept my sincere thanks for the Gratis Plants. Pleased to received the Lemon Verbena as the plant that I purchased from you recently was miscarried in the mails and consequently was dead when I received it. Again thanking you, I remain,

Very truly yours,
Mrs. J. J. Duncan.

Corso Mo.,

Wm Agnew.

TRUE "CACTUS" DAHLIAS.

Price, in small dormant roots, or pot plants, each, 15c.; doz., \$1.50. Price in large undivided field roots, while stock lasts, each, 30c.; doz., \$3.00 by express.

White Cross.—A snow-white Dahlia of the show type. It is a very profuse bloomer, commencing early and continuing late.

Aegir.—Large full flowers of a rich cardinal red. Long stems, entirely distinct.

Earl of Pembroke.—Bright plum color; a royal shade.

Soreley.—La France pink.

Matchless.—A grand variety. It is dwarf and branching, strong and vigorous. The flowers are large, rich, gli-tening crimson, overlaid dark velvety maroon. Early and profuse bloomer.

Strahlen Krone.—Intense cardinal red; rich and glowing.

POMPON OR BOQUET DAHLIAS

Alba Tribicata.—The finest of all pure, snow-white Pompon Dahlias, perfect form.

Katherine.—Best, pure yellow.

Miss L. Kramer.—Base of petals yellow, tipped crimson.

PRICE, 15 CENTS EACH; SET OF SIX POMPON DAHLIAS FOR 75 CENTS.

SPLENDID NEW Dahlias

The Dahlia is one of the oldest garden flowers in existence, and retains its great popularity. The roots ought to be planted as soon as the ground becomes warm, and covered about three inches. It is an autumn flower and attains its beauty in the fall months, when the weather becomes cool. After flowering, and before hard frosts, take up the roots, dry them, remove the tops and keep in cellar until spring, when they can be divided and replanted. Our collection of Dahlias embraces but the best varieties.

LARGE SHOW DAHLIAS.

Every one a good one, Each, 15c.; doz., \$1.50; small roots or pot plants, postpaid. Large undivided field roots, while they last, each, 25c.; doz., \$2.50, by express.

Grand Duke Alexis.—Large massive flowers, beautifully quilled. Color, ivory white with a faint tinge of rose at the top of the petals.

Buffalo Bill.—Best golden yellow Dahlia in cultivation: large quilled flowers.

Henry Patrick.—Very large, pure white, long stems. Very few better whites.

Clifford W. Bruton.—Bright golden yellow. Very early.

Frank Goodman.—Bright royal purple with blue shadings. Large, finely-formed flowers; a profuse bloomer.

Wm. Agnew.—One of the most exquisite decorative dahlias a most dazzling red of artistic form (see cut).

SIX GRAND NEW SINGLE DAHLIAS.

PRICE: 15 cents each; 3 for 40 cents; 6 for 75 cents, except where noted.

Alba.—Pure white, large and free.

Twentieth Century.—A grand new single variety, entirely distinct from all previous introductions and not only valuable as a flowering plant for the garden but as a choice cut flower. Is rosy crim on, tipped with white and has a white band around the disc. 25 cents each.

Cloth of Gold.—Very large, pure canary yellow.

Enchantment.—Deep glowing carmine, with a broad band of orange scarlet through each petal.

Herold.—Black velvety maroon.

John Cowan.—A very fine rich scarlet, free bloomer and good grower.

Sunshine.—Scarlet, perfect form.

Little Beauty.—One of the prettiest quilled Pompons; lovely soft pink a great bloomer, covered with flowers the whole season till cut down by frost.

La Petite Jean.—Rich plum color.

C. Young & Sons Co.,
St. Louis, Mo.

Gentlemen:—I received my plants this morning, in good condition. They are all very satisfactory. Please accept thanks for your promptness.

Yours very truly,
MRS. M. G. HARLEY.

Withers Mills, Mo.

Boston Fern.

THE BOSTON FERN.

This is a wonderfully healthy, rapid growing and graceful house plant. In great demand. Many people have bought it in preference to the finest Palms or Rubber Plants. Thrives in all rooms; gas or furnace heat does not seem to injure it. Fronds are often six to seven feet long. A 4-inch plant increasing to 10-inch size in a year, besides making many new off-shoots. A good size plant contains from 20 to 40 fronds, and the fresh ones continually coming out with new growth are very beautiful. Best of all for hanging baskets. Our plants are all well established in pots, not weak runners torn loose from soil.

Price from 5-inch pots 50 each
 " " 8 " pans 1.00 "
 Extra large plants like cut 2.00 "

Small Ferns for Dishes.

We have selected a few of the hardiest and most satisfactory varieties for filling Fern dishes—than which there is no prettier table decoration. Price 10c each \$1.00 per doz.
 7-inch decorated porcelain base, filled with ferns, \$3.00 each; 7-inch pan common pottery, filled with ferns, \$1.00 each.

C. Young & Sons Co.,
 St. Louis, Mo.

Gentlemen:—The Plants arrived last Saturday and in perfect condition. And I am delighted. Let me thank you for the fine selection and gratis bulbs.

Very truly yours,
 Mrs. Douglas Gray.

OSTRICH PLUME FERN.

WE have much pleasure in offering this grand new Fern, which we believe is the finest plant novelty introduced for many years. It resembles the Boston Fern in some ways, but is indescribably more beautiful, and being equally hardy and easily grown, will at once take its place as one of the grandest and most beautiful decorative plants for house and conservatory culture yet produced. (see cut).

Prices.
 5-inch pots, bushy plants - .75 - \$0.75
 6 " " extra large and full 1.00
 7 " " extra fine plants - 2.00
 by express.

JAPANESE FERN BALL.

For the window, a drawing-room, or suspended from the chandelier over dining-table or for use in fern dishes, it will surprise and delight you. This novelty from Japan we introduced in 1899, and is one of the most satisfactory house ferns ever offered. These balls come in a dormant condition. They average about 8 inches in diameter in the dry state and grow to spread

about twice this size. The center is moss covered with fern roots in a very ingenious manner, looking like a ball of small roots twisted together. After watering they start into life and in a short time are covered with a mass of beautiful green foliage. Price, Balls in leaf \$1.00 each; Dormant Balls 50c and 75c each.

FARFUGIUM GRANDE.

A first-class ornamental plant for pots, well adapted for house culture. The leaves are thick and leathery, dark green, with yellow spots; an excellent plant for center of hanging basket. 25 cents each.

Leopard Plant.

El Paso Texas.

New Boston Sword Fern, or Ostrich Plume Fern.

Rubber Plant.

FICUS ELASTICA—India Rubber Tree.

Nothing better for table or house decoration. Its dark green shiny foliage is always handsome, and its constitution is such that it is able to stand the excessive heat and dryness of the ordinary dwelling house without injury. Large plants by express, 50c, 75c, and \$1.00.

Fuchsia—Charming.

GLOXINIAS.

Charming plants of dwarf habit, producing large and splendid blooms in the greatest abundance under the commonest culture. Is pure white, with throats of blue, scarlet, rose or crimson, or the tubes are of bright color with white throat. Dry bulbs, assorted colors, per dozen, \$2.00; 20 cents each. Started plants, assorted colors, 25 cents each; per dozen, \$2.50.

Gloxinia.

Mrs. Pollock.

Cape Jessamine.

CERANIUMS.**VARIEGATED-LEAVED SORTS.**

Golden Harry Hieover. An excellent dwarf bedding golden-leaved sort, with dark bronze zone; scarlet flowers.

Happy Thought. Large yellow blotch in the centre of the leaf, with an outer band of green; flowers rich rose.

Mme. Sallerol. A dwarf variety rarely over 6 inches high; foliage green bordered white; fine for edging.

Mountain of Snow. Silver edge; vigorous grower.

Mrs. Pollock. One of the most beautiful of golden tri-colors; bronzy-scarlet zone; golden edge, scarlet flowers. (see cut).

15c each; \$1.50 per doz.; set of 5 for 60c.

NEW AND BEAUTIFUL FUCHSIAS.

New Fuchsia, Autumn Leaves—Always attracts attention by its brilliant colored leaves and stems, which are bright red—quite as bright and striking as the most brilliant colored Autumn leaves. Extra large flowers, rich royal purple and fiery red.

Black Prince—Single, large corolla, well expanded, of a red-dish rose, tube and sepals waxy carmine. A very distinct variety.

Charming—Entirely distinct from any other variety. The flowers are of an intense rich carmine (see cut).

Mrs. Marshall—White tube and sepals, bright, rosy scarlet corolla, flowers large and bold, free bloomer and grower, single.

Rosain's Patrie—Fine double, white tube and sepals rosy carmine, corolla pure white.

Phenomenal—Extra large, double purple corolla. Crimson sepals.

Triloba—This is the best of all the double white varieties. It blooms continually all through the summer. Of a very dwarf and compact habit.

Price, 15c each, the set of 7 for \$1.00 postpaid. Extra large plants by express, 25c each.

CYCLAMEN.—(Alpine Violet.)

The Cyclamen is principally adapted for window culture, and will give more flowers with less trouble than almost any plant we are acquainted with. The colors are usually white, tipped at the base with rosy purple (see cut). Strong plants in bloom from 4 inch pots. 35c each.

Carbondale, Ills.
C. Young & Sons Co.,
St. Louis, Mo.

Gentlemen:—My roses and plants arrived in fine shape. We are delighted with the roses, and they are doing nicely. I want to thank you for the Carnations, and I am sure they will all grow,

Respectfully,
MRS. E. B. ECKHARD.

Cyclamen.

CAPE JESSAMINE.

(Gardenia Florida.)

This grand variety is shown in the adjoining cut, which is far from doing it justice. It is invaluable on account of its sweetly fragrant double white flowers; the most valuable of all Jessamines; large glossy foliage. Price, 50c (large plants); 2d size, 25c each.

SCENTED GERANIUMS.

Rose, Scrubland Pet, Pennyroyal or Cut-leaved Rose, Lemon, Nutmeg, and Variegated Rose.

10 cents each; set of 6 for 50 cents.

... LIST OF GERANIUMS ...

PERHAPS no class of plants is more generally cultivated by the American people than the Geraniums. Certainly do we find none which is adapted to so many useful purposes. A bed of scarlet Geraniums, with a border of bronze Harry Hieover, is a most dazzling sight from June to November. In winter they gladden the eye through the dull and gloomy days. There have been decided improvements in this class of plants in the last few years, both in color and the form of the flowers, and in brilliancy of foliage. For bedding they should be set out just as soon as the season will permit, so they may become established before the hot, dry weather comes on. We like to have them planted out of doors in this latitude by the middle or last of April. For the new varieties of 1906, see Novelty pages. The plants we send out are grown in cool greenhouses, dwarf and bushy in bud or bloom, and are certain to give entire satisfaction.

Geranium.—Mrs. E. G. Hill.

... FOUR GRAND ... BEDDING GERANIUMS FOR 50 CENTS.

These four splendid Geraniums are recommended as the very best of their respective colors. We were awarded the GOLD MEDAL for the four beds we planted at the World's Fair Grounds, one bed of each variety.

They were admired by every one for their distinct colors, large trusses of bloom and their strong, vigorous foliage. They are simply the best of all geraniums.

ACTEON.

This is the best scarlet Geranium yet produced. We have tested this variety for the past year and can truly say it is the largest flower and brightest scarlet geranium we have yet seen, and that it cannot be excelled for bedding purposes. The color is a deep scarlet of exquisite shade; the florets are regular in form, more than semi-double, and about two and a half inches in diameter. Trusses enormously large on long stems. Foliage and habit are all that could be desired. 15c each.

JEAN VIAUD.

The grandest double pink Geranium grown. Flowers semi-double, 2 to 2½ inches in diameter, made up into immense trusses, 12 to 15 inches in circumference. Color, beautiful clear rosy pink, with distinct white blotch at base of petals. Of remarkably vigorous but compact shapely habit. As near perfection as a geranium can be. 15c each.

MRS. E. G. HILL.

Florets two and a half to three inches, center of each petal is a soft, light salmon, bordered with rosy salmon, and veined deep rose, frequently forms six petals, not to be confused with the old variety of the same name, resembles a real begonia bloom more than a geranium. (see cut.) 15c each.

S. A. NUTT.

Rich, dark crimson. The flowers are of perfect shape and large size, the trusses massive and produced in great number; close compact habit. 15c each.

BRUANT'S SUN-PROOF GERANIUMS.

The Bruant Geraniums endure sun and drouth. It matters not what the temperature, the Bruants are always growing, always green, and crowned with flowers from May until November. The Bruant Geraniums are the most popular plants for bedding.

CLYDE.

The giant among geraniums. We consider this the best bedding geranium of all varieties. Color of flower is a bright vermilion red, of most pleasing shade; flowers absolutely perfect in shape; trusses exceptionally large and borne in immense spherical balls, often measuring twelve inches in diameter, the florets, by actual measurement, being two and one-half inches long by two inches wide, of almost pansy form (see cut.) 15c each.

JEAN MADELINE.

This variety has enormous trusses, florets semi-double, and a color that is new and unsurpassed among those of the Bruant race. Bright, pure rose, very distinct and new, back of the petals pure white. A splendid bedder. 15c each.

PRECURSEUR.

This variety is a precursor or forerunner of the white Bruants. It is a strong grower, a very free bloomer, has fine trusses of single white flowers of a very large size and spreading form; blooms throughout the year. This promises to lead all other whites in the whole bedding section. 15c each.

ROBERT CHARLIE.

Very compact in growth, extremely free. Flowers semi-double, throwing six or eight large petals; color a rosy mauve marked white on the upper petals, an entirely new color in the Bruant Section; a fine bedder. 15c each.

LE BARDE.

A robust, short-jointed grower, carrying large trusses of blooms freely. Florets, large, semi-double, of good, regular form; color a deep China pink. The upper petals have a mark of lilac-white, a fine new variety. 15c each.

TOUR EIFFEL.

Semi-double. This variety is large and perfect in form, a dwarf, healthy and strong grower and a grand bedding sort. Color of flower, bright orange scarlet; trusses of immense size. 15c each.

MADONNA.

A very compact grower; flowers very large, of an unusually good form; Color a pure snow white. 15c each.

SPECIAL OFFER—The above set of 7 Bruants for 75c by Mail postpaid, large plants by Express at the same price, purchaser paying charges.

C. Young & Sons Co., St. Louis, Mo.,

Gentlemen.—The plants, seeds and bulbs arrived. The plants and bulbs in fine condition, and the finest largest ones we ever received for the money. Everyone who sent with me expressed their delight in doing so after comparing your plants with those received from other houses. Many thanks for so many extras which far exceeded my anticipation. There are other friends wishing me to send for them after seeing these lovely plants, so as soon as I can you may expect another order. Again thanking you very kindly, I am,

Respectfully, Mrs. H. C. Strickland.

Equality, Ills.,

13 BEST DOUBLE GERANIUMS.

Selected as the very best from all the varieties now in cultivation. Price 10 cents each.

SPECIAL OFFER.—The full set of 13 varieties for \$1.00.

SWANLEY DOUBLE WHITE—Without seeing it, one would scarcely believe the dwarf growth and free-flowering of this wonderful variety. Dense green leaves throwing up numerous trusses of the purest white at every joint, and continue to do so through the year. 10c each.

ATTRACTION—Pale blush, shaded with delicate lavender; flowers large, trusses immense. 10c each.

BISHOP WOOD—A grand variety of the most perfect habit, with numerous trusses of very large carmine-shaded crimson flowers. 10c each.

THOS. MEEHAN—Very large trusses, florets semi-double, color a beautiful brilliant majenta rose. A new color in the type. 10c each.

LE COLOSSAL—Very large trusses, semi-double florets, color a very bright orange vermillion. 10c each.

MARQUIS DE CASTELLANE—Splendidly formed flowers; double color cherry red. One of the finest and most distinct. 10c each.

BERTHA DE PRESILLY—A very robust branching variety, covering the plant continually with bloom. The flowers are large semi-double, of a bright silvery rose color. Very effective. 10c each.

LA PILOTE—Large trusses of well expanded flowers of a bright scarlet, toned and flamed with a rosy salmon. 10c each.

A. H. TRIGO—Double scarlet of a very intense color; trusses very large; flowers produced in great abundance, a splendid bedder. 10c each.

VILLE DE POITIER—Semi double Bruant; color bright vermillion scarlet, large trusses, florets large, sometimes exceeding two inches in diameter. 10c each.

MRS. CHAS. MOLIN—One of the best single salmon Geraniums for bedding purposes. Color a clear peachy salmon, florets and truss large. 10c each.

MME. LANDRY—Free and constant in bloom throughout the season. The trusses and florets are large, color clear apricot-salmon shading to copper; with a white eye. 10c each.

UNCLE JOSH—A magnificent bedding variety; color distinct light solferino, with violet flushings and light red markings on all the petals. 10c each.

Geraniums from 3 inch pots for Bedding out in April or May in any color SINGLE or DOUBLE, per dozen, \$1.00; per hundred, \$6.00, by express or delivered to our City Store from 4 inch pots \$1.50 per dozen; \$10.00 per hundred.

4 GRAND DOUBLE-FLOWERED, IVY-LEAFED GERANIUMS FOR 50 CENTS.

New Ivy-Leaf Geranium, Souv. De Chas. Turner.

13 BEST SINGLE GERANIUMS.

You can not make a mistake in ordering these. There is nothing better to be had in the whole list of single Geraniums. Price 10 cents each. The full set of 13 varieties for \$1.00.

APPLE BLOSSOM—Trusses of pearly white, shaded with rose pink, resembling a mass of apple blossoms (see cut). 10c each.

ALICE OF VINCENNES—The ground color is rosy pink, heavily veined and bordered with intense scarlet, center white; a very brilliant combination of colors. 10c each.

COLUMBIA—A magnificent new Geranium of an entirely new shade. Florets large and round, a beautiful cardinal with a white eye. 10c each.

GLARE OF THE GARDEN—The flowers are borne in enormous trusses, often measuring from five to seven inches in diameter, and are of the most brilliant shade of scarlet. 10c each.

LILY—White, very slightly tinted with pink; the largest flower of its color in cultivation. 10c each.

M. A. BLANC—A most distinct and pleasing shade of salmon, with a light shading in the center; trusses are very large and composed of an immense number of florets. 10c each.

MME. J. CIBIEL—Immense round, perfect flower in enormous trusses; center a bright aurora salmon, with white eye and bordered with broad flesh-white border. A grand distinct and beautiful variety. 10c each.

MASSAGE D. LEMOINE—Gigantic flowering variety, which sells as fast as can be grown. Its flower pips are nearly three inches across. Color light salmon, shaded with cream; a real gem. 10c each.

TEMPEST—A single variety, dazzling orange with yellow shadings. A very near approach to the long talked of yellow Geranium. 10c each.

VAN DAEL—Bruant type, Center bright, silvery rose, bordered white; single; large trusses. 10c each.

LADY BROOKE—Petals lapping, and of great substance quite round. Color, white, with delicate pink mark in the center; very striking; trusses of fine form and immense size. 10c each.

QUEEN OF THE WEST—The best bedding Geranium in cultivation; grows freely and blooms in the greatest profusion, light glowing scarlet; in fine trusses. 10c each.

MRS. E. G. HILL—Single; florets $2\frac{1}{2} \times 2$ inches. The center of each petal is a soft, light salmon, bordered with rosy salmon and veined deep rose. 10c each.

LA ROSIERE—A soft, satiny rose-tint flower, perfectly circular and very double. 15c each.

SOUV. DE CHAS. TURNER—A wonderful stride in this lovely class, producing gigantic trusses six to eight inches across, pips two and one-half to three inches over, deep pink shade, feathered maroon in upper petals. Finest English variety introduced. 15c each (see cut).

DOUBLE WHITE IVY GERANIUM, JOAN OF ARC—This is one of the most beautiful plants it has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plants when in full bloom. 15c each.

WILLY—Bright orange scarlet, a grand color, flower large and beautifully formed. Good strong grower. 15c each.

Special Offer the set of 4 varieties for 50 cents by mail, postpaid. Large plants in bud or "bloom" 20 cents each, the set of 4 for 75 cents by express only.

LADY WASHINGTON GERANIUM—Grand old favorites; showiest mass of bloom produced of any soft-wooded plants that we have. This class is well known to all our readers, but the new varieties are as much in advance of older kinds as those were over the earliest sorts.

KINGSTON BEAUTY—Large black blotches on upper petals, which have fiery red edge, surrounded with broad white band, with bright red spot in center.

MRS. ROBERT SANDIFORD—Flowers large size, well doubled, beautifully ruffled and of glistening snow-white color.

LORD SALISBURY—White, richly blotched and marbled with rose; immense trusses of large, fine flowers. Each, 20c.; the 3 Pelargoniums for 50c.

C. Young & Sons Co.,
St. Louis, Mo.

Gentlemen:—
The Bulbs received last evening and am very much pleased with them. Very much for the extra Tulips and will remember your kindness in the future.

Jerseyville, Ills.,

They are the finest bulbs I have ever received, and I thank you

Yours respectfully,

MRS. ALBERT H. FOSTER.

GLADIOLUS BULBS. LARGE FLOWERING VARIETIES.

The demand for this class of bulbs has become so great that we are now devoting a large acreage to their culture. The varieties we grow constitute the very finest that can be produced. Our stock has been carefully selected, the markings and size of flower being the first consideration. This enables us to send out collections which consist of the very choicest varieties in their particular color. The bulbs we offer are select only, and will produce strong, vigorous growing plants, with long spikes. The flowers are very large, of perfect form and good substance. The combinations of markings are almost endless, and such as will be found in few other collections sent out. We also quote them at such a reasonable price that they are within the reach of all.

CULTURAL DIRECTIONS.

Gladiolus constitute one of the finest features of the flower garden during the Summer and Autumn months for a diversity of color and general effect, either in masses or planted in clumps for border decoration. They are also of easy culture, and will thrive in any ordinary, deeply dug garden soil to which is added a liberal supply of well decayed manure. A succession of bloom may be had from July to October by planting at intervals from April to June. The strongest bulbs should always be kept for the latest planting. Plant six inches apart in beds or double row and three inches deep.

In the Fall, before frost, the bulbs should be taken up, gradually dry them, and after cleaning them, put into a paper bag and place out of the reach of frost, for planting again the following Spring.

GROFF'S HYBRID SEEDLINGS.

The Most Popular Strain in Existence.

A mixture of the choicest new varieties of the highest possible excellence, showing the most exquisite shades and combinations of rare and beautiful colors and producing an effect that is indescribable. They surpass all other varieties in size of flower and beautiful color combinations, and are recommended by growers as the most superbly beautiful Gladiolus yet introduced. This mixture will produce the purest and most delicately tinted flowers, as well as the most brilliant and striking contrasts of intense vivid colors. By all means, include some of this strain in your order. Price of first-class blooming bulbs, 6c each; 5 for 25c; 50c per dozen; \$4.00 per 100, postpaid; \$3.50 per 100 by express, at purchasers expense.

YOUNG'S SUPERB MIXTURE.

White and Light Striped.—Price, 5c each; per dozen, 35c; per 100, \$2.00.

Yellow.—Price 5c each; per dozen, 50; per 100, \$3.50.

Pink and Variegated.—Price, 6c each; per dozen 40c; per 100, \$3.00.

Red.—Price, 5c each; per dozen, 35c; per 100, \$2.00.

"Young's Superb Mixture."—Composed of all the principal colors. Price, 5c each; per dozen, 30c; per 100, \$1.50.

NEW PINK HIBISCUS "PEACHBLOW."

An improvement over other hibiscus in size of flower, freedom of bloom and strong growing qualities. Flowers double; of a rich shade of clear pink, with small, deep crimson center; an entirely new and most beautiful shading; 4 to 5 inches in diameter. Blooms freely, even on small plants. Good as house plant or planted out in the garden. Price strong plants, 15c each, by mail, postpaid; large one-year old plants 35c each, by express only.

HELIOTROPES.

Heliotropes are great favorites, principally on account of their delicious fragrance; they grow freely under glass, and may be planted in the open border during the Summer. 10c each; \$1.00 per dozen.

Jersey Belle.—Fine, prominent truss, flowers large and of great substance, and an excellent bedder and pot plant. For planting in masses we have seen none to equal it. Another thing in its favor, it takes fewer plants, from its sturdy branching habit, to give effect (see cut).

Mina.—This is in every way superior to all the ordinary varieties. Color not very dark or light—medium.

Purple and Gold.—A French variety of great beauty; foliage is a bright, golden yellow, very pronounced, and marked slightly with a delicate green. In bloom it is exquisitely beautiful, the deep lavender color of the flower contrasting admirably with the varying foliage; very free-flowering; trusses large.

Queen of the Violets.—This is the richest colored of all the dark varieties: color, a rich velvet blue.

Harrison, Ark.
C. Young & Sons Co.,
St. Louis, Mo.
Gentlemen:—I received my plants in fine condition; am very well pleased with them. I appreciate the extras, for which please accept my sincere thanks.
Yours truly,
MRS. F. B. WALTERS.

GLADIOLUS.

HELIOTROPE, JERSEY BELLE.

HIBISCUS, PEACHBLOW.

HIBISCUS SINIENSIS.

(Chinese Hibiscus)

Well-known evergreen tender shrubs, which may be grown either as a pot plant or planted out during the summer. They flower freely during the entire summer, and even in the winter if kept in a light, sunny situation. (see cut)

Auriantica. Large double, orange-colored flowers; an early and profuse bloomer.

Grandiflorus. Full, round flower of a perfect shape, and of a rich, soft carmine-rose, with a deep crimson eye. A beautiful, free-blooming variety.

Miniatus Semi-Plena. Large, semi-double, brilliant and attractive: bright vermilion-scarlet; ought to be in every garden.

Sub Violaceous. Flowers of enormous size, of a beautiful carmine, tinted with violet; probably the largest flower of the Hibiscus family. Price 15c each. The four varieties for 50c postpaid. Large one year old plants by Express only 35c each.

DOUBLE HOLLYHOCKS.

An old-time favorite and one of the most valued of summer flowers. They embrace all shades of pink, maroon, rose, yellow, etc. We would call special attention to our strain of double white. They are of the purest white, and are almost equal to a double Camellia. All strong roots, sure to flower this season. We are enabled this season to offer them in special colors, as follows:

DOUBLE.

White, yellow, dark maroon, lilac, pink, white lilac center, blush, rose.. Price. 20c; \$2.00 per dozen

Double Hollyhocks.

LANTANA**Weeping Variety.**

A plant of rapid growth and graceful drooping habit. Has come into high favor as a basket or vase plant. The flowers are delicate rosy lilac, borne freely all over the plant at the base of every leaf stalk. It may be used to good advantage with other plants, but is more effective where used alone to fill baskets or vases, where its bright colored bloom forms a perfect mound of flowers. 10c each.

Lemon Verbena.

(Alyosa Citrodora.)

A universal favorite and invaluable for its fragrant leaves. Very useful for bouquets. Price, 15c each.

**LANTANAS.**

The brilliant color, robust growth and profuse blooming habits of the Lantana, render it one of the finest bedding plants that grow.

Alba Perfecta. Pure white, very fine. Price, 10c each.

California. Color, pure yellow; very dwarf and bushy; abundant bloomer. Price, 10c each.

Michael Schmidt. The flowers fresh and sparkling; of a brilliant yellow, passing into purple vermillion. Price, 10c each.

Harkett's Perfecta. A new variety, orange and crimson flowers and golden variegated foliage. Price 10c each.

SPECIAL OFFER—The full set of 4 varieties for 30c.

JASAMINES.

Maid of Orleans. A very attractive sort, with good size double flowers; blooming profusely all summer. Small plants, 15c each; large size flowering plants, 35c.

Grand Duke. This Jasmine is very easily grown; even small plants bear a profusion of very double cream white flowers, having a delicious perfume. Small plants, 15c each; large size flowering plants, 35c.

Grandiflora. (Catalonian Jasmine)—Flowers pure white, star-shaped, of exquisite fragrance. Small plants, 15c each; large size flowering plants, 35c.

Gracillimum. Beautiful pure white flowers, born in clusters. Delightfully fragrant. It bloom from October to February. Small plants, 15c each; large size flowering plants, 35c.

**HYDRANGEA.**

Hortensia. A splendid variety that will always be a favorite; its growth is strong and upright, forming excellent plants for pot culture; flowers extensively for Easter. Color pink tinged mauve. Small plants, 10c each. Large Flowering Plants, 75c each. (see cut.)

Hydrangea.

HYDRANGEA.**OTASKA MONTROSA.**

—Much larger flowered than Hortensia; it makes an excellent specimen plant for the porch or lawn; flowers are produced in enormous trusses of intense pink flowers. Blooms the entire season. Small plants, 10c each. Large Flowering Plants, \$1.00 each.

YOUNGS HARDY GARDEN LILIES.

HARDY LILIES are among the most important and popular bulbs for the garden. They are stately and beautiful, matchless in form, variety of color and exquisite fragrance, and, for general effect they had no rival.

Three Popular Japan Lilies.

AURATUM, GOLD BANDED.

Justly famous as the most beautiful and fragrant of all Lilies: flowers white, dotted crimson, with a clear, broad, golden band running through the center of each petal. First size bulbs, each, 20c.; 3 for 50c.

SPECIOSUM ALBUM.

Speciosum Monstrosum Album. Broad flat stems with immense heads of pure waxy white flowers, often 25 or more in a cluster. 20c each.

SPECIOSUM RUBRUM—Crimson Banded.

Flowers are white, with a deep rosy or crimson band on each petal, with deeper colored spots between. They are five to six in. in diameter, very fragrant, and have all the hardness of the *Speciosum* class. First size bulbs, each, 20c.; 3 for 50c.; (see cut).

Special offer one each of above 3 varieties first size bulbs, postpaid 50c.

RED, WHITE AND BLUE MOONFLOWERS

Red (*Ipomoea Mexicana Palmata*)—From Buenos Ayres. A red morning glory, with a large tuberous root, bearing rich, violet crimson, flowers; a beauty. To be treated like a dahlia. Price, extra large plants, 35c; 2d size, 20c.

White (*Ipomoea Grandiflora*)—There are few plants that are as satisfactory as this. One lady says that it was trained on strings to a balcony 25 feet high and 40 feet wide, and that from August to November it was covered nightly with its white, moon-like flowers, from 5 to 6 inches in diameter. It has also a rich, jessamine like odor at night. It is called the Moonflower because of its rare peculiarity of blooming best at night, although it also expands its flowers on dull days. It grows everywhere, where there are old trees, walls or strings to cling to (see cut). Price, extra large plants, 35c; 2d size, 20c.

Blue (*Ipomoea Leari*)—This makes a splendid companion to plant with the White Moonflower. It is equally rapid in growth and free-flowering, blooming in the morning or on dull days. The flowers are the most intense violet blue, with reddish purple rays, and are 6 inches across. Extra large plants, 35c; 2d size, 20c.

SPECIAL OFFER: When three of the large size are ordered, we will send them for \$1.00; second size, 50c.

LILY-OF-THE-VALLEY.

Fragrant and Lasting. The rival and fit companion of the violet, there is no flower more lovely than this.

Large Flowering German Pips. 6 for 15c.; 12 for 25c., postpaid; by express at buyer's expense, 25 for 40c.; 100 for \$1.50.

Lanceifolium Rubrum.

White Moonflower.

MARGUERITE
(PARIS DAISY.)

White—A ray of white petals around a yellow disc blooms winter and summer; fine for bedding or pot culture; flowers like the field daisy in size and appearance; a good winter bloomer.

Prices, large plants in bloom, 25c; small size, 10c
Soleil D'or—Rather dwarf plant; bright golden yellow flowers, disc and center being same shade. These two varieties make a beautiful contrast. Prices, large plants in bloom, 25c; small size, 10c.

Double Petunias.
VINCA MAJ JR.
VARIEGATED.

A beautiful variegated trailing plant, admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy white; flowers blue. Price, 10c each. Large plants with vines two or three feet long, 25c.

Variegated Ground Ivy.

VARIEGATED GROUND IVY.

A thrifty and rapid grower, and a fine acquisition to our list of basket or vase plants. It has light green leaves, bordered with pure white. Hardy, excellent for Rockery (see cut). Price, 10c each; \$1.00 per dozen.

PLUMBAGO.

The Plumbagos are always satisfactory plants, either for pot culture or for the garden. They are constant bloomers, and their delicate and graceful flowers are very useful for cutting.

Capensis—A Beautiful plant, with heavy, firm foliage and plentiful clusters of the most beautiful pale blue flowers. A shade seldom met with and universally admired. Price, 15c each.

PASSION FLOWER.

Constance Elliot.—A valuable novelty with large, handsome and very fragrant flowers of pure ivory white, with raised center. 20c each.

Pfordti.—A beautiful blue flower, shaded with rose. It blooms freely when only a foot high and is the best sort for window culture. 20c each (see cut).

PETUNIAS--DOUBLE.

Of this favorite bedding plant we have a carefully selected collection, including all of the most brilliant and beautiful varieties. 15c each; 8 for \$1.00.

PETUNIAS—SINGLE.

CALIFORNIA RUFFLED GIANTS.

Flowers of extraordinary size and substance, and with very deep throats. They are ruffled, fluted and fringed, and are not surpassed in colors by any other strain, ranging from deepest purple to pure white. Some are solid colors, while others are blotched, striped and veined with many combinations of colors that are truly interesting. This class deserves a place in every collection. A bed of this strain of Petunia planted by us at the World's Fair Grounds was awarded a Gold Medal. Price, 15c each; \$1.50 per dozen.

Ismene Calathina.

ISMENE CALATHINA.

The flowers are of very large size like an Amaryllis, novel form and of snowy whiteness, and are also exceedingly fragrant. As a pot plant it is grand, and as a garden bulb treated like a Gladiolus it is one of the choicest of all flowers. Strong flowering bulbs; 20c., each; 3 for 50c.; 7 for \$1.00.

VERBENA--NEW MAMMOTH

Verbenas are now, and have been for years, one of our leading specialties. We have carefully selected and improved our stock of Mammoth Verbenas since we introduced them, and confidently offer our new varieties for this year as improvements on former years.

The colors range through the brightest and most beautiful shades of scarlet, purple, crimson, pink, blue, white, etc.

Verbenas—Unnamed; choice assortment of colors. Price, 5c each; 50c per dozen.

A Single Plant of *Salvia Splendens*.

SALVIA.

Flowering Sage.

The *Salvia* is one of the most beautiful of all flowers. We would especially recommend the *Salvia Splendens* as one of the grandest plants in cultivation—a bed of them surpassing the finest scarlet geraniums in brilliancy and continuous bloom.

10 cents each; \$1.00 per dozen.
The set of three varieties, 25 cents.

Salvia (A. Ragneau)—Early flowering; does not grow over 15 to 18 inches tall and blooms as soon as it becomes well rooted and continues until frost. This is entirely different from what we have heretofore offered as dwarf early flowering *Salvia*. Flowers brightest scarlet, produced in grand spikes. Price, 10c each; \$1.00 per dozen.

Fire Ball—The dwarfiest and most compact of the Scarlet *Salvias*, with dark foliage completely covered with erect spikes of dazzling scarlet. It is early in bloom and continues in clean, bright conditions, throughout the season. 10c each; \$1.00 per dozen.

Splendens (Scarlet Sage)—Most gorgeous plants with spikes of intense vivid scarlet flowers. The flower spikes measure 10 to 12 inches in length and there are as many as 200 spikes on a well-grown plant. They continue to flower most profusely all summer and until killed by the late frosts. Price, 10c each; \$1.00 per dozen.

Passion Flower—Pfordti.

Pandanus Veitchii (Variegated Screw Palm.)

PANDANUS VEITCHII.

(Variegated Screw palm)

The leaves are a light green color, marked with broad stripes of white; one of the most ornamental of house plants. Plants from 5-inch pot, 1½ feet high, \$2.00 each; plants from 6-inch pots, 2 feet high, \$3.00 each.

LATANIA BORBONICA.

(Fan Leaf Palm.)

A strong, hardy variety, useful for general decorative purposes.

Plants from 5-inch pots, 1½ feet high 75c each.

Plants from 6-inch pots 2 feet high, 3 or 4 leaves, \$1.50 each.

Suitable for house culture, which are grown in choice specimens, that can only be shipped by express.

Standard Bay Laurel.

STANDARD BAY LAUREL TREE.

(*Laurus Nobilis*).

For decorative purposes these stately evergreen plants can not be excelled.

Fine specimens, Standard form, 44-in. stem, 30-in. head, \$10.00 each. 48-in. stem, 40 in. head, \$15.00 each. Pyramid form, 5 feet high, 36-ins. diameter at base, \$12.00 each; 6 feet high, 42-ins. diameter at base, \$20.00 each.

KENTIAS PALM.

Very reliable palm for house decorations, not easily affected by change of atmosphere. Plants from 4-inch pots, 1½ feet high, \$1.00 each. Plants from 5-inch pots, 2½ feet high, \$1.50 each. Plants from 6-inch pots, 3 feet high. \$2.00 each.

Box Tree.

BOX TREE.

These are perfectly hardy, and will stand out doors all winter without any protection. Valuable for outdoor decoration on porches, etc. Fine specimens, about 42 inches high in pyramid form, each \$2.50.

ARECA LUTESCEN.

One of the most beautiful plants in cultivation, bright, glossy green leaves and golden yellow stems. Plants from 5-inch pots, 2½ feet high, \$1.50 each; Plants from 6-inch pots, 3 feet high, \$2.50 each.

WATER LILIES AND AQUATIC PLANTS

Nymphaea Odorata Rosea (Hardy Pink Water Lily).

VERBENA—NEW MAMMOTH.

Verbenas are now, and have been for years, one of our leading specialties. We have carefully selected and improved our stock of Mammoth Verbenas since we introduced them, and confidently offer our new varieties for this year as improvements on former years (see cut).

The colors range through the brightest and most beautiful shades of scarlet, purple, crimson, pink, blue, white, etc.

Verbenas—Unnamed; choice assortment of color Price 5c each; 50c per dozen.

Frank Trelease—This superb tender night-blooming water lily surpasses all other red varieties by the brilliancy and depth of the rich glowing dark crimson of its flowers. 9 to 10 inches in diameter; glossy, dark, bronzy red, resembling in color the foliage of the Black Beauty Canna. \$1.00 each.

Marlancea Chromatella—A very free and vigorous grower; flowers 4 to 6 inches across, bright yellow color; leaves deep green, beautifully blotched with brown. A free and continuous bloomer. 50c each.

Parrot's Feather—An aquatic hanging plant. Planted in water-tight hanging basket, so water can be kept standing on the surface of the soil it will trail down over the sides in a most charming manner. In a tank or lake it prefers shallow water. Price, 15c each; \$1.50 per dozen.

Nymphaea Flava—This is a true water lily, with yellow flowers and a delicate perfume. Its leaves are beautifully variegated with brown. It is a very desirable variety either for pond, tub or aquarium. Price, 30c each.

Nymphaea Odorata—Our native water lily; flowers pure white and very fragrant; when grown in rich mud it will produce flowers 6 inches and leaves 18 inches across. Price 25c each.

Nymphaea Odorata Sulphurea—A handsome yellow-flowered form of our native variety. Price, \$1.00 each.

Nymphaea Odorata Rosea (*Cape Cod Water Lily*)—This is the famous pink water lily of Cape Cod. It possesses all the desirable qualities of the white-flowered species, hardiness, freedom of bloom and delicious fragrance. Price, 50c each. (see cut).

Water Hyacinth—One of the most remarkable, curious and beautiful plants we have ever grown. Instead of growing in soil, it floats in the water. 15c each.

Water Poppy—Small oval leaves and showy flowers of bright lemon color, standing a few inches out of the water and producing freely all summer. Easily grown in a shallow tub or pan. Price, 20c each.

SMILAX.

Smilax—Perhaps no climbing plant in cultivation equals this in graceful beauty of its foliage. Price, 10c each.

Messrs C. Young & Sons Co.,
St. Louis, Mo.

Gentlemen:—The goods received and in good shape, am well pleased with what you sent me.

Very truly,
Geo. W. Moore.

Equality Ills.,

American Wonder Lemon.

Probably no plant has been introduced in recent years that has attracted more attention, and that has more real merit than the American Wonder Lemon. Think of a tree only two or three years old bearing mammoth fruit 4 or 5 inches in diameter and weighing 2½ to 3 pounds. In addition to its fruit bearing qualities, it makes a very handsome specimen plant for house culture. The dark green foliage is large and handsome and the pure waxy-white flowers with yellow stamens are nearly as large as Tuberoses and fragrant as orange blossoms, which they closely resemble. The lemons have a thin rind for so large a fruit and are full of rich acid juice equal in quantity to half a dozen or more ordinary lemons. It is of very easy culture, flowering and fruiting with ordinary treatment. Price young well rooted plants 15c each, 2 for 25c. Price 2 and 3 year-old plants 50c and \$1.00 each, by express only.

**American Wonder Lemon.**

plants you can raise an abundance of fragrant blossoms. Price, strong young plants, 10 cents each; 3 for 25 cents. Bushy plants from 3 inch pots, 6 to 8 inches high that will blossom and bear next year, 25 cents each, postpaid. Large 2 year-old plants, (like cut), 50 cents each, by express only.

**CHINESE DWARF
Otaheite Orange.**

A grand pot plant both for beauty and novelty. It is a dwarf orange that grows, blooms and fruits freely in pots, even when only a foot or two high. The fruit is about one-half the size of the ordinary orange, and is very sweet and delicious. The blooms are produced in the greatest abundance, and are delicate and beautiful in color and rich in delicious perfume. It blooms most freely during the winter, although it is likely to bloom any time in the year. With one or two

**Otaheite Orange.****Tuberose Bulbs.****YOUNG'S EVERBLOOMING.**

A wonderful new single Tuberose that blooms continuously from early in July until it is stopped by frost. Unlike any other Tuberose it flowers year after year from the same bulb, the young roots also producing flower stems. In this way it forms large clumps, frequently having 15 to 20 large spikes in full bloom at one time. The immense spikes of bloom are borne in great profusion and keep fresh and fragrant for weeks when placed in vases of water. Our bulbs are two years old, extra large sized, and will be sure to bloom in great profusion this season. 5c each; 50c dozen; \$3.00 per 100.

**Tradescantia Multi-Color.**

A beautiful new variety, which has proved a great acquisition to our list of basket plants. It is of creeping or drooping habit; foliage brightly marked and streaked with rose, white, pink, bronze and green. Price 15c each.

SHASTA DAISY.

The Shasta Daisy is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. Its first qualification is extreme hardiness. Second, it is perennial, blooming better and more abundantly each season. Third, it can be multiplied rapidly by simple division, and it is not particular as to soil. Fourth, it blooms for several months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals of the purest glistening whiteness, and are borne on single, long, stiff, wiry stems. Sixth, the blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it in usefulness. Each 15c; per dozen, \$1.50.

**YOUNG'S TUBEROSES**

ARE noted for their FINE QUALITY, Extra Large Size, and are always Sure to bloom.

TUBEROSES.

Excelsior Pearl.—Grows about 18 inches high, blooms very early, extra large size. selected bulbs, all sure to bloom. Price by mail 10c each; per dozen, 75c. Price by express, 8c each; per dozen, 50c; per 100, \$3.00.

Pearl.—Short stalks, long spikes and large flowers; select bulbs of enormous size. Price by mail, 10c each; per dozen, 50c. Price by express, 8c each; per dozen, 30c; per 100, \$2.00. **STARTED IN POTS.** Ready April 15, which insures them flowering early in the season. 15c each, \$1.50 per dozen.

**Shasta Daisies.**

Hardy Flowering Plants FOR OUT-DOOR PLANTING.

Aster.

ASTERS.

Strong plants; grow in three-inch pots, well established, from Vick's large branching and choice Victoria strain; in four distinct colors, white, lavender, red, pink etc. 50c per dozen; \$3.50 per 100.

NASTURTIUM.

Dwarf or tall-growing; strong, well-grown plants, from three-inch pots in the leading colors. 60c per dozen; \$4.00 per 100.

PHLOX DRUMMONDI.

Flowers the entire summer; very attractive and showy; in six distinct colors. 10c each; 60c per dozen; \$4.00 per 100.

SWEET PEAS.

We grow 3 to 5 peas in 2½ inch pot. They can be planted out in the garden after it is too late to sow the seed, and are all of the best varieties and a choice assortment of colors. 35c per dozen; \$2.50 per 100.

STOKESIA CYANEA (The Cornflower or Stokes' Aster):

A most charming and beautiful native hardy plant, which for the past few seasons has been the most admired flower on our grounds. The plant grows from 18 to 24 inches high, bearing freely from early in July until late in October in handsome lavender-blue centaurea-like blossoms, which measure from 4 to 5 inches across. It is of the easiest culture, succeeding in any open, sunny position, and not only is it desirable as a single plant in the hardy border, but it can also be used with fine effect in masses or beds of any size (see cut). 15c each; \$1.50 per dozen.

Magnolias 2 Varieties.

Solangeana--Foliage large glossy, and massive, growing into tree form; very profuse bloomer, color white and purple, strong plant, four feet high, well branched. \$2.50 each.

Alexander--Flowers large, color white and red, an exceedingly free bloomer. The flowers remain on the tree longer than any other variety. Size 4 feet high; \$2.50 each.

Young's Superior Pansy Plants.

Young's Giant Trimardeau--Fine young plants from this superb, large-flowering strain; assorted colors. 10c each; 75c per dozen; \$5.00 per 100.

Large Flowering Varieties--Strong plants from seeds raised from the different pansy specialists; all colors mixed. 5c each; 50c per dozen; \$5.00 per 100.

The above are twice transplanted, in bud or bloom.

VINCA, Or Perrywinkle.

This is a most attractive plant, blooming the entire summer season, forming a handsome shrub two feet in height and diameter. COLOR--Rose White, and White with Crimson Center. 15c each; \$1.50 per dozen.

SWEET VIOLETS.

LA FRANCE

THE LARGEST OF ALL VIOLETS.

This is the largest and most productive Violet in cultivation. For richness and purity of color and fragrance of flower, it is immeasurably superior to all other single blue varieties. It is a single flower, and while almost as large as a single dollar, it has that sweet simplicity peculiar to the Violet. The color is pure rich violet blue that does not fade. Extremely free flowering a single plant producing hundreds of flowers throughout the season. Price, 10c each; 3 for 25c; \$1.00 per dozen.

IMPERIAL

THE BEST DOUBLE VIOLET.

Unquestionably the best double blue Violet for general cultivation. Stands any amount of hardship; is strong, healthy and perfectly hardy. Extremely free flowering, producing quantities of the loveliest deep violet-blue flowers of the daintiest and most refined form, almost like a camellia; perfectly double; deliciously fragrant (see cut). Price, 20c each; 3 for 50c; \$1.50 per dozen.

Echeverias.

ECHEVERIAS.

This interesting class of plants are now attracting unusual attention. They bloom freely, and stand our hottest sun without water. Useful for carpet beds, rockeries, etc. 10 cents each; \$1.00 per dozen.

Violet La France.

Stokesia Cyanea (Cornflower Aster).

HARDY ORNAMENTAL CLIMBING VINES.

AMPELOPSIS VEITCHII.

The well known Boston Ivy, noted for its excellence for covering walls and buildings. Foliage in Autumn of various brilliant colors. Leaves a bright green and very thickly borne. First size, extra strong, pot grown, 2 to 3 feet, 35c each; \$3.50 per dozen. Second size, extra strong, pot-grown 1 to 2 feet, 25c each; \$2.50 per dozen. Third size extra strong, pot-grown, 6 to 9 inches, 15c each; \$1.50 per dozen.

Ampelopsis Quinquefolia—The common woodbine. A native vine of very vigorous growth. Fine for wall covering. 25c each.

Cinnamon Vine.

HONEYSUCKLE.

Halliana—A variety introduced from Japan. It is evergreen and a constant bloomer, flowers pure white, changing to yellow; very fragrant good for trellises or pillars. First size 36 inches high 50c each; 2nd size, 20 inches high, 25c.

Scarlet Trumpet, or Coral—A very strong variety, producing beautiful scarlet flowers all summer. One of the best. First size, 36 inches high, 50c each; 2nd size, 20 inches high, 25c.

Monthly Fragrant, or Dutch—A fine rapid growing variety; flowers large and fragrant; color, red and yellow; a constant bloomer. First size, 36 inches high, 50c each; 2nd size, 20 inches high, 25c.

HARDY HERBACEOUS PLANTS.

PAEONIES

DOUBLE HERBACEOUS.

Almost a rival of the rose, recently much improved and deservedly popular. Has immense double flowers like enormous roses in almost as many shades, very fragrant and splendid for cutting. Its foliage is ornamental and handsome, and not troubled with insects. It blooms regularly every Spring for several weeks at a time. Is hardy and grows easily anywhere. Height 2 feet. For best results plant early in the Spring in deep rich well prepared soil, covering the eyes but an inch or two. Manure heavily in the Fall after the tops are killed by frost. We offer three distinct sorts. White, double red, and double rose. Price, 25c each, postpaid, or 12 for \$2.50. Extra large Roots by Express only 35c; 3 for \$1.00.

Hardy Phlox.

CLEMATIS.

We include under this head only the showiest of the varieties of Clematis. They are all rapid growers and very hardy, and among the most satisfactory climbing vines for ornamental purposes.

3 HARDY CLEMATIS FOR \$1.75, 2 YEAR OLD PLANTS.

Jackmanii—The flowers are large, intense rich velvety violet-purple and are produced in such masses as to form a cloud of bloom. Well known and very popular. Price, 75c each.

Henryii—A vigorous grower and a free bloomer, producing its large pure white flowers constantly during summer and early autumn. Price 75c each.

(CLEMATIS PANICULATA.)

This elegant new Clematis is one of the finest climbing vines for porches, trellises, arbors, etc. Flowers are rich creamy-white, star shaped and borne in beautiful clusters, completely covering the vine with beautiful starshaped blossoms; exceedingly fragrant; the sweetest of all Clematis and one of the hardiest and easiest to grow. Price, 25c each; 5 for \$1.00. Extra large field-grown roots, 50c each; 3 for \$1 25 post paid. For newer varieties see novelties.

2 PRETTY CLIMBING VINES.

FOR PORCH OR SUMMER HOUSE.

Cinnamon Vine—A very graceful and pretty rapid growing climbing vine, taking its name from the delicious fragrance of its charming white flowers, which are borne in elegant clusters the whole season, or till killed down by frost; makes a quick shade for doors and porches; hardy and can remain in the ground over Winter. Strong roots, 5c each; 50c per doz. (see cut.)

Madeira Vine—A very handsome quick-growing climbing vine, covering a large space in a short time; makes a delightful shade and bears large racemes of beautiful feathery white flowers, delightfully sweet. 5c each; 50c per doz., postpaid.

BIGNONIA.

(Trumpet Creeper). For covering unsightly places, stumps, rockwork, or wherever a showy flowering vine is desired, the Bignonias will be found very useful. The flowers are large, attractive and borne profusely when the plant attains a fair size. 30c each.

CHINESE WISTARIA.

This is one of the most popular of our hardy vines, growing very rapidly, climbing to a height of fifty feet or more; when in bloom is truly magnificent. It flowers in early spring in long, drooping racemes, resembling in size and shape a bunch of grapes.

Sinensis (Chinese Glycine)—This favorite variety, producing thousands of pendulous clusters of delicate violet blue blossoms, richly perfumed. Price, 50c each.

Sinensis Alba—Of similar habits to Sinensis, with pure white flowers. A lovely climber. Price, 50c each.

Magnifica—Blue-flowering. A beautiful variety and free bloomer; grows freely in any place. Price 50c each.

Hardy Perennial Phlox.

The Improved varieties of Hardy Perennial Phlox, which we offer below, are among the handsomest and most useful of our Hardy Herbaceous plants, the flowers are very large, and borne in grand massive heads of most brilliant colors. The plants are perfectly hardy, and when established, will bloom on, year after year, with little or no attention. There are few plants that with so little care will make such a handsome display of brilliant colored flowers every season.

Our list is made up of the very best varieties, covering the widest possible range in colors, from pure white to dark red and purple. A clump of Hardy Phlox on the lawn will always attract attention.

PHLOX, UNNAMED VARIETIES.

Fine assortment of colors. Price, 15c each; 3 for 40c., 6 for 75c., \$1.50 per doz. postpaid.

HARDY PERENNIALS.

THE tide of popular favor has turned decidedly toward these most useful of all plants. *Perfectly Hardy*, once planted will last for years, increasing in size and beauty. They are no doubt the *plants of the future*. No pleasure grounds or rural homes, however modest, are considered complete without ornamental trees or plants of a hardy and permanent character. The following sorts have been selected with the greatest care; we think no better can be found.

We send by mail or express as directed. By mail we pay postage, by express the purchaser pays express charges; but express orders get larger plants, except ornamental trees which must be sent by express as they are five to ten feet high, and we would advise having the shrubs sent by express as we can send larger shrubs that will give an effect at once.

ACHILLEA "THE PEARL."

One of the very best white-flowered plants for the border. The flowers are borne in the greatest profusion the entire summer, on strong, erect stems. Pure white in color, somewhat resembling pompon chrysanthemum. As a summer cut bloom it is a great acquisition. Each 10c; \$1.00 per dozen.

NEW DWARF PERENNIAL SUN-FLOWER "HELIANTHES"

—A real beauty for the flower garden. Every one who likes yellow flowers goes wild over it. Grows only 2 to 2½ feet high and is loaded with solid perfectly double golden yellow flowers, 2 to 3 inches across. Very showy and handsome. 15 cts. each, 2 for 25 cts., \$1.10 per dozen.

DELPHINUM FORMOSUM.

Perennial Larkspur—One of the handsomest and most satisfactory of all the hardy herbaceous plants, and should be planted extensively, even in the smallest garden; its long spikes of bright blue flowers are produced continually from June until frost. Each 15c; 2 for 25c.

Funkia Alba, White Day Lily.

FUNKIA ALBA.

(White Day Lily)—Showy plants, and this is the best of the class. Beautiful, broad ovate leaves, with large, lily like, pure white, fragrant flowers in large clusters (see cut). Price, 20c each; 6 for \$1.00.

CAILLARDIA, HARDY GYPSY QUEEN.

This is an improvement over the older varieties. The coloring is something gorgeous. The center is dark reddish brown, while the petals are orange, crimson and red. It is perfectly hardy, increasing in size and beauty from year to year. Very free flowering. Each 15c; per doz. \$1.50.

DICENTRA SPECTABILIS.

(Bleeding Heart). A hardy perennial plant with rose-colored flowers in great abundance; one of the best border plants; perfectly hardy and easily cultivated; two feet high; flowers in April or May. Price, 25c each.

DAISY DOUBLE.

A very pretty border plant, in two colors, pure white and rose, large size flowering clumps. 5c each, 50c per doz.

COREOPSIS VARIETY "LANCLOTA GRANDIFLORA."

This is one of the most popular and satisfactory hardy flowering plants you can get. The flowers are rich golden yellow of graceful form, and borne on stems 2 to 3 feet high. They bloom in greatest profusion the latter part of June, but continue blooming more or less all Summer and Fall. Splendid for cutting and making bouquets; succeed everywhere 15 cts. each, 3 for 30 cts.

PHLOX SUBULATA.

(MOSS, OR MOUNTAIN PINK.)

An early spring-flowering type, with pretty moss-like evergreen foliage, which, during the flowering season, is hidden under the masses of bloom. An excellent plant for the rockery, the border, and invaluable for carpeting the ground or covering graves. 10cts. each; \$1.00 per doz.:

NEW DOUBLE "GOLDEN GLOW" RUDBECKIA

This is one of the grandest hardy yellow flowering plants ever introduced, particularly valuable for garden, lawn, and park planting grows six to eight feet high; graceful branching habit and pretty foliage. Blooms during July and August the first season, and bears immense masses of large, round, golden-yellow flowers, perfectly double like roses and two or three inches across, covering the whole plant with a sheet of splendid golden-yellow flowers for weeks. It is easy to grow and sure to bloom. 15c; each 2 for 25c.

PURPUREA.

(Giant Purple Cone flower.)

Entirely distinct from all other perennials in the peculiar formation as well as the color of the flowers, which are of large size, about 4 inches across of a peculiar reddish purple, with a remarkably large cone-shaped centre of brown, thickly set with golden tips in spiral lines; form bushy plants from 2 to 3 feet high, and blooms from July to October. 10c each; 6 varieties for 50c; 1-year old clumps, 20c each.

Hardy Garden Pinks.

The old fashioned "Sweet May Pinks" are among our most valuable hardy garden plants. They are perfectly hardy, of dwarf compact form, making them desirable for bordering beds, cemetery planting, etc. Their exquisite fragrance and pretty fringed flowers should secure them a place in every garden.

Juliette—White, with maroon bands, fragrant. 10c each.

Earl of Carlyle—White beautifully marked with maroon. 10c each.

Alba (Fimbriata)—Pure white, deeply fringed 10c each.

Bennett—Very large, white with wine-colored stripes of chocolate. 10c each.

Her Majesty—Pure white, very large, 10c each.

Laura Wilmer—Color white with deep maroon bands in center. Blooms the entire summer. 10c each; 6 varieties for 50c; 1-year old clumps, 20c each.

Hybrid Hibiscus

This hardy Hibiscus, which has become known as the Giant Flower, has been one of the novel attractions at our grounds this summer. They are perfectly hardy in any place, and each spring send up numerous branches, which grow 5 to 8 feet high. The flowers are about a foot across, being the shape of large saucers. The colors range from pure white shades of blush and pink to deep brilliant rose. Each, 20c; 3 for 50c.

PLATYCODON.

A valuable perennial, bearing a constant succession of handsome, large, bell-shaped, deep blue and white flowers, from July until late in Sept.; succeeds well in any ordinary soil. (see cut.) 20c ea., \$2.00 per doz.

Pinks—Hardy Garden.

Platycodon. Grandiflorum.

HARDY HERBACEOUS PLANTS.

Tritoma Uvaria.

TRITOMA UVARIA.

(Flame Flowers.)

An attractive summer and autumn flowering plant, producing tall spikes of bright orange red flowers. Commonly known as "Flame Flower" or "Red-Hot Poker plant" (see cut). 25c each.

Yucca Filamentosa.

YUCCA FILAMENTOSA.

An evergreen. The flower stalks are 4 to 5 feet high with 50 to 200 bell-shaped, creamy white blossoms hanging from branching arms, hardy (see cut). 35c each.

VINCA MINOR CERULEA.

(Blue Myrtle)

Grows close to the ground; invaluable for carpeting the ground in shady places. Largely used for covering graves, for which purpose no plant is so well adapted. Price, 10c each; \$1.00 per doz.

Sweet Pea, Hardy Everlasting.

SWEET PEA, HARDY EVERLASTING

A hardy climber, producing pure white flowers the entire summer in great abundance; admirably suited for covering trellises, etc. (see cut). Price, 15c each; \$1.50 per doz.

JAPANESE IRIS (Iris Kaempferi).

These magnificent Iris are among the most beautiful of our summer-flowering plants, and are becoming more popular every season. They commence blooming about the middle of June, and continue for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the Orchids in their rich colorings and markings.

EXTRA FINE MIXED JAPANESE IRIS.

We offer a fine selection of these in assorted colors. They are good strong clumps and will flower the first season.

Price 15 cents each; \$1.50 per doz.

GERMAN IRIS, OR FLEUR-DE-LIS.

The German Iris is one of the most desirable early spring-flowering plants. The flowers are of large size and of exquisite colors. No garden is complete without a collection of these beautiful "Flags." We offer the following choice sorts.

Atropurpurea. Rich royal purple.

Bridesmaid. Blush-white veined with blue.

Florentina Alba. Fine large pure white.

Old Purple. Fine deep purple.

Princess of Wales. White, veined purple.

Victorine. White, blotched purplish-blue.

Price 15c each; \$1.50 per doz.; set of 6 varieties for 75c.

HARDY VIOLETS.

Double Russian. Fine large double deep purple flowers of exquisite fragrance (see cut). 10c each; \$1.00 per doz.

LEMON-COLORED LILY.

A pretty hardy herbaceous plant, with long, narrow leaves; flower stalks two to three feet high, with a crown of beautiful lemon colored flowers three to four inches in diameter that are delightfully fragrant. Price, 25c each.

Double Russian Violet.

German Iris, or Fleur-de-Lis. (I. Germanica).

TWELVE BEST SHRUBS

FLOWERING AND ORNAMENTAL

Our Selection of the Best Hardy Kinds.

THERE is nothing more satisfactory in plants than Ornamental Shrubs—nothing adds more to the beauty of a garden than a few well-chosen, well-placed shrubs. There is nothing as inexpensive; but one outlay is necessary and hardly any labor required. The following list is composed of sorts that have proven hardy everywhere and are sure to give satisfaction. For other Shrubs and Shade Trees, send for our Special Shrub Catalogue. It is Free.

Hydrangea Paniculata Grandiflora

The Grandest and Most Beautiful of
all Hardy Flowering Shrubs for
Planting in the Door-Yard
and Lawn.

Hydrangea Grandiflora is undoubtedly the grandest and most beautiful of all the Hardy Flowering Shrubs, for the door-yard and lawn. The photograph herewith is taken from a plant on our own grounds, and gives some idea of its magnificent beauty. The flowers are rich creamy white changing to pink, and borne in immense clusters, more than a foot long; it blooms in August, the first and every succeeding year; and continues in bloom for months. Entirely hardy, no trouble to grow, does well everywhere. If you have not got it don't fail to order it now. We have a large stock of strong, healthy plants, in different sizes and prices as offered below.

Strong one year old plants, by mail or express, 35c; two for 50c; per dozen, \$2.50. Strong two year old plants, cut back, ready for planting, by mail or express, 50c; three for \$1.25; per dozen, \$5.00. Extra strong three year old plants, cut back, ready for planting, by express only, each, \$1.00.

SYRINCA.

Philadelphus Mock Orange.

A grand old favorite shrub. The *Syringa* should be in every yard. Covered with sweet-scented flowers in June, resembling those of the apple tree. Large three to four feet bushes, 40c.

CALYCANTHUS.

The deep, purple-flowering allspice, or sweet-scented shrub; a very fine and popular plant. The buds are notably fragrant. Two to three feet high, 35c.

BLUE PERSIAN LILAC.

This grand Lilac blooms early in June. Flowers beautiful deep purple and borne in profusion, hanging in the most graceful and lovely loose panicles; flowers very fragrant, filling the air with its delicious aroma. Leaves, rich dark green, rather small and delicately shaded; habit of growth compact and perfectly hardy in any locality. Price, 50c each.

WHITE PERSIAN LILAC.

Of more slender growth and finer foliage than the common Lilac. Flowers in immense sized spikes, pure white. Price, 50c each.

SPIREA PRUNIFOLIA.

(BRIDAL WREATH)—Flowers white and double like little roses; borne in great profusion the whole length of the branches; blooms early in Spring and is always greatly admired. Price, 35c each.

SPIRÆA.

VAN HOUTTII—A beautiful ornament for the lawn at any season. When in flower it is a complete fountain of white bloom, the foliage hardly showing. Perfectly hardy. Each, 24 to 30 inches high, 35c.

SPECIAL OFFER.

ONE EACH OF THE GRAND SHRUBS, DESCRIBED
ABOVE FOR \$3.00 BY EXPRESS OR FREIGHT.

Hardy Hydrangea, from Life.

NEW DOUBLE ALTHEAS.

(ROSE OF SHARON)

The Altheas are among our most beautiful Hardy Flowering Shrubs for lawns, parks and cemeteries. They make nice shapely little trees, 6 to 8 feet high, and during July and August are literally covered with large perfectly double flowers of most brilliant colors. We offer four distinct varieties—single purple, single rose, double white and single white. Price, 25c each.

ALMOND, DOUBLE PINK AND WHITE.

Beautiful shrub of dwarf habit, bearing abundantly in May, before the foliage appears, small double flowers, like miniature roses, set closely along the branches. Each, 50c.

SNOWBALL.

JAPAN (*V. Plicatum*).—A variety from North China, moderate grower, flowers pure white and more delicate than the old variety. Price, 2 year old plants, 24 to 30 inches high, first size each, 75c; second size, 18 to 20 inches high, each, 50c.

SNOWBALL (*Viburnum Opulis Sterilis*).—Very beautiful and popular; flowers snowy white, borne in large balls in early summer. First size, 36 to 40 inches, each, \$1.00; second size, 24 to 30 inches high, each, 50c; third size, 18 to 20 inches high, each, 25c.

WEIGELIA.

Beautiful shrubs that bloom in June and July. The flowers are produced in so great a profusion as to almost entirely hide the foliage.

They are very desirable for border or grouping, also specimen plants for lawn.

ROSEA.—Rose colored flowers, which clothe every part of the plant. Price, each, 2 to 3 feet, 35c; second size, 12 to 18 inches, each, 20c.

BERBERIS THUNBERGII.

An ideal shrub for small or medium size grounds. Very useful for groups, borders or hedges. Usually grows about 3½ feet high. Its branches curve gracefully and its buds, leaves, red berries, and even color of bark change so with the seasons of the year that every month its new dress gives delight to the eye. Slender branches; fine leaves. Plants four years old, each, 50c; per dozen, \$4.00.

STRAWBERRIES==Choice New and Productive Varieties.

Strawberry Glen Mary.

Pot-grown plants, 60c per dozen, \$3.00 per 100. These plants cannot be sent by mail
 Layer Plants, 25c for 10, \$1.50 per 100, \$8.00 per 1,000.

Auroma The largest strawberry that we have ever fruited, enormously productive, berries very large, bright red, exquisite quality, ripens late.

Bubach No. 5—P. Fruit large and handsome, roundish, conical, bright scarlet, moderate firm, desirable for home use, season early to medium.

Corsican—Conspicuous for its size, shape, color and quality, color crimson, flesh moderately firm, and quality extra good.

Clyde—Large, roundish, conical form, color, bright scarlet; fair quality, season medium; vigorous grower and productive.

Excelsior—One of the very best of its class, very productive, and yielding berries which are large, firm, high colored and of fair quality.

Glen Mary—An extraordinary large size, color a dark glossy crimson, fairly firm and of excellent quality.

Kansas—A valuable new late strawberry, an exceedingly robust grower. The fruit is wonderfully large, very dark colored, and exceedingly firm.

Marshall—Unsurpassed for table use and noted everywhere for its fine quality.

Monitor—The berries are all of large size. The fruit is of a bright, shiny red, uniformly large, firm and attractive, of excellent flavor; early.

New York—This is the best and largest new variety. It is a robust grower, berries measuring over 7 inches in circumference, color a crimson scarlet, dark; the flavor is deliciously rich and melting.

Senator Dunlap—The best berry for the family table or home market. Quality unsurpassed the size will average large; berries nearly round, bright crimson.

Sample—P. One of the very best berries, and seems to succeed nearly everywhere, producing in profusion large dark colored berries of uniform size.

Wm. Belt—A well-tested variety, that is giving remarkable satisfaction, as a large, handsome productive berry for market or home use. Berries extra large.

CURRENTS.

PAMONA—This variety has the record of being the most profitable currant grown. It is a vigorous grower, free from disease and exceedingly productive, color of fruit is a clear transparent red, and in flavor much sweeter than the common varieties. Price, 20c each; \$2.00 per dozen.

FAY'S PROLIFIC—The leading red variety and one that bears very early, fruit large and of a bright red color, good flavor.

CHERRY—A popular market sort, with very large berries often measuring one inch in diameter, under good cultivation. Bunches are short. A very vigorous grower.

WHITE GRAPE—The largest white currant with a sweet mild acid flavor; excellent for table use.

BLACK VICTORIA—The largest black currant in cultivation, of recent introduction from England. Price, 15c each; \$1.50 per dozen.

Good Strong Plants, Two-Year-Old Stock
 10c each; \$1.00 per Doz., except when noted.

GOOSE-BERRIES.

If ordered to be sent by mail add
 10c to dozen price.

DOWNING—A large, pale green variety; splendid for table use or cooking; a vigorous grower, one of the best for family use. Each, 15c; \$1.50 per dozen.

HOUGHTON—One of the best sorts, always reliable, color pale red; sweet, tender, very good, enormously productive. 15c each; \$1.50 per dozen.

SMITH'S IMPROVED—Large, pale greenish yellow, thin skin, of excellent quality, being unsurpassed by any other variety for table use; moderately vigorous grower and excessively productive. 15c each; \$1.50 per dozen.

Strawberry Plants,
Pot Grown.Gooseberry.
Smith's Improved.

We shall be pleased to quote prices to anyone desiring different sizes or stock in larger quantities than offered herein. In sending list state definitely the number of each variety and size wanted.

RED RASPBERRIES.

10c each; 12 for \$1.00.

If ordered to be sent by mail, add 10c per dozen for postage.

COLUMBIAN—New; deep, purplish red; sweet and highly flavored; extra strong canes; wonderfully productive; berry large.

CARDINAL—New; the berries are large, dark red, firm, with an agreeable, pure, rich flavor.

CUTHBERT—One of the best, most profitable berries for general planting; upright, very hardy, prolific; fruit brilliant red, juicy, excellent quality.

THE KING—The great extra early red berry. Fruit large, bright red, good quality.

HAYMAKER—New—Largest size purple. Perfectly hardy. Best canner. Beautiful purple fruit of largest size, which does not crumble in handling or shipping.

BLACK RASPBERRIES.

10c each; \$1.00 per dozen.

If ordered to be sent by mail, add 10c per dozen for postage.

CUMBERLAND—The business black cap. Fruit very large, wonderfully productive and absolutely hardy; early.

GREGG—Reliable; hardy; the very largest and most productive black cap.

MUNGER (Black Cap)—Single specimens measure one inch in diameter. Brings highest market price. Resembles Gregg, better flavored, excels in size.

KANSAS—A remarkably, good second early; black cap.

BLACKBERRIES.

Price 10c each; \$1.00 per dozen.

Should be planted in rows 4 feet apart.

ELDORADO—New, very hardy, no core. Very sweet, with the flavor of the wild berry. Prolific and of good size.

RATHBUN—Strong grower, hardy, having endured twenty degrees below zero and producing a good crop. Forms a neat, compact bush, producing its immense fruit abundantly.

EARLY HARVEST—The best early. Fruit black, productive.

MESEREAU (New)—Immense size, extremely hardy and productive. Unites size of Wilson with hardness of Snider. Mammoth sized fruit of sparkling black, which it retains long after picking; sweet, rich, melting.

HARDY GRAPE VINES.

BEST VARIETIES FOR FAMILY USE.

The grape vine is of the easiest culture, succeeds almost everywhere. Everyone should have them in abundance.

AGAWAN—Roger's No. 15. Old, reliable, large, red, one of the very best, ripens early.

BRIGHTON—A fine, dark red sort; very early; large, compact bunches; berries medium to large, very sweet, of high flavor.

CAMPBELL'S EARLY—strong grower; large healthy foliage; productive, good keeper and shipper; ripens with Moore's Early; bunch and berry large; glossy black.

EMPIRE STATE—White; bunch medium, long, compact; berries medium; quality best; ripens early.

MOORE'S EARLY—Two weeks earlier than the Concord, which it resembles, as to color, etc.

MOORE'S DIAMOND—One of the very best. Fruit white, changing to yellow tinge when ripe; very juicy.

MARTHA—One of the best greenish, white grapes. A good grower and of easy culture.

WYOMING RED—A red grape resembling the Delaware in color and flavor, but much larger.

WILDER—The finest of all the black grapes. Good grower, very productive, berries, medium in size, bunches large.

CONCORD—Universally popular, succeeds everywhere, purplish black. Very productive.

DELAWARE—Bunch small compact, light red, very sweet and of delicious flavor.

NIAGARA—Hardy, strong and vigorous grower. Berries are greenish white, semi-transparent, slightly ambered in the sun. Skin thin and tough, very sweet.

WORDEN—Black handsome compact bunch. Ripens earlier than the Concord.

STRONG, 2 Year Old Plants—Price, 20c each; \$2.00 per doz.

APRICOTS.

Price, 30c each.

ROYAL—Large yellow, with an orange cheek, rich and delicious. A very fine variety. August.

CHERRIES.

4 to 6 feet, 40c each; \$4.00 per dozen.

DYE HOUSE—Very early and sure bearer. Ripens in June.

EARLY RICHMOND—Medium, dark red, juicy, rich. June.

GOV. WOOD—Light red, juicy, rich, delicious. Healthy grower, very productive. June.

MONTMORENCY ORDINAIRE—Large red, acid and exceedingly productive. (see cut.)

Grape—Concord.

QUINCE.

4 feet. 40c each.

ORANGE OR APPLE—Fruit large, round, with a short neck, of a bright golden yellow color. Tree has rather slender shoots and oval leaves, very productive. This is the variety most extensively cultivated for the fruit. Ripens in October.

CRAB APPLES.

5 to 7 feet. 40c each; \$4.00 per dozen.

TRANSCENDENT—Tree immensely productive, after second year and producing good crops, by the fourth year. Fruit from 1½ to 2 inches in diameter. By many considered a good eating apple, skin yellow, striped with red, one of the most popular. September and October.

Cherry—Montmorency Ordinaire.

SPECIAL PRICES ON ANY OF THE ABOVE IN LARGER QUANTITIES ON APPLICATION.

FRUIT TREES.

APPLES. SELECTED.

SUMMER VARIETIES.

EARLY HARVEST—Medium, pale yellow, tender.

YELLOW TRANSPARENT—The earliest and best, skin clear white, changing to pale yellow when fully ripe; flesh white, tender.

AUTUMN VARIETIES.

MISSOURI PIPPIN—Large, oblong, bright red.

WEALTHY—An apple of fine appearance and quality; an early and profuse bearer.

WINTER VARIETIES.

BEN DAVIS—Fruit medium to large, flesh white; an excellent variety.

GANO—This apple was introduced to the public in 1886. Tree very hardy; it bears very young. Fruit bright red on yellow ground, no stripes.

GRIMES' GOLDEN—Medium to large; rich golden yellow; flesh tender.

WESTERN BEAUTY—Tree thrifty and very productive; fruit medium and of a waxy yellow color, shaded with fine crimson. November.

Price. Select Trees, 5 to 7 feet, 35c each; \$3.50 per dozen.

PEACHES.

ELBERTA—Large; light yellow with red cheek; flesh yellow, juicy, melting, of high quality.

HEATH CLING (Late Heath)—Large white, with blush cheek.

TRIUMPH—The earliest yellow peach known. Productive, hardy and profitable for market. Free.

FOSTER—Same season as Crawford's Early, but much more productive; yellow with red cheek.

STUMP THE WORLD—Large white, with red cheek. Flesh white.

CRAWFORD'S EARLY—Very large, yellow, rich, sweet, luscious.

CRAWFORD'S LATE—Very hardy, large, yellow, rich, sweet, free.

SNEED—The earliest peach known. Has proven very profitable on account of its earliness.

Price, trees 5 to 6 ft., 30c each; \$3.00 per dozen.

PEARS.

BARTLETT—Large; skin lemon-yellow, with soft blush on sunny side.

FLEMISH BEAUTY—Large; pale yellow, marbled with light russet; very juicy.

KEIFFER—Large; skin golden yellow, sprinkled with small dots and often tinted red on sunny side.

SECKEL—Small; skin rich yellowish brown; flesh very fine-grained sweet, juicy; quality the best.

Trees 5 to 7 feet, 40c each; \$4.00 per dozen

PRIVET HEDGE.

HARDY SHRUBS FOR PLANTING HEDGES.

BARBERRY THUMBERGIA—A very pretty hedge shrub with small foliage, changing to a coppery red in the autumn. 20c each; \$2.00 per dozen; \$12.00 per 100.

CALIFORNIA PRIVET—Makes one of the most handsome hedges imaginable. Wherever a close, compact hedge is desired we recommend California Privet. Should be planted 8 or 10 inches apart to give best results. It is very hardy, easily and quickly pruned, and will grow almost anywhere. Fine for division hedges between city yards 10 to 15 inches high, 10 cents each; 75 cents per dozen; \$5.00 per hundred; 18 to 24 inches high, 15 cents each; \$1.00 per dozen; \$7.00 per hundred.
